ASSIGNMENT OF TRADEMARKS

This ASSIGNMENT OF TRADEMARKS (this "*Agreement*") is entered into as of September 2, 2009 by and among Jeffrey L. Burch as the duly appointed Chapter 7 trustee of the Chapter 7 estates of each of Eclipse Aviation Corporation and Eclipse IRB Support, LLC, and not in his personal capacity ("*Assignor*") and Eclipse Aerospace, Inc., a Delaware corporation ("*Assignee*").

WHEREAS, Assignee and Assignor are parties to a certain Asset Purchase Agreement (the "*APA*") dated as of July 30, 2009. Capitalized terms used and not otherwise defined herein shall have the meaning assigned to them in the APA unless the context otherwise requires.

WHEREAS, pursuant to the terms of the APA, Assignor has agreed to convey, assign and transfer, and Assignee has agreed to acquire certain of the Assignor's trademarks and service marks pursuant to the APA.

NOW THEREFORE, in consideration of the foregoing, and for other good and valuable consideration as set forth in the APA, the receipt of which is hereby acknowledged by the Assignor and Assignee, Assignor and Assignee agree as follows:

1. Transfer of Assigned Marks. Assignor hereby conveys, transfers and assigns all of its rights, title and interest whatsoever throughout the world in and to all trademarks, service marks, trade and business names (including all assumed or fictitious names under which the Business is conducted), brand names, trade dress, designs, logos, packaging design, slogans, Internet domain names and other commercial symbols in any and all forms, whether registered or unregistered, all registrations and pending applications to register any of the foregoing (including intent to use applications), throughout the world, including, but not limited to the registered trademarks and service marks as set forth in Exhibit A and their common law equivalents (collectively, the "*Assigned Marks*"), together with all applications to register the Assigned Marks, and all registrations of the Assigned Marks, and the goodwill of all business connected with the use of and symbolized by the Assigned Marks, to Assignee in perpetuity (or for the longest period of time otherwise permitted by law). Included with such transfer and assignment is the right to sue for and obtain damages or other available remedies for all past, present and future infringements of the Assigned Marks. Assignor further transfers and assigns the right to file for and obtain registrations of the Assigned Marks anywhere in the world. Assignee shall have control over the Assigned Marks, including control over the nature and quality of the goods or services on or in connection with which the mark is used.

Assignor covenants not to use or display the Assigned Marks anywhere in the world except by authorization of Assignee, and further covenants not to contest or challenge the validity of the Assigned Marks, any applicable registrations thereof for the goods and services covered by the assigned applications and registrations, any applicable registrations thereof for any other goods and services for which the Assigned Marks are presently used or the ownership of the Assigned Marks by Assignee. Assignor further covenants not to use, adopt or register a mark as a trademark or trade name or any word, mark, name or symbol or combination thereof which will be confusingly similar to the Assigned Marks.

2. Further Assurances. Assignor shall execute and deliver, from time to time after the date hereof upon the request of Assignee, such further conveyance instruments, and take such further actions, as may be necessary or desirable to evidence more fully the transfer of ownership of the Assigned Marks to Assignee.

3. Relationship to APA. To the extent that any conflict exists between any of the terms of this Agreement and the APA, the terms of the APA will prevail.

4. Miscellaneous. This Agreement and the legal relations between the parties hereto shall be governed by and construed and enforced in accordance with the laws of the State of New York applicable to contracts made and performed therein. This Agreement may be executed in counterparts, including facsimile or Portable Document Format counterparts, each of which shall be deemed an original but both of which, taken together, shall continue one and the same instrument.
