EXHIBIT 4

ASSIGNMENT OF INTELLECTUAL PROPERTY

This ASSIGNMENT OF INTELLECTUAL PROPERTY ("Assignment"), effective October 11, 2011 (the "Effective Date"), is by and among adidas AG, a German company ("adidas") and Henson Company, Inc., a Virginia corporation ("Henson" and "Assignor") (hereinafter collectively referred to as the "Parties").

WHEREAS, Assignor desires and has agreed to assign and transfer to adidas all of Assignor's right, title, and interest in and to certain Intellectual Property (as defined below) pursuant to a settlement agreement between Assignor and adidas effective October 11, 2011 (the "Agreement"). Assignor hereby declares and confirms that on and from October 11, 2011, it has no right, title, interest or benefit whatsoever, into, over or upon the Intellectual Property hereby assigned to adidas.

NOW THEREFORE, in consideration of the mutual promises set forth in the Agreement and below, Assignor hereby assigns the Intellectual Property to adidas as follows:

1. Definitions.

- a. For purposes of this Assignment, "Intellectual Property" means all copyrights, trademarks, and patents set forth in Exhibit A.

- 2. Copyrights.** Assignor hereby irrevocably conveys, assigns, and transfer to adidas all right, title, and interest in and to any copyrights (whether registered or unregistered) or copyright applications (whether registered or unregistered) associated with the Intellectual Property listed in Exhibit A, if any, including any and all renewals and extensions of such copyrights that may be secured under the laws now or hereafter pertaining thereto in the United States or in any other country. adidas shall have the right to register such copyrights and other intellectual property rights in its own name.

- 3. Trademarks.** Assignor hereby irrevocably conveys, assigns, and transfers to adidas all right, title and interest in and to the trademarks, service marks, trade names, logos, product names, slogans, and any other indicator of source or origin listed in Exhibit A, including all registrations and applications for registration thereof, any common law rights, all rights of priority thereto and renewals thereof, and all goodwill of the business symbolized thereby and including any and all claims for past infringement thereof, including all rights as opponents in any opposition or cancellation proceeding.

- 4. Patents.** Assignor hereby irrevocably conveys, assigns, and transfers to adidas all right, title and interest in and to the inventions described and disclosed in any patent applications derived from the patents identified in Exhibit A, and in and to the patent applications and to any Letters Patents, both foreign and domestic, and all reissue,

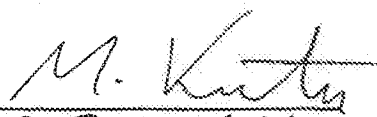

divisional, and continuation applications, which may issue thereon, as well as any associated trade secret, confidential information, know-how, process, technology, development tool, ideas, concepts, design right, methodology, algorithm or invention.

5. **Intellectual Property.** Assignor hereby irrevocably conveys, assigns, and transfers to adidas all right, title, and interest in and to any and all rights in the Intellectual Property listed in Exhibit A and any other materials, works, reports, information, data, and work product of any kind related to Assignor's efforts in connection with the development of the Intellectual Property.
6. **Representations and Warranties.** Assignor represents and warrants that: (i) Assignor has the right, authority and power to enter into this Agreement; (ii) the Intellectual Property assigned hereunder is the Assignor's original work and Assignor has the full power and authority to assign to adidas the Intellectual Property; (iii) Assignor is not aware of any third party intellectual property infringement claims, lawsuits, demands, outstanding orders, judgments, or decrees adversely affecting the use or any of the rights in and to the Intellectual Property; and (iv) to the best of Assignor's knowledge, no third party consents, assignments or licenses are necessary to perform under this Agreement. Assignor agrees to notify adidas in writing in accordance with the notice provisions of the Agreement if any facts or circumstances arise that would make any of the representations in this Agreement inaccurate in any way.
7. **Governing Laws.** To the full extent permitted by law, this Assignment shall be governed by and construed in accordance with the laws of the State of Oregon, excluding its conflicts of laws principles, or in accordance with federal law, as applicable. To the full extent permitted by law, the exclusive jurisdiction for any action relating to this Assignment shall be a federal or state court in Portland, Oregon, and the parties consent to such jurisdiction and waive and agree not to plead or claim that any such action or proceeding has been brought in an inconvenient forum. The Parties agree that Hon. Paul J. Papak shall have continuing jurisdiction over this agreement and any disputes arising out of its interpretation and enforcement and will execute any document to ensure such continuing jurisdiction.
8. **Severability.** Any provision of this Assignment that is prohibited or unenforceable in any jurisdiction will, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Assignment, and any such prohibition or unenforceability in any jurisdiction will not invalidate or render unenforceable such provision in any other jurisdiction. To the extent permitted by law, the parties waive any provision of law that renders any such provision prohibited or unenforceable in any respect.
9. **Cooperation Following the Execution.** Following the execution of this Assignment, Assignor shall deliver to adidas such further information, documents, and materials and shall execute and deliver to adidas such further instruments and agreements as adidas shall reasonably request to consummate or confirm the transactions provided for in this

Assignment. Assignor shall take all other actions as reasonably necessary to effect the intent of this Assignment.

10. **Entire Assignment:** No changes, supplements, addenda, or amendments to this Assignment shall be effective or enforceable unless agreed to by the parties in a signed writing.
