TRADEMARK ASSIGNMENT AGREEMENT

This RECORDABLE TRADEMARK ASSIGNMENT AGREEMENT (this "Agreement") is made and entered into as of this 28th day of February, 2014, by and between FMC Corporation, a Delaware corporation (the "Assignor") and PeroxyChem LLC, a Delaware corporation (the "Assignee").

RECITALS

WHEREAS, Assignor, Assignee and the other parties thereto have entered into the Sale and Purchase Agreement, dated as of December 13, 2013 (the "Purchase Agreement"), pursuant to which Assignee has acquired all of Assignor's right, title and interest in and to the Business Intellectual Property Rights (as defined in the Purchase Agreement), including without limitation those registrations or pending applications associated therewith, that are listed in Schedule A hereto (collectively, the "Assigned Trademarks").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee each hereby agree as follows:

1. Assignment. Assignor has pursuant to the Purchase Agreement and hereby does sell, assign, transfer, convey and deliver to Assignee and its successors and assigns, and Assignee hereby accepts from Assignor, all of Assignor's right, title and interest in, to and under the Assigned Trademarks, including, without limitation, all goodwill associated therewith or symbolized thereby, all common law trademark rights related thereto, together with the right to sue and recover damages for future, present and past infringements thereof and to fully and entirely stand in the place of Assignor in all matters related thereto. With respect to any intent-to-use U.S. applications comprised within the Assigned Trademarks, the parties hereto acknowledge that the portion of the business, which is ongoing and existing, in connection with which the Assignor has a bona fide intention to use the trademarks applied for in such intent-to-use U.S. applications is also being transferred to Assignee pursuant to the Purchase Agreement. This Assignment is intended to be an absolute assignment. Assignor hereby requests the United State Commissioner of Patents and Trademarks to record Assignee as the assignee and owner of the Assigned Trademarks.

2. Further Assurances. Assignor agrees to execute and deliver such other documents which Assignee, its successors and assigns may reasonably request to record the assignment of the Assigned Trademarks to Assignee worldwide.

3. Miscellaneous. This Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Pennsylvania, without giving effect to any choice of law or conflicts of law provision that would cause the application of the laws of any jurisdiction other than the Commonwealth of Pennsylvania. This Agreement may not be supplemented, altered or modified in any manner except by a writing signed by each party hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Agreement shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors. This Agreement and any

amendments hereto may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute on and the same instrument.
