INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "IP Security Agreement") dated July 5, 2012, is made by the Persons listed on the signature pages hereof (collectively, the "Grantors") in favor of THE BANK OF NEW YORK MELLON, as Collateral Agent (the "Collateral Agent") for the Secured Parties. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Indenture, the Intellectual Property Security Agreement and the Intercreditor Agreement (each as defined below).

WHEREAS, pursuant to the Indenture dated as of July 5, 2012, (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Indenture") among Cengage Learning Acquisitions, Inc., as Issuer (the "Issuer"), each Guarantor (as defined in the Indenture) and The Bank of New York Mellon, in its capacity as trustee (the "Trustee") on behalf of the holders of the Notes (as hereinafter defined), the Issuer has duly authorized the issuance of 12% Senior Secured Second Lien Notes due 2019 (the "Notes");

WHEREAS, in connection with the Indenture, each Grantor has executed and delivered a Intellectual Property Security Agreement dated as of July 5, 2012 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Intellectual Property Security Agreement"), in favor of the Collateral Agent;

WHEREAS, pursuant to the Intellectual Property Security Agreement, the Grantors have granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the United States Patent and Trademark Office, the United States Copyright Office and other governmental authorities; and

WHEREAS, the Issuer, Holdings, Parent and the other Grantors party thereto, the Credit Agreement Collateral Agent, as Representative for the Credit Agreement Secured Parties, the Collateral Agent, as Representative for the Initial Second Priority Debt Parties, The Bank of New York Mellon, as Representative for the Additional Senior Debt Parties under the 11.5% Senior Secured Notes Indenture and each additional Second Priority Representative and Senior Representative that from time to time becomes a party thereto (each defined term used but not defined herein as defined therein), have entered into a Second Lien Intercreditor Agreement dated as of July 5, 2012, 2012 (as amended, restated, amended and restated, extended, supplemented or otherwise modified from time to time, the "Intercreditor Agreement");

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in all of such Grantor's right, title and interest in and to the following (the "Collateral"):

- (a) the United States Patents (as defined in the Intellectual Property Security Agreement) set forth in Schedule A hereto;
- (b) the United States registered Trademarks (as defined in the Intellectual Property Security Agreement) and Trademarks for which United States applications are pending set forth in Schedule B hereto; and
- (c) the United States registrations of Copyrights (as defined in the Intellectual Property Security Agreement) set forth in Schedule C hereto.

SECTION 2. Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this IP Security Agreement secures the payment of all Notes Obligations of such Grantor now or hereafter existing under or in respect of the Notes Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the secured Notes Obligations and that would be owed by such Grantor to any Secured Party under the Notes Documents but for the fact that such secured Notes Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Grantor.

SECTION 3. Recordation. This IP Security Agreement has been executed and delivered by the Grantors for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and the United States Copyright Office. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks record this IP Security Agreement.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Intellectual Property Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Intellectual Property Security Agreement and the Intercreditor Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Intellectual Property Security Agreement or the Intercreditor Agreement, the terms of the Intellectual Property Security Agreement and the Intercreditor Agreement shall govern.

SECTION 6. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 7. Severability. In case any one or more of the provisions contained in this IP Security Agreement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and in the Intellectual Property Security Agreement shall not in any way be affected or impaired thereby (it being understood that the invalidity of a particular provision in a particular jurisdiction shall not in and of itself affect the validity of such provision in any other jurisdiction). The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

[Remainder of Page Intentionally Blank]

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
