TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this "Trademark Security Agreement") is made this 13th day of June, 2013, by and among the Grantors listed on the signature pages hereof (each, a "Grantor", and collectively, jointly and severally, the "Grantors"), and JPMorgan Chase Bank, N.A., in its capacity as agent for the Secured Parties (in such capacity, together with its successors and assigns in such capacity, "Agent").

WITNESSETH:

WHEREAS, pursuant to that certain Superpriority Debtor-in-Possession Credit Agreement dated of as June 9, 2013 (as amended, restated, supplemented, or otherwise modified from time to time, the "Credit Agreement") by and among Exide Technologies, a Delaware corporation, a debtor and a debtor-in-possession in a case under Chapter 11 of the Bankruptcy Code (the "Company"), Exide Global Holding Netherlands C.V., a limited partnership organized under the laws of the Netherlands (the "Foreign Borrower" and, together with the Company, collectively, the "Borrowers" and each, a "Borrower"), the lenders party thereto from time to time (such lenders, together with their respective successors and permitted assigns in such capacity, each, individually, a "Lender" and, collectively, the "Lenders") and Agent, the Lenders have agreed to make certain financial accommodations available to the Borrowers from time to time pursuant to the terms and conditions thereof; and

WHEREAS, the Lenders are willing to make the financial accommodations to the Borrowers as provided for in the Credit Agreement, but only upon the condition, among others, that the Grantors shall have executed and delivered to Agent, for the benefit of the Secured Parties, that certain US Security Agreement, dated as of June 13, 2013 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Security Agreement"), among the Grantors and Agent; and

WHEREAS, pursuant to the Security Agreement, the Grantors are required to execute and deliver to Agent, for the benefit of the Secured Parties, this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. DEFINED TERMS. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the Credit Agreement.
2. GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. Each Grantor hereby unconditionally grants, assigns, and pledges to Agent, for the benefit of each of the Secured Parties, to secure the Secured Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the "Security Interest") in all of such Grantor's right, title, and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the "Trademark Collateral"): .

(a) any and all of such Grantor's trademarks, trade names, registered trademarks, trademark applications, service marks, registered service marks, service mark applications, logos and other source or business identifiers, including:

- (i) the trade names, registered trademarks, trademark applications, registered service marks and service mark applications listed on Schedule I hereto;
- (ii) all renewals thereof;
- (iii) all income, royalties, damages and payments now and hereafter due or payable under and with respect thereto, including payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof;
- (iv) the right to sue for past, present and future infringements, misappropriations, violations, and dilutions thereof;
- (v) the goodwill of such Grantor's business symbolized by the foregoing or connected therewith; and
- (vi) all of such Grantor's rights corresponding thereto throughout the world; and

(b) all Proceeds of each of the foregoing.

Notwithstanding anything to the contrary contained in clauses (a) and (b) above, the Security Interest shall not extend to (A) any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law (provided that upon submission and acceptance by the PTO of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall be considered Trademark Collateral) or (B) any other Excluded Asset.

3. SECURITY FOR SECURED OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by the Grantors, or any of them, to Agent and the other Secured Parties, or any of them, but for the fact that they are unenforceable or not allowable (in whole or in part) as a claim in an Insolvency Proceeding involving any Grantor due to the existence of such Insolvency Proceeding.

4. SECURITY AGREEMENT AND FINANCING ORDERS. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Agent, for the benefit of the Secured Parties, pursuant to the Security Agreement and the Financing Orders. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the Security Interest in the Trademark Collateral

made and granted hereby are more fully set forth in the Security Agreement and the Financing Orders, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement or the Financing Orders, the Security Agreement and the Financing Orders shall control.

5. AUTHORIZATION TO SUPPLEMENT. If any Grantor shall obtain rights to any new trademarks, the provisions of this Trademark Security Agreement shall automatically apply thereto. Without limiting the Grantors' obligations under this Section, each Grantor hereby authorizes Agent to unilaterally modify this Trademark Security Agreement by amending Schedule I to include any such new trademark rights of each Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from Agent's continuing security interest in all Collateral, whether or not listed on Schedule I.

6. TERMINATION. Upon payment in full of the Obligations in accordance with the provisions of the Credit Agreement and the expiration or termination of the Commitments, the Security Interest granted hereby shall terminate and all rights to the Trademark Collateral shall revert to the Grantors or any other Person entitled thereto. At such time, Agent will authorize the filing of appropriate termination statements to terminate such Security Interests.

7. COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Trademark Security Agreement. Any party delivering an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission also shall deliver an original executed counterpart of this Trademark Security Agreement but the failure to deliver an original executed counterpart shall not affect the validity, enforceability, and binding effect of this Trademark Security Agreement.

8. LOAN DOCUMENT. This Trademark Security Agreement is a Loan Document.
