**CONFIRMATORY GRANT OF SECURITY INTEREST IN TRADEMARKS**

This CONFIRMATORY GRANT OF SECURITY INTEREST IN TRADEMARKS, dated as of September 14, 2012, is made by UNIVERSAL ELECTRONICS INC., a Delaware corporation (the "Grantor"), in favor of U.S. BANK NATIONAL ASSOCIATION, as Secured Party.

**WITNESSETH:**

WHEREAS, pursuant to that certain Security Agreement dated as of September 14, 2012, made and given by the Grantor to the Secured Party (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, replaced, supplemented or otherwise modified from time to time, the "Security Agreement"), Grantor has granted a security interest in its assets to secure its obligations to the Secured Party;

WHEREAS, pursuant to the Security Agreement, the Grantor is required to execute and deliver to the Secured Party, this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor hereby agrees as follows:

1. **DEFINED TERMS.** All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement.
2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL.** The Grantor hereby grants to the Secured Party a continuing first priority security interest in all of the Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "Trademark Collateral"):
  - (a) all of its trademarks and trademark licenses to which it is a party including those referred to on Schedule I hereto;
  - (b) all reissues, continuations or extensions of the foregoing;
  - (c) all goodwill of the business connected with the use of each trademark and each trademark license; and
  - (d) all products and proceeds of the foregoing, including, without limitation, any claim by the Grantor against third parties for past, present or future (i) infringement or dilution of any trademark or trademark licensed under any trademark license or (ii) injury to the goodwill associated with any trademark or any trademark licensed under any trademark license.
3. **EXCLUSION OF INTENT-TO-USE APPLICATION.** Notwithstanding Section 2, this Confirmatory Grant will not relate to or affect Grantor's trademark

applications based on intent-to-use the mark—which are identified and marked with an asterisk in Schedule I—until after such time as a verified amendment to allege use or statement of use is filed and accepted by the U.S. Patent and Trademark Office for such trademark applications and the marks are actually used in commerce.

4. SECURITY AGREEMENT. The security interests granted pursuant to this Trademark Security Agreement are granted in conjunction with the security interests granted to the Secured Party pursuant to the Security Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of Secured Party with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Grantor has caused this Confirmatory Grant of Security Interest in Trademarks to be executed and delivered by its duly authorized officer as of the date first set forth above.

UNIVERSAL ELECTRONICS INC.
