**INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT**

Intellectual Property Assignment Agreement (this "IP Assignment"), dated as of October 31, 2012, between CHIPITA AMERICA, INC., a Florida corporation ("Seller") and B&G FOODS NORTH AMERICA, INC., a Delaware corporation ("Buyer"), the purchaser of certain assets of Seller pursuant to an Asset Purchase Agreement between Buyer and Seller, and, solely for purposes of Articles X and XI thereof, Chipita S.A., a corporation organized under the laws of Greece, dated as of September 19, 2012 (the "Asset Purchase Agreement").

WHEREAS, under the terms of the Asset Purchase Agreement, Seller has agreed to convey, transfer and assign to Buyer, among other assets, certain intellectual property of Seller, and has agreed to execute and deliver this IP Assignment for recording with governmental authorities including, but not limited to, the US Patent and Trademark Office and the US Copyright Office; and

WHEREAS, Burns & Ricker, Inc., a Delaware corporation, has been merged into Seller and all intellectual property owned by Burns & Ricker is also hereby conveyed, transferred and assigned to Buyer under the terms of the Asset Purchase Agreement.

NOW THEREFORE, the parties agree as follows:

1. Assignment. In consideration for the execution of the Asset Purchase Agreement, the payment of the consideration stipulated in the Asset Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby irrevocably conveys, transfers and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title and interest in and to the following (the "Assigned IP"):

(a) the patents and patent applications set forth in Schedule 1 hereto and the inventions claimed therein including all improvements thereon and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, renewals and substitutions thereof and all foreign rights, including the right to make application for said inventions in any and all foreign countries and the right to claim priority as to the filing date under the International Convention for the Protection of Industrial Property, or on any other international agreement, on the basis of said patents and patent applications (the "Patents");

(b) the trademark registrations and applications set forth in Schedule 2 hereto and the trademarks set forth therein, together with the goodwill connected with the use thereof and symbolized thereby and all issuances, extensions and renewals thereof (the "Trademarks"); provided that, with respect to the United States intent-to-use trademark applications set forth in Schedule 2 hereto, the transfer of such applications accompanies,

pursuant to the Asset Purchase Agreement, the transfer of that portion of Seller's business to which the trademark pertains, and that business is ongoing and existing;

(c) the copyright registrations and applications for registration set forth in Schedule 3 hereto and all issuances, extensions and renewals thereof (the "Copyrights");

(d) all rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(e) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing for the period prior to the effective date hereof; and

(f) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Seller authorizes the Commissioner for Patents, the Commissioner for Trademarks and the Register of Copyrights and any other governmental officials to record and register this IP Assignment upon request by Buyer. Seller shall take such steps and actions following the date hereof, including the execution of any documents, files, registrations, or other similar items, required to ensure that the Assigned IP is properly assigned to Buyer.

3. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this IP Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

4. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

5. Governing Law. This IP Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this IP Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of New York, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction).

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, Seller and Buyer have duly executed this IP Assignment as of the date first written above.

CHIPITA AMERICA, INC.
