INTELLECTUAL PROPERTY SECURITY AGREEMENT

INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of October 5, 2010, is entered into by and between CONN-SELMER, INC., a Delaware corporation ("Conn-Selmer"), STEINWAY, INC., a Delaware corporation ("Steinway" and together with Conn-Selmer, collectively, "Grantors"), and BANK OF AMERICA, N.A., a national banking association, as administrative agent (in such capacity, the "Administrative Agent") for the lenders (the "Lenders") parties to the Loan Agreement referred to below.

Statement of Facts

A. Pursuant to the Loan and Security Agreement, dated as of the date hereof, by and among the Grantors, the Lenders and the Administrative Agent (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Loan Agreement"), the Lenders have agreed to make Loans and other financial accommodations to the Grantors on the terms set forth therein.

B. In order to induce the Lenders to provide the Loans and other extensions and advances of credit to the Grantors upon the terms and subject to the conditions contained in the Loan Agreement, the Grantors have agreed, upon the terms contained in the Loan Agreement, to grant to the Administrative Agent, for the ratable benefit of the Lenders and the other Secured Parties, a continuing security interest in and Lien upon all Intellectual Property of the Grantors in order to secure all of the Obligations.

C. Upon the terms contained in the Credit Agreement, the Grantors have agreed to execute and deliver to the Administrative Agent this Intellectual Property Security Agreement, which is supplemental to the Credit Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantors hereby absolutely, unconditionally and irrevocably agree with the Administrative Agent, for the ratable benefit of the Lenders and the other Secured Parties, as follows:

1. **Definitions.** All capitalized terms used (including in the Preamble and the Statement of Facts) but not otherwise defined herein shall have the meanings given to them in the Loan Agreement, and the following terms shall have (unless otherwise provided elsewhere in this Intellectual Property Security Agreement) the following respective meanings (such meanings being equally applicable to both the singular and plural forms of the terms defined):

(a) "**Copyrights**" shall mean any United States or foreign copyrights or copyrightable works (whether or not registered, statutory or common law) to which a Grantor now or from time to time hereafter has title, including all reissues, renewals or extensions thereof, as well as any registrations of any copyrights or applications for copyright registrations now or from time to time hereafter made by a Grantor with the United States Copyright Office or any similar office or agency in foreign jurisdictions, and all rights provided by international treaties or conventions with respect to any of the foregoing.

(b) **“Imprints”** shall mean the imprints, series, colophons and brands owned by or licensed to a Grantor.

(c) **“Intellectual Property”** shall mean all of the rights, title and interests of a Grantor in, to and under all of the following, whether presently existing or at any time or from time to time hereafter created, arising or acquired:

(v) all Trade Secret Rights, all Works, Imprints, Manuscripts, URLs and all other Intellectual Property; and

(vi) all income, products and proceeds of each of the foregoing, including, without limitation, all claims by such Grantor against third parties for past, present or future (A) infringement or dilution of any Mark, including any trademark or trademark licensed under any trademark license, (B) injury to any goodwill associated with any Mark, including any trademark or any trademark licensed under any trademark license, (C) infringement of any Patent or any Patent licensed under any Patent license, (D) injury to any goodwill associated with any Patent or any Patent licensed under any Patent license, (E) infringement of any Copyright or any Copyright licensed under any Copyright license, (F) injury to any goodwill associated with any Copyright or any Copyright licensed under any Copyright license, or (G) violation of any Trade Secret Rights or any other Intellectual Property.

(e) **“Manuscripts”** means manuscripts or manuscripts in progress created or to be created in connection with the Works, including all computer files, notes, plates, film, negatives, bluelines, art boards, laser generated proofs, treatment and illustrations.

(f) **“Marks”** shall mean any trademarks and service marks now held or hereafter acquired by a Grantor which are registered in the United States Patent and Trademark Office, or in any other similar office or agency of the United States or any state thereof or any

political subdivision thereof, or in any similar office or agency in foreign jurisdictions, and any application for such trademarks and service marks, as well as any unregistered marks used by a Grantor and trade dress, including logos, proprietary icons, designs, trade names, trade styles, company names, corporate names, business names, URLs, fictitious business names and other business or source identifiers in connection with which any of such registered or unregistered marks are used, and including all common law rights therein, and registrations and applications for registration therefor, all rights provided by international treaties or conventions with respect to the foregoing, and all renewals of any of the foregoing, and all goodwill associated therewith.

(g) **“Obligations”** shall mean: all (a) principal of and premium, if any, on the Loans, (b) LC Obligations and other obligations of Obligors with respect to Letters of Credit, (c) interest, expenses, fees and other sums payable by Obligors under Loan Documents, (d) obligations of Obligors under any indemnity for Claims, (e) Extraordinary Expenses, (f) Bank Product Debt, and (g) other Debts, obligations and liabilities of any kind owing by Obligors pursuant to the Loan Documents, whether now existing or hereafter arising, whether evidenced by a note or other writing, whether allowed in any Insolvency Proceeding, whether arising from an extension of credit, issuance of a letter of credit, acceptance, loan, guaranty, indemnification or otherwise, and whether direct or indirect, absolute or contingent, due or to become due, primary or secondary, or joint or several.

(l) **“Works”** shall mean all of the works and other related products published pursuant to a contract or otherwise, including original and revised editions, and any and all existing works and works in progress, and regardless of whether such works are stored or published in print, electronic (including online) software or other media.

All other terms contained in this Intellectual Property Security Agreement shall, unless the context shall indicate otherwise, have the meanings provided for by the UCC, to the extent that such other terms are used or defined therein. References to the Loan Agreement include any amendment, amendment and restatement, modification, supplement, restatement, replacement or

refinancing (in whole or in part) thereof, addition or elimination of any credit facilities thereunder, extension of any term, addition or deletion of any party thereto, or otherwise.

2. **Grant of Security Interests.** To secure the prompt and complete payment and performance of all and each of the Obligations under the Loan Agreement and the other Loan Documents, as and when the same shall become due and payable, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including the payment of amounts that would become due and payable but for the operation of the automatic stay under the Bankruptcy Code), each Grantor hereby grants to the Administrative Agent, for the ratable benefit of the Lenders and the other Secured Parties, a continuing security interest in and Lien upon all of the rights, title and interests of such Grantor to, in and under all of its Intellectual Property (other than (a) any contract, license, agreement, instrument, document, permit or franchise related to such Intellectual Property that validly prohibits, restricts or requires the consent not obtained of a third party for the creation by such Grantor of a security interest in such contract, license, agreement, instrument, document, permit or franchise (or in any rights or property obtained by such Grantor under such contract, license, agreement, instrument, document, permit or franchise) except to the extent such prohibition, restriction or consent requirement would be rendered ineffective with respect to the creation of the security interest hereunder pursuant to Sections 9-406, 9-407, 9-408 and 9-409 of the UCC; provided that, at such time as the condition causing such limitation shall be remedied, whether by contract, change of law or otherwise, such contract, license, lease, agreement, instrument, document, permit or franchise shall immediately be included in the collateral, and any security interest that would otherwise be granted herein shall attach immediately to such contract, license, lease, agreement, instrument, document, permit or franchise, or to the extent severable, to any portion thereof that does not result in such limitation, and (b) any "intent-to-use" application for registration of a Mark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a "Statement of Use" pursuant to Section 1(d) of the Lanham Act or of an "Amendment to Allege Use" pursuant to Section 1(c) of the Lanham Act with respect thereto, solely to the extent, if any, that and solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law; provided that, notwithstanding anything to the contrary set forth in clauses (a) and (b) above, the Administrative Agent, for the ratable benefit of the Lenders and the other Secured Parties, shall have a continuing security interest in and Lien upon all of the rights, title and interests of such Grantor to and in any proceeds (and the right to receive proceeds, including from the sale, assignment or transfer of any such assets), substitutions or replacements of any such assets described in foregoing clauses (a) and (b) (unless such proceeds, substitutions or replacements would constitute assets specifically covered by the foregoing clauses (a) and (b)).

3. **Representations and Warranties.** Each Grantor represents and warrants to the Administrative Agent that, as of the Closing Date, the Grantor does not have any ownership interest in, or title to, any registered Mark, Mark application, Patent, Patent application, registered Copyright or Copyright application, except as set forth in Schedule I, Schedule II and Schedule III hereto. This Intellectual Property Security Agreement is effective to create valid and continuing security interests in and Liens upon, and, upon the recording hereof with the United States Patent and Trademark Office and the United States Copyright Office, and any similar office or agency in foreign jurisdictions, and the filing of appropriate financing

statements in the State of organization of each Grantor, perfected Liens in favor of the Administrative Agent on, such Grantor's Marks, Patents, and Copyrights, to the extent such perfection can be achieved by making such filings; and such perfected security interests and Liens shall be enforceable as such as against any and all creditors of or purchasers from such Grantor.

4. **Loan Agreement.** The security interests and Liens granted by the Grantors to the Administrative Agent pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests and Liens granted by the Grantors to the Administrative Agent pursuant to the Loan Agreement. The Grantors and the Administrative Agent expressly agree that each of the security interests and Liens granted under this Intellectual Property Security Agreement and the Loan Agreement in the Intellectual Property are intended to be treated as a single security interest for purposes of Article 9 of the UCC and other applicable law. The exercise by the Administrative Agent of any rights or remedies with respect to any of the Intellectual Property shall be deemed to be an exercise of such rights or remedies in connection with both this Intellectual Property Security Agreement and also the Loan Agreement. In the event of any inconsistency between the terms and conditions of this Intellectual Property Security Agreement and the Loan Agreement, then the terms and conditions of the Loan Agreement shall prevail.

5. **Reinstatement.** This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective in the event that any petition shall be filed by or against any Grantor for liquidation or reorganization, should any Grantor become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of any Grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations under the Loan Agreement, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations under the Loan Agreement shall be reinstated and shall be deemed reduced only by such amount paid in cash and not so rescinded, reduced, restored or returned.

6. **Notices.** Except as otherwise provided herein, whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties hereto by any other party hereto, or whenever any of the parties hereto desires to give and serve upon any other party hereto any communication with respect to this Intellectual Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be given in the manner, and deemed received, as provided for in the notice provisions of the Loan Agreement.

7. **Termination; Release.**

(a) Subject always to Section 5 hereof, this Intellectual Property Security Agreement shall terminate upon payment in full of the Obligations and termination of the

Commitments. Upon payment in full of the Obligations and termination of the Commitments, the Administrative Agent shall, at the sole cost and expense of the Grantors, promptly execute and deliver to the Grantors such documents as the Grantors shall reasonably request to evidence the termination of the Liens created hereby.

(b) In the event that any part of the Collateral is sold in connection with a sale permitted by the Loan Agreement or otherwise released at the direction of the Administrative Agent (or the Lenders, if required) or in accordance with the terms of the Loan Agreement, and the proceeds of such sale or sales or from such release are applied in accordance with the terms of the Loan Agreement, to the extent required to be so applied, such Collateral will be sold free and clear of the Liens created by this Intellectual Property Security Agreement, and the Administrative Agent, at the request and expense of the Grantors, will execute and deliver to the Grantors a proper instrument or instruments (including Uniform Commercial Code termination statements and Lien releases recordable with the U.S. Patent and Trademark Office or the U.S. Copyright Office, as applicable) and will duly assign, transfer and deliver to the Grantors (without recourse, and without any representation or warranty) such of the Collateral covered by this Intellectual Property Security Agreement as is then being (or has been) so sold or released and as may be in the possession of the Administrative Agent and has not theretofore been released pursuant to this Intellectual Property Security Agreement.

8. **Choice of Law And Venue; Jury Trial Waiver.** THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE COMMONWEALTH OF MASSACHUSETTS. EACH OF THE ADMINISTRATIVE AGENT AND THE GRANTORS ACKNOWLEDGES THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. EACH OF THEM, AFTER CONSULTING OR HAVING HAD THE OPPORTUNITY TO CONSULT WITH COUNSEL OF THEIR CHOICE, KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ANY RIGHT ANY OF THEM MAY HAVE TO A TRIAL BY JURY IN ANY LITIGATION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY RELATED INSTRUMENT OR LOAN DOCUMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT OR ANY OF THE OTHER LOAN DOCUMENTS OR ANY COURSE OF CONDUCT, DEALING, STATEMENTS (WHETHER ORAL OR WRITTEN), OR ACTION OF ANY OF THEM. EACH OF THE PARTIES HERETO HEREBY AGREES TO BE BOUND BY THE PROVISIONS SET FORTH IN SECTION 14.15 OR SECTION 14.16 OF THE LOAN AGREEMENT, WHICH PROVISIONS ARE HEREBY INCORPORATED HEREIN BY REFERENCE WITH THE SAME FULL FORCE AND EFFECT AS IF SET FORTH HEREIN IN FULL.

9. **Expenses.** In the event that any Grantor shall fail to comply with the provisions of this Intellectual Property Security Agreement or any other Loan Document, such that the value of any Intellectual Property or the validity, perfection, rank or value of any Liens created hereunder is thereby materially diminished or potentially materially diminished or put at risk, the Administrative Agent may, but shall not be required to, effect such compliance on behalf of such Grantor, and the Grantors shall reimburse the Administrative Agent for all of the reasonable costs and expenses thereof on demand by the Administrative Agent.

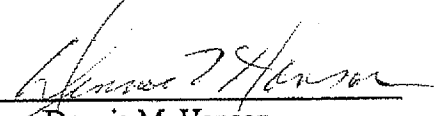

10. **Delivery by Facsimile or Email.** Delivery of the signature pages to this Intellectual Property Security Agreement by facsimile, an encrypted email or email file attachment shall be as effective as delivery of manually executed counterparts of this Intellectual Property Security Agreement.
