## TRADEMARK COLLATERAL AGREEMENT

This 2<sup>nd</sup> day of May, 2012, each of the undersigned (collectively, the “Debtors” and each a “Debtor”), in consideration of ten dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, assigns, mortgages and pledges to BMO Harris Bank N.A. and its successors and assigns (“Secured Party”), and grants to Secured Party a continuing security interest in, the following property:

(i) Any trademark, trademark registration, and trademark application owned by such Debtor, and all of the goodwill of the business connected with the use of, and symbolized by, each such trademark, trademark registration, and trademark application; and

(ii) All proceeds of the foregoing, including without limitation any claim by such Debtor against third parties for damages by reason of past, present or future infringement of any trademark, trademark registration, or trademark application or by reason of injury to the goodwill associated with any such trademark, trademark registration, or trademark application, in each case together with the right to sue for and collect said damages;

to secure the payment and performance of all Secured Obligations of Debtors as set out and defined in that certain Security Agreement bearing even date herewith among Debtors and Secured Party, as the same may be amended, modified, or restated from time to time (the “Security Agreement”).

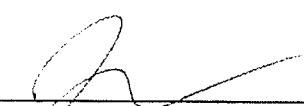

Notwithstanding anything herein to the contrary, this Trademark Collateral Agreement shall not operate as a sale, transfer, conveyance or other assignment to Secured Party of any applications by a Debtor for a trademark based on an intent to use the same if and so long as such application is pending without a Statement of Use having been filed and accepted (such pending applications which are based on intent to use being hereinafter referred to collectively as “Intent-To-Use Applications”), but rather, if and so long as such Debtor’s Intent-To-Use Application is pending without a Statement of Use having been filed and accepted, then this Trademark Collateral Agreement shall operate only to create a security interest for collateral purposes in favor of Secured Party on such Intent-To-Use Application as collateral security for the Obligations. When a Statement of Use is filed and accepted by the Trademark Office, then that application shall cease to be partly exempted from this Agreement.

Each Debtor’s hereby further acknowledges and affirms that the rights and remedies of Secured Party with respect to the assignment, mortgage, pledge and security interest in the trademarks, trademark registrations, and trademark applications made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.
