## INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (this "Agreement"), is made as of December 10, 2010, by Hood Companies, Inc. ("Hood"), Atlas Roofing Corporation ("Atlas"), Hood Packaging Corporation ("Hood Packaging"), Hood Industries, Inc. ("Hood Industries"), Hood Flexible Packaging Corporation ("Hood Flexible"), Charleston Acquisition Corporation ("CAC"), each a Mississippi corporation and Charleston Hood Investment Partnership ("CHIP"), a Mississippi partnership and Charleston Packaging Company, Inc. ("CPC"), a Delaware corporation (collectively, the "Grantors"), for the benefit of Bank of America, N.A., as administrative agent (in such capacity, "Agent") for itself and for the benefit of the other Lenders (defined below).

WITNESSETH:

WHEREAS, Hood, Atlas, Hood Packaging, Hood Industries and Hood Flexible, as borrowers, each lender from time to time party thereto (collectively the "Lenders"), and Agent have entered into that certain Second Amended and Restated Loan and Security Agreement of even date herewith (as from time to time amended, restated, supplemented or otherwise modified, the "Loan Agreement", all capitalized terms used herein but not otherwise defined herein shall be used as defined in the Loan Agreement); and

WHEREAS, it is a condition precedent to the Loan Agreement that CAC, CHIP, and CPC (the "Guarantors") shall have executed and delivered that certain Security Agreement dated of even date herewith, made by the Guarantors to the Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement").

WHEREAS, under the terms of the Loan Agreement and the Security Agreement, the Grantors have granted to the Agent, for the ratable benefit of the Lenders, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this Agreement for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Agent for the ratable benefit of the Lenders a security interest in all of such Grantor's right, title and interest in and to the following (the "Collateral"):

- a) the patents and patent applications set forth in Schedule A hereto (the "Patents");
- b) the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and

solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby (the "Trademarks");

- c) all copyrights, whether registered or unregistered, now owned or hereafter acquired by such Grantor, including, without limitation, the copyright registrations and applications and exclusive copyright licenses set forth in Schedule C hereto (the "Copyrights");
- d) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;
- e) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
- f) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.

SECTION 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this Agreement secures the payment of all Obligations of such Grantor now or hereafter existing under or in respect of the Loan Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations and that would be owed by such Grantor to any Lender under the Loan Documents but for the fact that such Secured Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this Agreement.

SECTION 4. Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This Agreement has been entered into in conjunction with the provisions of the Loan Agreement and the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Agent with respect to the Collateral are more fully set forth in the Loan Agreement and the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Texas.
