It is a requirement under the Credit Agreement that each Grantor that was not a Subsidiary of the Borrower as of the Effective Date shall enter into a Patent and Trademark Security Agreement to secure its obligations arising under or pursuant to the Credit Agreement.

The Grantors own the patents, patent registrations, patent applications, trademarks, trademark registrations, and trademark applications, and are party to the patent and trademark licenses listed on Schedule I annexed hereto and by this reference incorporated herein.

Pursuant to the terms of that certain Pledge and Security Agreement dated as of August 2, 2010 (as heretofore supplemented and as the same may be amended, supplemented and in effect from time to time, the "Pledge and Security Agreement") among the Borrower, the grantors party thereto from time to time (the "Pledge and Security Grantors"), and the Administrative Agent for the ratable benefit of the Secured Parties, the Pledge and Security Grantors have granted a security interest in the Collateral, as such term is defined in the Pledge and Security Agreement, including, without limitation, all right, title and interest of the Grantors in, to, and under all now owned and hereafter acquired Patent Collateral and Trademark Collateral, set forth on Schedule I attached hereto, to secure the payment of all Secured Obligations.

(a) (i) all letters patent throughout the world, all registrations and recordings thereof and all applications for letters patent throughout the world, including registrations,

(c) all products and proceeds of, and rights associated with, the foregoing (including licenses, royalties income, payments, claims, damages and proceeds of infringement suits), including, without limitation, any claim by the Grantors against third parties for past, present or future (a) infringement or dilution of any patent, trademark, or patent or trademark registrations referred to in Schedule I annexed hereto, the patent or trademark registrations issued with respect to the patent or trademark applications referred to in Schedule I and the trademarks licensed under any trademark license, (b) injury to the goodwill associated with any patent, trademark, patent or trademark registration, or patent or trademark licensed under any patent or trademark license, or (c) breach or enforcement of any patent license, any trademark license and all rights corresponding thereto throughout the world;

provided that in no event shall the term "Patent and Trademark Collateral" include any asset or property of any Grantor which would be rendered void or voidable, or which if included in Patent and Trademark Collateral would violate, be prohibited by, or constitute a default under any agreement, contract, document or law relating thereto, would require any consent which has not been obtained, or would result in the incurrance or imposition of any penalty upon any Grantor or any Subsidiary as a result of a grant of a security interest in such asset or property.
