WHEREAS, pursuant to the Security Agreement, the Grantors are required to execute and deliver this Agreement.

NOW, THEREFORE, in consideration of the premises and the agreements, provisions and covenants herein contained, each Grantor agrees as follows:

Section 1. Defined Terms

Unless otherwise defined herein, capitalized terms defined in the Security Agreement and used herein have the meaning given to them in the Security Agreement.

Section 2. Grant of Security Interest in Trademarks

Each Grantor hereby grants, mortgages, pledges and hypothecates to Agent a continuing security interest in and Lien upon the following, whether now owned or hereafter acquired, and wherever located (collectively, the "Trademark Collateral"):

(i) all United States, State and foreign trademarks, service marks, certification marks, collective marks, trade names, corporate names, d/b/as, business names, fictitious business names, Internet domain names, trade styles, logos, other source or business identifiers, designs and general intangibles of a like nature, rights of publicity and privacy pertaining to the names, likeness, signature and biographical data of natural persons, and, with respect to any and all of the foregoing: (i) all registrations and applications therefor including, but not limited to, the registrations and applications referred to in Schedule I hereto (as such schedule may be amended or supplemented from time to time), (ii) the goodwill of the business symbolized thereby, (iii) all rights corresponding thereto throughout the world, (iv) all rights to sue for past, present and future infringement or dilution thereof or for any injury to goodwill, (v) all licenses, claims, damages, and proceeds of suit arising therefrom, and (vi) all payments and rights to payments arising out of the sale, lease, license assignment or other disposition thereof;

Section 1127, is submitted to, and accepted by, the United States Patent and Trademark Office pursuant to 15 U.S.C. § 1051 Section 1(c) or 1(d), following which filing all such applications shall automatically become Trademark Collateral.

The security interests granted pursuant to this Agreement are granted in conjunction with the security interests granted to the Agent pursuant to the Security Agreement and each Grantor hereby acknowledges and affirms that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral made and granted hereby are supplemental of, and more fully set forth in, the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event of any irreconcilable conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall control.
