TRADEMARK ASSIGNMENT

This **TRADEMARK ASSIGNMENT** (this "Assignment") is executed and delivered as of the 16 day of March, 2011, by Energizer Holdings, Inc., a Missouri corporation located at 533 Maryville University Drive, St. Louis, Missouri 63141, United States of America ("Assignor") in favor of Eveready Battery Company, Inc., a Delaware corporation located at SWS Legal Trademarks, 533 Mayville University Drive, St. Louis, Missouri 63141, United States of America ("Assignee"). Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Purchase Agreement (as hereinafter defined).

WHEREAS, Assignor has agreed to assign to Assignee its interest in, and to execute this Assignment to enable Assignee to record the assignment of, the trademarks and trademark applications, and all divisions, renewals, and extensions of the trademarks and trademark applications, in each case listed on Exhibit A hereto (the "Marks");

NOW, THEREFORE, in consideration of mutual covenants and agreements set forth below and for other good and valuable consideration, the receipt and adequacy of which are acknowledged, the parties hereby agree as follows:

1. **Trademark Assignment.** Assignor hereby irrevocably and unconditionally grants, conveys, transfers, and assigns to Assignee (a) all of Assignor's right, title and interest in and to the Marks together with the goodwill of the business symbolized by and associated with the Marks, including all common law rights, trademark registration for the Marks, renewals thereof, and any and all trademark and/or service mark rights related thereto and all other rights associated with the portion of the ongoing and existing business to which the Marks pertain, same to be held by Assignee for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made; and (b) all rights to income, royalties, and license fees deriving from the Marks, all causes of actions, claims, and rights to damages or profits, arising by reason of past, present and future infringements of the Marks or injury to the goodwill associated with the Marks and the right to sue for and collect such damages, as permitted under the applicable laws, for the use and benefit of Assignee and its successors, assigns and other legal representatives.

2. **Issuance of Future Trademarks.** Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States to record Assignee as the owner of the Marks.

3. **Assistance.** This Agreement is valid as between the parties as of the date hereof. Assignor agrees to perform, at Assignee's expense, all acts deemed reasonably necessary or desirable by Assignee to permit and assist Assignee in perfecting and enforcing the full benefits, enjoyment, rights, title and interest throughout the world in all Marks, and the intellectual property rights therein assigned to Assignee hereunder. Such acts may include execution of documents, including any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith reasonably necessary to perfect such benefits, enjoyment, rights, title and interest in Assignee, assistance and cooperation in the registration and enforcement of applicable intellectual property rights or other legal proceedings,

including providing documents and materials in the possession or control of Assignor, testifying in any legal proceedings, signing lawful papers and making all lawful oaths at Assignee's expense, and generally doing everything that is reasonably necessary to aid Assignee in obtaining and enforcing proper protection for applicable intellectual property rights.

4. **Attorney in Fact.** If Assignee or its successor or assignee is unable, for any reason, to obtain a signature of Assignor on a document necessary to perfect the transfer or assignment of the Marks, Assignor hereby irrevocably appoints Assignee as Assignor's agent and attorney-in-fact, which appointment is coupled with an interest, to act for and on behalf of Assignor to execute, verify, and file any documents with the same legal force and effect as if executed by Assignor.

5. **General.**

5.1 Governing Law. This Assignment shall be construed in accordance with, and governed in all respects by, the internal laws of the State of New York (without giving effect to principles of conflicts of laws). Any legal action or other legal proceeding relating to this Assignment or the enforcement of any provision of this Assignment shall be brought or otherwise commenced exclusively in any state or federal court in and for New York County, New York. Each party expressly and irrevocably consents to the jurisdiction of each such court (and each appellate court thereof).

5.2 Waiver; Amendment. Any agreement on the part of a party to any extension or waiver of any provision hereof shall be valid only if set forth in an instrument in writing signed on behalf of such party. A waiver by a party of the performance of any covenant, agreement, obligation, condition, representation or warranty shall not be construed as a waiver of any other covenant, agreement, obligation, condition, representation or warranty. A waiver by any party of the performance of any act shall not constitute a waiver of the performance of any other act or an identical act required to be performed at a later time. This Assignment may not be amended, modified or supplemented except by written agreement of the parties.

5.3 Severability. If any provision of this Assignment is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Assignment will remain in full force and effect. Any provision of this Assignment held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

5.4 Conflicts. To the extent there is a conflict between the terms and provisions of this Assignment and the Purchase Agreement the terms and provisions of the Purchase Agreement will govern.

5.5 Construction. This Assignment was negotiated by the parties with the benefit of legal representation and any rule of construction or interpretation otherwise requiring this Assignment to be construed or interpreted against any party shall not apply to any construction or interpretation hereof.

5.6 Counterparts. This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which when taken together shall constitute one and the same instrument.

[Signature Page Follows]

IN WITNESS WHEREOF, each of the parties hereto has executed this Assignment, or has caused this Assignment to be executed on its behalf by a representative duly authorized, all as of the date first above set forth.
