**PATENT AND TRADEMARK SECURITY AGREEMENT** dated as of November 25, 2009 (this "Agreement"), among The Dress Barn, Inc., a Connecticut corporation (the "Company"), the other Persons listed on the signature pages hereof (each a "Grantor", and collectively, the "Grantors"), and JPMORGAN CHASE BANK, N.A. ("JPMCB"), as Administrative Agent.

Reference is made to (a) the Credit Agreement dated as of November 25, 2009 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), among the Company, the Borrowing Subsidiaries party thereto (together with the Company, the "Borrowers"), the other Loan Parties party thereto, the Lenders from time to time party thereto and JPMCB, as Administrative Agent, and (b) the Pledge and Security Agreement dated as of November 25, 2009 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Borrowers, the other Loan Parties party thereto and JPMCB, as Administrative Agent, for the benefit of the Lender Parties (collectively, the "Secured Parties"). The Lenders have agreed to extend credit to the Borrowers on the terms and subject to the conditions set forth in the Credit Agreement. The obligations of the Lenders to extend such credit are conditioned on, among other things, the execution and delivery of this Agreement. The Grantors are affiliates of the Company, will derive substantial benefits from the extension of credit to the Borrowers pursuant to the Credit Agreement and are willing to execute and deliver this Agreement in order to induce the Lenders to extend such credit. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement. The rules of construction specified in Section 1.03 of the Credit Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor, pursuant to the Security Agreement, did and hereby does assign and pledge to the Administrative Agent, its successors and assigns, for the benefit of the Secured Parties, and did and hereby does grant to the Administrative Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title and interest in, to or under any and all of the following assets now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Patent and Trademark Collateral"):

(a) all letters patent of the United States or the equivalent thereof in any other country, all registrations and recordings thereof, and all applications for letters patent of the United States or the equivalent thereof in any other country, including registrations, recordings and pending applications in the United States Patent and Trademark Office or any similar offices in any other country, (collectively, "Patents") including those listed on Schedule I;

(b) all reissues, continuations, divisions, continuations-in-part, renewals or extensions of Patents, and the inventions disclosed or claimed in Patents, including the right to make, use and/or sell the inventions disclosed or claimed therein;

(c) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States or any other country or any political subdivision thereof, and all extensions or renewals thereof (collectively, "Trademarks"), including those listed on Schedule II;

(d) all goodwill associated with or symbolized by Trademarks; and

(e) all other assets, rights and interests that uniquely reflect or embody goodwill associated with or symbolized by Trademarks.

SECTION 3. Security Agreement. The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Patent and Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern. This Agreement shall terminate in accordance with the Security Agreement.

SECTION 4. Governing Law. This Agreement shall be construed in accordance with and governed by the law of the State of New York.

IN WITNESS WHEREOF, the parties hereto have duly executed this Patent and Trademark Security Agreement as of the day and year first above written.
