(f) Conversion Rights; Mechanics; Status of Converted Stock; Adjustments.

(i) Optional Conversion. A Series A Holder of any share of Series A Preferred Stock and a Series B Holder of any share of Series B Preferred Stock may at any time and from time to time convert such share into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing (A) an amount equal to the Series A Stated Value (the "Series A Conversion Amount") or Series B Stated Value (the "Series B Conversion Amount"), as the case may be, by (B) the Series A Conversion Price or the Series B Conversion Price, as the case may be, then in effect.

(ii) Automatic Conversion. Each outstanding share of Series A Preferred Stock and Series B Preferred Stock shall be automatically and without any action by any Series A Holder or Series B Holder, as applicable, converted into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing the Series A Conversion Amount by the Series A Conversion Price or the Series B Conversion Amount by the Series B Conversion Price, as the case may be, then in effect upon the consummation of a Qualified IPO.

(iii) Mechanics of Conversion.

(1) A Series A Holder or a Series B Holder who desires to convert any shares of Series A Preferred Stock or Series B Preferred Stock, respectively, pursuant to Section 4.4(f)(i) shall surrender the certificate or certificates therefor, duly endorsed, at the office of the Corporation or any transfer agent for the Series A Preferred Stock or Series B Preferred Stock, as the case may be, and shall give written notice to the Corporation at such office that such Series A Holder or Series B Holder elects to convert the same (each such notice, a "Conversion Notice"). Each Conversion Notice shall contain the following: (i) the date on which the conversion is to be effected if such date is to be any date after the Corporation's receipt of the Conversion Notice (such date, as applicable, the "Conversion Date"); (ii) the number of shares of Series A Preferred Stock or Series B Preferred Stock then owned by the Series A Holder or Series B Holder, respectively, delivering such Conversion Notice; (iii) the number of shares of Series A Preferred Stock or Series B Preferred Stock to be converted; (iv) the Series A Conversion Price or Series B Conversion Price then in effect, if known by such Series A Holder or Series B Holder; (v) the number of shares of Common Stock to be issued to such Series A Holder or Series B Holder pursuant to such conversion, if known by such Series A Holder or Series B Holder; and (vi) the address to which the Corporation shall deliver one or more certificates evidencing the Common Stock issuable upon such conversion. Following receipt of such certificate or certificates and such Conversion Notice, the Corporation shall promptly issue and deliver to such Series A Holder or Series B Holder, in accordance with such Conversion Notice, (x) one or more certificates evidencing the Common Stock issuable upon such conversion, together with any declared but unpaid dividends on such Series A Preferred Stock or Series B Preferred Stock, and (y) one or more certificates evidencing any shares of Series A Preferred Stock or Series B Preferred Stock that such Series A Holder or Series B Holder, respectively, delivered to the Corporation but were not subject of the Conversion Notice. The Person entitled to receive the shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holder of such shares of Common Stock on the Conversion Date.

(2) Upon the occurrence of either of the events specified in Section 4.4(f)(ii), the outstanding shares of Series A Preferred Stock and Series B Preferred Stock shall be converted automatically and without any action by any Series A Holder or Series B Holder and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; provided, however, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless the certificates evidencing such shares of Series A Preferred Stock or Series B Preferred Stock are either delivered to the Corporation or its transfer agent or the Series A Holder or Series B Holder, respectively, thereof notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an affidavit satisfactory to the Corporation containing an agreement to indemnify the Corporation (and, if applicable, its transfer agent) from any loss incurred by it in connection with such certificates. Thereupon, there shall be issued and delivered to such Series A Holder or Series B Holder, as the case may be, promptly at such office and in its name as shown on such surrendered certificate or certificates, a certificate or certificates for the number of shares of Common Stock into which the shares of Series A Preferred Stock or Series B Preferred Stock, as the case may be, surrendered were convertible on the date on which such automatic conversion occurred, together with any declared but unpaid dividends on such Series A Preferred Stock or Series B Preferred Stock.

(iv) Status of Converted Stock. If any shares of Series A Preferred Stock or Series B Preferred Stock are converted pursuant to this Section 4.4(f), then such shares of Series A Preferred Stock and Series B Preferred Stock so converted shall be canceled and thereupon restored to the status of authorized but unissued Preferred Stock, undesignated as to class or series.

(v) Adjustments to Series A Conversion Price and Series B Conversion Price.

(1) Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the Issue Date effect a subdivision of the outstanding Common Stock without a corresponding subdivision of the Series A Preferred Stock and Series B Preferred Stock, then the Series A Conversion Price or the Series B Conversion Price, respectively, in effect immediately before such subdivision shall be multiplied by a fraction (i) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such subdivision, and (ii) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately following such subdivision. Conversely, if the Corporation shall at any time or from time to time after the Issue Date combine the outstanding shares of Common Stock into a smaller number of shares without a corresponding combination of the Series A Preferred Stock and Series B Preferred Stock, then the Series A Conversion Price and Series B Conversion Price, respectively, in effect immediately before the combination shall be multiplied by a fraction (i) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such combination, and (ii) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately following such combination. Any adjustment pursuant to this Section 4.4(f)(v)(1) shall become effective at the close of business on the date the subdivision or combination becomes effective.

(2) Adjustment for Common Stock Dividends and Distributions. If the Corporation at any time or from time to time after the Issue Date makes, or fixes a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in shares of Common Stock, then, in each such event, the Series A Conversion Price and Series B Conversion Price that is then in effect shall be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, by multiplying the Series A Conversion Price and Series B Conversion Price, respectively, then in effect by a fraction (i) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (ii) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issued or issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, then the Series A Conversion Price and Series B Conversion Price shall be recomputed accordingly as of the close of business on such record date, and thereafter the Series A Conversion Price and Series B Conversion Price shall be adjusted pursuant to this Section 4.4(f)(v)(2) to reflect the actual payment of such dividend or distribution.

(3) Adjustment for Reclassification, Exchange and Substitution. If at any time or from time to time after the Issue Date the Common Stock issuable upon the conversion of the Series A Preferred Stock and Series B Preferred Stock is changed into the same or a different number of shares of any class or classes of Capital Stock, whether by recapitalization, reclassification or otherwise (other than an acquisition or asset transfer or a subdivision or combination of shares or stock dividend or a reorganization, merger, consolidation or sale of assets provided for elsewhere in this Section 4.4(f)(v)), then in any such event each Series A Holder and Series B Holder shall have the right thereafter to convert such Series A Holder's shares of Series A Preferred Stock and such Series B Holder's shares of Series B Preferred Stock into the kind and amount of stock and other securities and property receivable upon such recapitalization, reclassification or other change by holders of the number of shares of Common Stock into which such shares of Series A Preferred Stock and Series B Preferred Stock could have been converted immediately prior to such recapitalization, reclassification or change, all subject to further adjustment as provided herein or with respect to such other securities or property by the terms thereof.

(4) Reorganizations, Mergers, Consolidations or Sales of Assets. If any any capital reorganization, reclassification, recapitalization, consolidation, merger, sale of all or substantially all of the Corporation's assets or other similar transaction (any such transaction being referred to herein as an "Organic Change") shall be effected in such a way that holders of Common Stock shall be entitled to receive (either directly or upon subsequent liquidation) stock, securities or assets in respect of or in exchange for their shares of Common Stock, then, as a condition of such Organic Change, lawful and adequate provisions shall be made whereby each Series A Holder and Series B Holder shall thereupon have the right to receive, upon the basis and upon the terms and conditions specified herein and in lieu of the shares of Common Stock immediately theretofore receivable upon the conversion of such Series A Holder's shares of Series A Preferred Stock and such Series B Holder's shares of Series B

Preferred Stock, such shares of stock, securities or assets as may be issued or payable in respect of or in exchange for the number of outstanding shares of Common Stock that would have been immediately theretofore receivable upon conversion of such Series A Holder's shares of Series A Preferred Stock and such Series B Holder's shares of Series B Preferred Stock had such Organic Change not taken place, and in the case of any reorganization or reclassification, appropriate provisions shall be made with respect to the rights and interests of such Series A Holder and such Series B Holder whereby the provisions hereof (including, without limitation, provisions for adjustments to the Series A Conversion Price and Series B Conversion Price) shall thereafter be applicable, as nearly as may be, in relation to any shares of stock, securities or assets thereafter deliverable upon the exercise of such conversion rights.

(5) Adjustment for Issuances Below Series A Conversion Price or Series B Conversion Price. If the Corporation shall at any time after the Issue Date issue Additional Stock, without consideration or for a consideration per share less than the Series A Conversion Price or Series B Conversion Price, as the case may be, in effect immediately prior to such issuance, then the Series A Conversion Price or the Series B Conversion Price, as the case may be, shall be reduced, concurrently with such issuance, to a price (calculated to the nearest one-hundredth of a cent) determined in accordance with the following formula:

$$CP_2 = CP_1 * (A + B) \div (A + C)$$

For purposes of the foregoing formula, the following definitions shall apply:

"CP₂" shall mean the Series A Conversion Price or Series B Conversion Price, as the case may be, in effect immediately after such issue of Additional Stock;

"CP₁" shall mean the Series A Conversion Price or Series B Conversion Price, as the case may be, in effect immediately prior to such issue of Additional Stock;

"A" shall mean the number of shares of Common Stock outstanding immediately prior to such issue of Additional Stock (treating for this purpose as outstanding all shares of Common Stock issuable upon exercise of options, warrants and rights outstanding immediately prior to such issue or upon conversion or exchange of convertible securities (including the Preferred Stock) outstanding (assuming exercise of any outstanding options, warrants and rights therefor) immediately prior to such issue);

"B" shall mean the number of shares of Common Stock that would have been issued if such Additional Stock had been issued at a price per share equal to CP₁ (determined by dividing the aggregate consideration received by the Corporation in respect of such issue by CP₁); and

"C" shall mean the number of such Additional Stock issued in such transaction;

provided, that if such issuance or deemed issuance was without consideration, then the Corporation shall be deemed to have received an aggregate of \$0.0001 of consideration for each share of Additional Stock issued or deemed to be issued. Notwithstanding the foregoing, no adjustment shall be made to the Series A Conversion Price or Series B

Conversion Price pursuant to this Section 4.4(f)(v)(5) (i) as a result of the issuance of Exempt Securities (as defined below) or (ii) if such adjustment would be in amount that would result in less than 100 shares of Common Stock being issued upon a conversion of the Series C Preferred after such adjustment; provided that any adjustments that are not required to be made by reason of this clause (ii) shall be carried forward and shall be taken into account at the earlier of when the cumulative adjustments carried forward would equal an amount that would result in 1,000 shares of Common Stock being issued upon a conversion of the Series C Preferred after such cumulative adjustment or at the end of one (1) year from the date of the event giving rise to the adjustment being carried forward (notwithstanding the foregoing, nothing contained in this clause (ii) shall relieve the Corporation of its obligation to provide the certificate in Section 4.4(f)(v)(7) below or any other notice required elsewhere in this Certificate).

(6) Certain Rules. The following rules shall apply for purposes of this Section 4.4(f)(v) (including, for the avoidance of doubt, in respect of issuances or deemed issuances of Additional Stock):

(i) In the case of the issuance or sale (or deemed issuance or sale) of Common Stock for cash, the consideration shall be deemed to be the amount of cash paid therefor before deducting any discounts, commissions or expenses paid or incurred by the Corporation for any underwriting or otherwise in connection with the issuance and sale thereof;

(ii) In the case of the issuance or sale (or deemed issuance or sale) of Common Stock for a consideration in whole or in part other than cash, the consideration other than cash shall be valued at the Fair Market Value thereof; and

(iii) In the case of the issuance or sale of options or warrants to purchase or rights to subscribe for Common Stock, securities convertible into or exchangeable for Common Stock, or options or warrants to purchase or rights to subscribe for such convertible or exchangeable securities, the following provisions shall apply for all purposes of this Section 4.4(f)(v):

a) The aggregate maximum number of shares of Common Stock deliverable upon exercise (assuming the satisfaction of any conditions to exercisability, including, without limitation, the passage of time, but without taking into account potential antidilution adjustments) of such options or warrants to purchase or rights to subscribe for Common Stock shall be deemed to have been issued at the time such options, warrants or rights were issued and for consideration equal to the consideration (determined in the manner provided in

Sections 4.4(f)(v)(6)(i) and (ii)), if any, received by the Corporation upon the issuance of such options, warrants or rights plus the minimum exercise price provided in such options, warrants or rights (without taking into account potential antidilution adjustments) for the Common Stock covered thereby;

b) The aggregate maximum number of shares of Common Stock deliverable upon conversion of or in exchange for (assuming the satisfaction of any conditions to convertibility or exchangeability, including, without limitation, the passage of time, but without taking into account potential antidilution adjustments) any such convertible or exchangeable securities or upon the exercise of options or warrants to purchase rights to subscribe for such convertible or exchangeable securities and subsequent conversion or exchange thereof shall be deemed to have been issued at the time such securities were issued or such options, warrants or rights were issued and for a consideration equal to the consideration, if any, received by the Corporation for any such securities or options, warrants or rights, plus the minimum additional consideration, if any, to be received by the Corporation (without taking into account potential antidilution adjustments) upon the conversion or exchange of such securities or upon the exercise of such options, warrants or rights and subsequent conversion or exchange of the underlying convertible or exchangeable securities, as appropriate (the consideration in each case to be determined in the manner provided in Sections 4.4(f)(v)(6)(i) and (ii));

c) In the event of any change in the number of shares of Common Stock deliverable by the Corporation, or in the consideration payable to the Corporation, upon exercise of such options, warrants or rights with respect to either Common Stock or such convertible or exchangeable securities or upon conversion of or in exchange for such convertible or exchangeable securities, including, but not limited to, a change resulting from the antidilution provisions thereof, the Series A Conversion Price or Series B Conversion Price, as the case may be, to the extent in any way affected by or computed using such options, warrants, rights or securities, shall be recomputed to reflect such change, but no further adjustment shall be made for the actual issuance of Common Stock or any payment of such consideration upon

the exercise of any such options, warrants or rights or the conversion or exchange of such securities;

d) Upon the expiration of any such options, warrants or rights with respect to either Common Stock or such convertible or exchangeable securities or the termination of any such rights to convert or exchange, the Series A Conversion Price, to the extent in any way affected by or computed using such options, warrants, rights or securities shall be recomputed to reflect only the number of shares of Common Stock actually issued upon the exercise or conversion, as applicable, of such options, warrants, rights or securities; and

e) The number of shares of Common Stock deemed issued and the consideration deemed paid therefor pursuant to Sections 4.4(f)(v)(6)(iii)a) and b) shall be appropriately adjusted to reflect any change, termination or expiration of the type described in Sections 4.4(f)(v)(6)(iii)c) and d), as applicable.

(7) Certificate of Adjustment. In each case of an adjustment or readjustment of the Series A Conversion Price or Series B Conversion Price pursuant to Section 4.4(f)(v), the Corporation, at its expense, shall compute such adjustment or readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and shall mail such certificate, by first class mail, postage prepaid, to each Series A Holder and Series B Holder at such Series A Holder's and Series B Holder's, as the case may be, address as shown in the Corporation's books. The certificate shall set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based, including a statement of (i) the consideration received or deemed to be received by the Corporation for any issuance or deemed issuance of Common Stock or other Capital Stock, (ii) the Series A Conversion Price or Series B Conversion Price, as the case may be, at the time in effect, (iii) the number of shares of Common Stock or other Capital Stock issued or deemed issued and (iv) the type and amount, if any, of other property which at the time would be received upon conversion of the Series A Preferred Stock or Series B Preferred Stock, as the case may be.

(vi) Fractional Shares: Aggregation. No fractional shares of Common Stock shall be issued upon conversion of Series A Preferred Stock or Series B Preferred Stock. All shares of Common Stock (including fractions thereof) issuable upon conversion of more than one share of Series A Preferred Stock by a Series A Holder or Series B Preferred Stock by a Series B Holder thereof shall be aggregated for purposes of determining whether the conversion would result in the issuance of any fractional share. If, after the aforementioned aggregation, the conversion would result in the issuance of any fractional share of Common Stock, then the Corporation shall, in lieu of issuing any fractional share, round to the nearest whole share, with one-half being rounded upward.

(vii) Reservation of Common Stock Issuable Upon Conversion. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purpose of effecting the conversion of the shares of the Series A Preferred Stock and Series B Preferred Stock, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all then outstanding shares of the Series A Preferred Stock and Series B Preferred Stock. If at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series A Preferred Stock and Series B Preferred Stock, then the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

(viii) Payment of Taxes; Opinions. The Corporation will pay all taxes (other than taxes based upon income) and other governmental charges that may be imposed with respect to the issuance and delivery of shares of Common Stock upon conversion of shares of Series A Preferred Stock and Series B Preferred Stock; provided, however, that if shares of Common Stock are to be issued in the name of any Person other than the Series A Holder or Series B Holder, as the case may be, then such Series A Holder or Series B Holder must pay all transfer taxes payable with respect thereto, and shall deliver to the Corporation or its transfer agent such certificates and opinions of counsel as may be reasonably required by the Corporation or its transfer agent, as applicable.

(ix) Closing of Books. The Corporation shall not, nor shall it permit its transfer agent to, close its transfer books against the transfer of any shares of Series A Preferred Stock, Series B Preferred Stock or of any shares of Common Stock issued or issuable upon the conversion of any shares of Series A Preferred Stock or Series B Preferred Stock in any manner that interferes with the timely conversion of such shares of Series A Preferred Stock and Series B Preferred Stock, except as required to comply with applicable laws.

(g) Voting Rights. (i) Except as otherwise provided in this Certificate or as required by applicable law, the Series A Preferred Stock and Series B Preferred Stock shall vote together with the Common Stock and Series C Preferred Stock and not as a separate class, at any annual or special meeting of shareholders of the Corporation, and may act by written consent in the same manner as the Common Stock and Series C Preferred Stock, in either case upon the following basis: each Series A Holder and Series B Holder shall be entitled to such number of votes as shall be equal to the whole number of shares (with one-half being rounded upward) of Common Stock into which such Series A Holder's and Series B Holder's aggregate number of shares of Series A Preferred Stock and Series B Preferred Stock, respectively, are convertible at the close of business on the record date fixed for such meeting or the effective date of such written consent.

(ii) For so long as there is outstanding not less than twenty-five percent (25%) of the shares of Series A Preferred Stock and twenty-five percent (25%) of the Shares of Series B Preferred Stock, holders of Series A Preferred Stock, Series B Preferred Stock and Common Stock (not including, for purposes of this subsection, any shares of Preferred Stock that otherwise have the right to vote with the Common Stock), voting together as a single class on an as-converted to Common Stock basis, shall be entitled to elect three (3) members of the

Board of Directors (the "Common Directors"). At any meeting (or in a written consent in lieu thereof) held for the purpose of electing directors, the presence in person or by proxy (or the written consent) of the holders of at least a majority in interest of the then outstanding shares of Series A Preferred Stock, Series B Preferred Stock and Common Stock, on an as-converted to Common Stock basis, shall constitute a quorum of the Series A Preferred Stock, Series B Preferred Stock and Common Stock for the election of the Common Directors. A vacancy in the directorship elected by the holders of Series A Preferred Stock, Series B Preferred Stock and Common Stock shall be filled by vote or written consent of the holders of the then outstanding shares of Series A Preferred Stock, Series B Preferred Stock and Common Stock, consenting or voting, as the case may be, in the same manner as presented in the first sentence of this paragraph. Each Common Director may be removed only by the vote of a least a majority in interest of the then outstanding shares of Series A Preferred Stock, Series B Preferred Stock and Common Stock (not including, for purposes of this subsection, any shares of Preferred Stock that otherwise have the right to vote with the Common Stock), voting together as a single class on an as-converted to Common Stock basis.

(h) Protective Provisions.

(i) For so long as any shares of Series A Preferred Stock or Series B Preferred Stock are outstanding, the Corporation shall not, either directly or by amendment, merger, consolidation, or otherwise, without first obtaining the approval (by vote or written consent) of the holders of a majority of the then outstanding shares of Series A Preferred Stock and Series B Preferred Stock, voting or acting, as the case may be, as a single class:

(1) approve the consummation, or entering into of any agreement in respect of the consummation of, any Liquidation Event;

(2) approve the purchase, redemption or other acquisition of any Common Stock of the Corporation, other than repurchases pursuant to this Certificate or stock restriction agreements approved by the Board of Directors that grant to the Corporation a right of repurchase upon termination of the service or employment of a consultant, director or employee; or

(3) approve the transfer of material assets of the Corporation to any person other than a wholly-owned Subsidiary of the Corporation.

(ii) For so long as any shares of Series A Preferred Stock are outstanding, the Corporation shall not, either directly or by amendment, merger, consolidation, or otherwise, without first obtaining the approval (by vote or written consent) of the holders of a majority of the then outstanding shares of Series A Preferred Stock, voting or acting, as the case may be, as a single class:

(1) increase the total number of authorized shares of Preferred Stock or Series A Preferred Stock;

(2) materially alter or amend the rights, preferences or privileges of the Series A Preferred Stock;

(3) authorize or create any new class or series of shares having rights, preferences or privileges as to voting, dividends, or distribution of assets upon liquidation, merger or otherwise that are senior to or on a parity with the Series A Preferred Stock; or

(4) amend or repeal this Certificate or the Bylaws in any manner that is materially detrimental to the Series A Holders.

(iii) For so long as any shares of Series B Preferred Stock are outstanding, the Corporation shall not, either directly or by amendment, merger, consolidation, or otherwise, without first obtaining the approval (by vote or written consent) of the holders of a majority of the then outstanding shares of Series B Preferred Stock, voting or acting, as the case may be, as a single class:

(1) increase the total number of authorized shares of Preferred Stock or Series B Preferred Stock;

(2) materially alter or amend the rights, preferences or privileges of the Series B Preferred Stock;

(3) authorize or create any new class or series of shares having rights, preferences or privileges as to voting, dividends, or distribution of assets upon liquidation, merger or otherwise that are senior to or on a parity with the Series B Preferred Stock; or

(4) amend or repeal this Certificate or the Bylaws in any manner that is materially detrimental to the Series B Holders.

Notwithstanding the foregoing, the rights of the Series A Holders and Series B Holders described in this Section 4.4(h) will terminate immediately prior to the earlier of (x) the consummation of the Corporation's initial public offering and (y) a merger or sale of substantially all the Corporation's assets (if approved by the holders of at least 51% of the Series A Preferred Stock and Series B Preferred Stock, voting together as a single class on an as-converted to Common Stock basis).

(i) No Impairment. The Corporation will not, by amendment of this Certificate, its Bylaws or other organizational documents or through any merger, consolidation, reorganization, reclassification, recapitalization, Liquidation Event, issue or sale of Capital Stock or any other voluntary action by the Corporation or any Subsidiary thereof, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed in this Section 4.4 or Article VII by the Corporation but will at all times in good faith assist in the carrying out of all these provisions, and in the taking of all such action as may be necessary or appropriate in order to protect the conversion and other rights of the Series A Holders and Series B Holders set forth in this Section 4.4 or Article VII.

4.5 Series C Participating Cumulative Convertible Preferred Stock.

(a) Designation. Five Million Three Hundred Seventy-Nine Thousand Two Hundred Seventy-Eight (5,379,278) shares of the authorized Preferred Stock are hereby

designated as Series C Preferred Stock. The rights, preferences, powers, privileges, restrictions, qualifications, and limitations granted to or imposed upon the shares of Series C Preferred Stock shall be as set forth in this Section 4.5.

(b) Rank. The Series C Preferred Stock, with respect to dividend distributions and distributions upon liquidation, winding up or dissolution of the Corporation, shall rank: (i) senior to the Common Stock, the Series A Preferred Stock and the Series B Preferred Stock (collectively, "Series C Junior Securities"); (ii) on a parity with any additional Series C Preferred Stock authorized or issued by the Corporation (collectively, "Series C Parity Securities"), provided, that any Series C Parity Securities must be approved by the Series C Holders in accordance with Section 4.5(h) (if then applicable); and (iii) junior to each other class of Preferred Stock hereafter created, the terms of which expressly provide that such class or series will rank senior to the Series C Preferred Stock as to voting, redemption, dividend distributions and/or distributions upon liquidation, winding-up or dissolution of the Corporation (collectively, "Series C Senior Securities"), provided that any such Series C Senior Securities described in the immediately preceding clause (iii) that were not approved by the Series C Holders in accordance with Section 4.5(h) (if then applicable) shall be deemed to be Series C Junior Securities and not Series C Senior Securities.

(c) Dividends.

(i) From and after the date of the issuance of any shares of Series C Preferred Stock, dividends shall accrue at the rate per annum of five percent (5%) of the Series C Stated Value per share simple interest (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series B Preferred Stock) (the "Series C Dividends"). Series C Dividends shall accrue, be cumulative and be paid quarterly on the fifteenth (15th) of each of March, June, September and December of each calendar year (each such date, a "Payment Date") and may be paid, at the option of the Company, in cash, in kind, in the form of additional shares of Series C Preferred Stock, or in any combination thereof; provided, that to the extent the Company does not pay the then-payable Series C Dividends on any Payment Date, such Series C Dividends shall be payable upon the earliest to occur of the events set forth in the following sentence of this Section 4.5(c)(i), Section 4.5(d) or Section 4.5(e). In the event that the Corporation shall otherwise declare and pay or make a dividend or any other distribution (including, without limitation, in cash, in Capital Stock (which shall include, without limitation, any options, warrants, convertible securities or other rights to acquire Capital Stock of the Corporation, whether or not pursuant to a shareholder rights plan, "poison pill" or similar arrangement), evidence of Indebtedness issued by the Corporation or other Persons or other property or assets) on or with respect to shares of any class of Common Stock, then the Board of Directors shall declare, and each Series C Holder shall be entitled to receive in respect of each share of Series C Preferred Stock held by such Series C Holder, a dividend or distribution in an amount equal to the amount of such dividend or distribution that would be received by such holder as if such share of Series C Preferred Stock had been converted to Common Stock on the date of the payment of such dividend or distribution to holders of Common Stock; provided, however, that such dividends shall only be declared and paid after all Series C Dividends have been paid in full pursuant to this Section 4.5(c)(i). All dividends paid with respect to shares of the Series C Preferred Stock pursuant to this Section 4.5(c)(i) shall be paid pro rata to the Series C Holders entitled thereto.

The Corporation shall not declare any dividends or distributions on any Capital Stock, other than the Series C Preferred Stock, without declaring a dividend or distribution with respect to the Series C Preferred Stock.

(ii) Payment to Series C Holders of Record. Each dividend payable to Series C Holders shall be paid to the Series C Holders of record as they appear on the stock books of the Corporation on the applicable record date therefor.

(d) Liquidation Preference.

(i) Upon the occurrence of a Liquidation Event, before any payment shall be made to the holders of any Series C Junior Securities by reason of their ownership thereof, the Series C Holders shall be entitled to be paid (provided that such cash payment is not then prohibited under the TBOC or other applicable law) out of the assets of the Corporation available for distribution to its shareholders for each share of Series C Preferred Stock, an amount in cash equal to the greater of (A) the Series C Stated Value, plus all declared and unpaid dividends, if any, on each such share of Series C Preferred Stock or (B) the amount for each share of Common Stock that the Series C Holders would be entitled to receive pursuant to the Liquidation Event as if all of the shares of Series C Preferred Stock had been converted into Common Stock as of the date immediately prior to the date fixed for determination of shareholders entitled to receive a distribution in such Liquidation Event, in each case before any cash distribution shall be made or any other assets distributed in respect of Series C Junior Securities to the holders of any Series C Junior Securities, except that, with respect to clause (B), such distributions shall be made concurrently with those made, if any, to holders of Common Stock and holders of Preferred Stock on an as converted to Common Stock basis after the payment of all preferential amounts. With respect to clause (A), after the payment of all preferential amounts required to be paid to the holders of shares of Series C Preferred Stock under such clause, the remaining assets of the Corporation available for distribution to its shareholders shall be distributed next to the holders of the shares of Series A Preferred Stock and Series B Preferred Stock as provided in Section 4.4(d) and next among the holders of the shares of Series A Preferred Stock, Series B Preferred Stock, Series C Preferred Stock and Common Stock, pro rata based on the number of shares held by each such holder, treating for this purpose all such securities as if they had been converted to Common Stock pursuant to the terms of this Certificate immediately prior to such Liquidation Event. Any amounts to be held in escrow in connection with a Liquidation Event shall not affect or reduce in any manner the liquidation preference to be paid to the Series C Holders pursuant to this Section 4.5(d)(i).

(ii) If upon any Liquidation Event, the amounts payable in respect of the Series C Preferred Stock under Section 4.5(d)(i) above are not paid in full, the Series C Holders and the holders of Series C Parity Securities will share ratably in any distribution of assets of the Corporation in proportion to the full amount to which each is entitled upon a Liquidation Event.

(e) Redemption.

(i) General. At any time on or after the seventh (7th) anniversary of the purchase of any such share of Series C Preferred Stock, unless prohibited by Texas law

governing distributions to shareholders, shares of Series C Preferred Stock shall be redeemed by the Corporation at a price equal to the greater of (A) two (2) times the Series C Stated Value per share, plus any Series C Dividends accrued but unpaid thereon, whether or not declared, together with any other dividends declared but unpaid thereon and (B) the Fair Market Value of a single share of Series C Preferred Stock as of the date of the Corporation's receipt of the Redemption Request (the "Redemption Price"), in one lump-sum on a date that is not more than 180 days after receipt by the Corporation from the holders of at least 51% of the then outstanding shares of Series C Preferred Stock, of written notice requesting redemption of all shares of Series C Preferred Stock (the "Redemption Request"). Upon receipt of the Redemption Request, the Corporation shall apply all of its assets to such redemption, and to no other corporate purpose, except to the extent prohibited by Texas law governing distributions to shareholders. The date of such redemption shall be referred to as a "Redemption Date". If on the Redemption Date Texas law governing distributions to shareholders prevents the Corporation from redeeming all shares of Series C Preferred Stock to be redeemed, the Corporation shall ratably redeem the maximum number of shares that it may redeem consistent with such law, and shall redeem the remaining shares as soon as it may lawfully do so under such law. Any redemption of the Series C Preferred Stock shall take priority over the redemption of any other Capital Stock.

(ii) Redemption Notice. The Corporation shall send written notice of the mandatory redemption (the "Redemption Notice") to each holder of record of Series C Preferred Stock not less than 40 days prior to the Redemption Date. The Redemption Notice shall state:

(1) the number of shares of Series C Preferred Stock held by the holder that the Corporation shall redeem on the Redemption Date specified in the Redemption Notice;

(2) the Redemption Date and the Redemption Price;

(3) the date upon which the holder's right to convert such shares in accordance with this Certificate terminates; and

(4) that the holder is to surrender to the Corporation, in the manner and at the place designated, his, her or its certificate or certificates representing the shares of Series C Preferred Stock to be redeemed.

(iii) Surrender of Certificates; Payment. On or before the Redemption Date, each holder of shares of Series C Preferred Stock to be redeemed on the Redemption Date, unless such holder has exercised his, her or its right to convert such shares as provided in this Certificate, shall surrender the certificate or certificates representing such shares (or, if such registered holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate) to the Corporation, in the manner and at the place designated in the Redemption Notice, and thereupon the Redemption Price for such shares shall be payable to the order of the person whose name appears on such certificate or certificates as the owner thereof. In the event less than all of the shares of Series C Preferred Stock represented by a

certificate are redeemed, a new certificate representing the unredeemed shares of Series C Preferred Stock shall promptly be issued to such holder.

(iv) Rights Subsequent to Redemption. If the Redemption Notice shall have been duly given, and if on the applicable Redemption Date the Redemption Price payable upon redemption of the shares of Series C Preferred Stock to be redeemed on such Redemption Date is paid or tendered for payment or deposited with an Independent payment agent so as to be available therefor in a timely manner, then notwithstanding that the certificates evidencing any of the shares of Series C Preferred Stock so called for redemption shall not have been surrendered, dividends with respect to such shares of Series C Preferred Stock shall cease to accrue after such Redemption Date and all rights with respect to such shares shall forthwith after the Redemption Date terminate, except only the right of the holders to receive the Redemption Price without interest upon surrender of their certificate or certificates therefor.

(v) Status of Redeemed Series C Preferred Stock. If any shares of Series C Preferred Stock are redeemed pursuant to this Section 4.5(e), then such shares of Series C Preferred Stock so redeemed shall be canceled and thereupon restored to the status of authorized but unissued Preferred Stock, undesignated as to class or series.

(f) Conversion Rights; Mechanics; Status of Converted Stock; Adjustments.

(i) Optional Conversion. A Series C Holder of any share of Series C Preferred Stock may at any time and from time to time convert such share into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing (A) an amount equal to the Series C Stated Value (the "Series C Conversion Amount") by (B) the Series C Conversion Price then in effect.

(ii) Automatic Conversion. Each outstanding share of Series C Preferred Stock shall be automatically and without any action by any Series C Holder converted into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing the Series C Conversion Amount by the Series C Conversion Price then in effect upon the earlier to occur of (i) the holders of at least fifty-one percent (51%) of the then outstanding Series C Preferred Stock consenting to such conversion or (ii) the consummation of a Qualified IPO.

(iii) Mechanics of Conversion.

(1) A Series C Holder who desires to convert any shares of Series C Preferred Stock pursuant to Section 4.5(f)(i) shall surrender the certificate or certificates therefor, duly endorsed, at the office of the Corporation or any transfer agent for the Series C Preferred Stock, and shall give written notice to the Corporation at such office that such Series C Holder elects to convert the same (each such notice, a "Series C Conversion Notice"). Each Series C Conversion Notice shall contain the following: (i) the date on which the conversion is to be effected if such date is to be any date after the Corporation's receipt of the Series C Conversion Notice (such date, as applicable, the "Series C Conversion Date"); (ii) the number of shares of Series C Preferred Stock then owned by the Series C Holder delivering such Series C Conversion Notice; (iii) the number of shares of Series C Preferred Stock to be converted;

(iv) the Series C Conversion Price then in effect, if known by such Series C Holder; (v) the number of shares of Common Stock to be issued to such Series C Holder pursuant to such conversion, if known by such Series C Holder; and (vi) the address to which the Corporation shall deliver one or more certificates evidencing the Common Stock issuable upon such conversion. Following receipt of such certificate or certificates and such Series C Conversion Notice, the Corporation shall promptly issue and deliver to such Series C Holder, in accordance with such Series C Conversion Notice, (x) one or more certificates evidencing the Common Stock issuable upon such conversion, together with any declared but unpaid dividends on such Series C Preferred Stock, and (y) one or more certificates evidencing any shares of Series C Preferred Stock that such Series C Holder delivered to the Corporation but were not subject of the Series C Conversion Notice. The Person entitled to receive the shares of Common Stock issuable upon such conversion shall be treated for all purposes as the record holder of such shares of Common Stock on the Series C Conversion Date.

(2) Upon the occurrence of either of the events specified in Section 4.5(f)(ii), the outstanding shares of Series C Preferred Stock shall be converted automatically and without any action by any Series C Holder and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; provided, however, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless the certificates evidencing such shares of Series C Preferred Stock are either delivered to the Corporation or its transfer agent or the Series C Holder thereof notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an affidavit satisfactory to the Corporation containing an agreement to indemnify the Corporation (and, if applicable, its transfer agent) from any loss incurred by it in connection with such certificates. Thereupon, there shall be issued and delivered to such Series C Holder promptly at such office and in its name as shown on such surrendered certificate or certificates, a certificate or certificates for the number of shares of Common Stock into which the shares of Series C Preferred Stock surrendered were convertible on the date on which such automatic conversion occurred, together with any declared but unpaid dividends on such Series C Preferred Stock.

(iv) Status of Converted Stock. If any shares of Series C Preferred Stock are converted pursuant to this Section 4.5(f), then such shares of Series C Preferred Stock so converted shall be canceled and thereupon restored to the status of authorized but unissued Preferred Stock, undesignated as to class or series.

(v) Adjustments to Series C Conversion Price.

(1) Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the Issue Date effect a subdivision of the outstanding Common Stock without a corresponding subdivision of the Series C Preferred Stock, then the Series C Conversion Price in effect immediately before such subdivision shall be multiplied by a fraction (i) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such subdivision, and (ii) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately following such subdivision. Conversely, if the Corporation shall at any time or from time to time after the Issue Date combine the outstanding shares of Common Stock into a smaller

number of shares without a corresponding combination of the Series C Preferred Stock, then the Series C Conversion Price in effect immediately before the combination shall be multiplied by a fraction (i) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such combination, and (ii) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately following such combination. Any adjustment pursuant to this Section 4.5(f)(v)(1) shall become effective at the close of business on the date the subdivision or combination becomes effective.

(2) Adjustment for Common Stock Dividends and Distributions. If the Corporation at any time or from time to time after the Issue Date makes, or fixes a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in shares of Common Stock, then, in each such event, the Series C Conversion Price that is then in effect shall be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, by multiplying the Series C Conversion Price then in effect by a fraction (i) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (ii) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issued or issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, then the Series C Conversion Price shall be recomputed accordingly as of the close of business on such record date, and thereafter the Series C Conversion Price shall be adjusted pursuant to this Section 4.5(f)(v)(2) to reflect the actual payment of such dividend or distribution.

(3) Adjustment for Reclassification, Exchange and Substitution. If at any time or from time to time after the Issue Date the Common Stock issuable upon the conversion of the Series C Preferred Stock is changed into the same or a different number of shares of any class or classes of Capital Stock, whether by recapitalization, reclassification or otherwise (other than an acquisition or asset transfer or a subdivision or combination of shares or stock dividend or a reorganization, merger, consolidation or sale of assets provided for elsewhere in this Section 4.5(f)(v)), then in any such event each Series C Holder shall have the right thereafter to convert such Series C Holder's shares of Series C Preferred Stock into the kind and amount of stock and other securities and property receivable upon such recapitalization, reclassification or other change by holders of the number of shares of Common Stock into which such shares of Series C Preferred Stock could have been converted immediately prior to such recapitalization, reclassification or change, all subject to further adjustment as provided herein or with respect to such other securities or property by the terms thereof.

(4) Reorganizations, Mergers, Consolidations or Sales of Assets. If Organic Change shall be effected in such a way that holders of Common Stock shall be entitled to receive (either directly or upon subsequent liquidation) stock, securities or assets in respect of or in exchange for their shares of Common Stock, then, as a condition of such Organic Change, lawful and adequate provisions shall be made whereby each Series C Holder shall thereupon have the right to receive, upon the basis and upon the terms and conditions specified

herein and in lieu of the shares of Common Stock immediately theretofore receivable upon the conversion of such Series C Holder's shares of Series C Preferred Stock, such shares of stock, securities or assets as may be issued or payable in respect of or in exchange for the number of outstanding shares of Common Stock that would have been immediately theretofore receivable upon conversion of such Series C Holder's shares of Series C Preferred Stock had such Organic Change not taken place, and in the case of any reorganization or reclassification, appropriate provisions shall be made with respect to the rights and interests of such Series C Holder whereby the provisions hereof (including, without limitation, provisions for adjustments to the Series C Conversion Price) shall thereafter be applicable, as nearly as may be, in relation to any shares of stock, securities or assets thereafter deliverable upon the exercise of such conversion rights.

(5) Adjustment for Issuances Below Series C Conversion Price. If the Corporation shall at any time after the Issue Date issue Additional Stock, without consideration or for a consideration per share less than the Series C Conversion Price in effect immediately prior to such issuance, then the Series C Conversion Price shall be reduced, concurrently with such issuance, to a price (calculated to the nearest one-hundredth of a cent) determined in accordance with the following formula:

$$CP2 = CP1 * (A + B) \div (A + C).$$

For purposes of the foregoing formula, the following definitions shall apply:

"CP2" shall mean the Series C Conversion Price in effect immediately after such issuance of Additional Stock;

"CP1" shall mean the Series C Conversion Price in effect immediately prior to such issuance of Additional Stock;

"A" shall mean the number of shares of Common Stock outstanding immediately prior to such issuance of Additional Stock (treating for this purpose as outstanding all shares of Common Stock issuable upon exercise of options, warrants and rights outstanding immediately prior to such issue or upon conversion or exchange of convertible securities (including the Preferred Stock) outstanding (assuming exercise of any outstanding options, warrants or rights therefor) immediately prior to such issue);

"B" shall mean the number of shares of Common Stock that would have been issued if such Additional Stock had been issued at a price per share equal to CP1 (determined by dividing the aggregate consideration received by the Corporation in respect of such issue by CP1); and

"C" shall mean the number of such Additional Stock issued in such transaction;

provided, that if such issuance or deemed issuance was without consideration, then the Corporation shall be deemed to have received an aggregate of \$0.0001 of consideration for each share of Additional Stock issued or deemed to be issued. Notwithstanding the foregoing, no adjustment shall be made to the Series C Conversion Price pursuant to this Section 4.5(f)(v)(5) (i) if such adjustment would be in amount that would result in less than 100 shares of Common Stock being issued upon a conversion of the Series C Preferred after such adjustment; provided

that any adjustments that are not required to be made by reason of this clause (i) shall be carried forward and shall be taken into account at the earlier of when the cumulative adjustments carried forward would equal an amount that would result in 1,000 shares of Common Stock being issued upon a conversion of the Series C Preferred after such cumulative adjustment or at the end of one (1) year from the date of the event giving rise to the adjustment being carried forward (notwithstanding the foregoing, nothing contained in this clause (i) shall relieve the Corporation of its obligation to provide the certificate in Section 4.5(f)(v)(7) below or any other notice required elsewhere in this Certificate); or (ii) as a result of any of the following (collectively, "Exempt Securities"):

- (i) the issuance of securities for which an adjustment is made under another provision of Section 4.4(f)(v) or this Section 4.5(f)(v);
- (ii) securities issuable upon the exercise or conversion of any Series C Preferred Stock, debenture, warrant, option or other convertible security (including the Series A Preferred Stock, the Series B Preferred Stock and options currently issued to employees under the Corporation's former and then-existing equity incentive plans);
- (iii) the grant of Common Stock or options, warrants or rights to purchase Common Stock (as adjusted for any stock dividends, splits, combinations, recapitalizations and the like) to employees or directors of, or consultants to, the Corporation under compensation plans and agreements approved by the Board of Directors, including the approval of at least one (1) Series C Director (as defined below);
- (iv) shares of Common Stock, Preferred Stock or other securities issued as a dividend or distribution on the Series C Preferred Stock; and
- (v) shares of Common Stock issuable in connection with acquisitions by the Corporation, which are approved by the Board of Directors, including the approval of the Series C Directors.

(6) Certain Rules. The following rules shall apply for purposes of this Section 4.5(f)(v) (including, for the avoidance of doubt, in respect of issuances or deemed issuances of Additional Stock):

- (i) In the case of the issuance or sale (or deemed issuance or sale) of Common Stock for cash, the consideration shall be deemed to be the amount of cash paid therefor before deducting any discounts, commissions or expenses paid or incurred by the Corporation for

any underwriting or otherwise in connection with the issuance and sale thereof;

- (ii) In the case of the issuance or sale (or deemed issuance or sale) of Common Stock for a consideration in whole or in part other than cash, the consideration other than cash shall be valued at the Fair Market Value thereof; and
- (iii) In the case of the issuance or sale of options or warrants to purchase or rights to subscribe for Common Stock, securities convertible into or exchangeable for Common Stock, or options or warrants to purchase or rights to subscribe for such convertible or exchangeable securities, the following provisions shall apply for all purposes of this Section 4.5(f)(v):

- a) The aggregate maximum number of shares of Common Stock deliverable upon exercise (assuming the satisfaction of any conditions to exercisability, including, without limitation, the passage of time, but without taking into account potential antidilution adjustments) of such options or warrants to purchase or rights to subscribe for Common Stock shall be deemed to have been issued at the time such options, warrants or rights were issued and for consideration equal to the consideration (determined in the manner provided in Sections 4.5(f)(v)(6)(i) and (ii)), if any, received by the Corporation upon the issuance of such options, warrants or rights plus the minimum exercise price provided in such options, warrants or rights (without taking into account potential antidilution adjustments) for the Common Stock covered thereby;

- b) The aggregate maximum number of shares of Common Stock deliverable upon conversion of or in exchange for (assuming the satisfaction of any conditions to convertibility or exchangeability, including, without limitation, the passage of time, but without taking into account potential antidilution adjustments) any such convertible or exchangeable securities or upon the exercise of options or warrants to purchase rights to subscribe for such convertible or exchangeable securities and subsequent conversion or exchange thereof shall be deemed to have been issued at the time such securities were issued or such options, warrants or rights were issued and for a consideration equal to the consideration, if any, received by the Corporation for any such securities or options, warrants or rights, plus the minimum additional consideration, if any, to be received by the Corporation (without taking into account potential antidilution adjustments) upon the conversion or exchange of such securities or upon the exercise of such options, warrants or rights and

subsequent conversion or exchange of the underlying convertible or exchangeable securities, as appropriate (the consideration in each case to be determined in the manner provided in Sections 4.5(f)(v)(6)(i) and (ii));

c) In the event of any change in the number of shares of Common Stock deliverable by the Corporation, or in the consideration payable to the Corporation, upon exercise of such options, warrants or rights with respect to either Common Stock or such convertible or exchangeable securities or upon conversion of or in exchange for such convertible or exchangeable securities, including, but not limited to, a change resulting from the antidilution provisions thereof, the Series C Conversion Price, to the extent in any way affected by or computed using such options, warrants, rights or securities, shall be recomputed to reflect such change, but no further adjustment shall be made for the actual issuance of Common Stock or any payment of such consideration upon the exercise of any such options, warrants or rights or the conversion or exchange of such securities;

d) Upon the expiration of any such options, warrants or rights with respect to either Common Stock or such convertible or exchangeable securities or the termination of any such rights to convert or exchange, the Series C Conversion Price, to the extent in any way affected by or computed using such options, warrants, rights or securities shall be recomputed to reflect only the number of shares of Common Stock actually issued upon the exercise or conversion, as applicable, of such options, warrants, rights or securities; and

e) The number of shares of Common Stock deemed issued and the consideration deemed paid therefor pursuant to Sections 4.5(f)(v)(6)(iii)a) and b) shall be appropriately adjusted to reflect any change, termination or expiration of the type described in Sections 4.5(f)(v)(6)(iii)c) and d), as applicable.

(7) Certificate of Adjustment. In each case of an adjustment or readjustment of the Series C Conversion Price pursuant to Section 4.5(f)(v), the Corporation, at its expense, shall compute such adjustment or readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and shall mail such certificate, by first class mail, postage prepaid, to each Series C Holder at such Series C Holder's address as shown in the Corporation's books. The certificate shall set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based, including a statement of (i) the consideration received or deemed to be received by the Corporation for any issuance or deemed issuance of Common Stock or other Capital Stock, (ii) the Series C Conversion Price at the time in effect, (iii) the number of shares of Common Stock or other Capital Stock issued or deemed issued and (iv) the type and amount, if any, of

other property which at the time would be received upon conversion of the Series C Preferred Stock.

(vi) Fractional Shares; Aggregation. No fractional shares of Common Stock shall be issued upon conversion of Series C Preferred Stock. All shares of Common Stock (including fractions thereof) issuable upon conversion of more than one share of Series C Preferred Stock by a Series C Holder thereof shall be aggregated for purposes of determining whether the conversion would result in the issuance of any fractional share. If, after the aforementioned aggregation, the conversion would result in the issuance of any fractional share of Common Stock, then the Corporation shall, in lieu of issuing any fractional share, round to the nearest whole share, with one-half being rounded upward.

(vii) Reservation of Common Stock Issuable Upon Conversion. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purpose of effecting the conversion of the shares of the Series C Preferred Stock, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all then outstanding shares of the Series C Preferred Stock. If at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series C Preferred Stock, then the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

(viii) Payment of Taxes; Opinions. The Corporation will pay all taxes (other than taxes based upon income) and other governmental charges that may be imposed with respect to the issuance and delivery of shares of Common Stock upon conversion of shares of Series C Preferred Stock; provided, however, that if shares of Common Stock are to be issued in the name of any Person other than the Series C Holder, then such Series C Holder must pay all transfer taxes payable with respect thereto, and shall deliver to the Corporation or its transfer agent such certificates and opinions of counsel as may be reasonably required by the Corporation or its transfer agent, as applicable.

(ix) Closing of Books. The Corporation shall not, nor shall it permit its transfer agent to, close its transfer books against the transfer of any shares of Series C Preferred Stock or of any shares of Common Stock issued or issuable upon the conversion of any shares of Series C Preferred Stock in any manner that interferes with the timely conversion of such shares of Series C Preferred Stock, except as required to comply with applicable laws.

(g) Voting Rights.

(i) Except as otherwise provided in this Certificate or as required by applicable law, the Series C Preferred Stock shall vote together with the Common Stock and Preferred Stock, on an as-converted to Common Stock basis, and not as a separate class, at any annual or special meeting of shareholders of the Corporation, and may act by written consent in the same manner as the Common Stock, in either case upon the following basis: each Series C Holder shall be entitled to such number of votes as shall be equal to the whole number of shares of Common Stock (with one-half being rounded upward) into which such Series C Holder's

aggregate number of shares of Series C Preferred Stock are convertible at the close of business on the record date fixed for such meeting or the effective date of such written consent.

(ii) For so long as there is outstanding not less than twenty-five percent (25%) of the shares of Series C Preferred Stock issued on the Issue Date, the Series C Holders, voting separately as one class, shall be entitled to elect two (2) members of the Board of Directors (the "Series C Directors"). At any meeting (or in a written consent in lieu thereof) held for the purpose of electing directors, the presence in person or by proxy (or the written consent) of the holders of at least a majority in interest of the then outstanding shares of Series C Preferred Stock shall constitute a quorum of the Series C Preferred Stock for the election of the Series C Directors. A vacancy in the directorship elected by the holders of Series C Preferred Stock shall be filled by vote or written consent of the holders of the then outstanding shares of Series C Preferred Stock, consenting or voting, as the case may be, in the same manner as presented in the first sentence of this paragraph. Each Series C Director may be removed only by the vote of a least a majority in interest of the then outstanding shares of Series C Preferred Stock.

(h) Protective Provisions. For so long as there is outstanding not less than twenty-five percent (25%) of the shares of Series C Preferred Stock issued on the Issue Date, the Corporation shall not, either directly or by amendment, merger, consolidation, or otherwise, without first obtaining the approval (by vote or written consent) of the holders of at least fifty-one percent (51%) of the then outstanding shares of Series C Preferred Stock (a "Series C Special Vote");

(i) amend, alter or change the rights, preferences, privileges or other terms of the shares of Series C Preferred Stock;

(ii) increase or decrease the number of authorized shares of Series C Preferred Stock, or create (by reclassification or otherwise) or issue any Series C Parity Securities, Series C Senior Securities or any other security convertible into or exercisable for any Series C Parity Securities or Series C Senior Securities;

(iii) purchase or redeem any Series C Senior Securities, Series C Parity Securities or Series C Junior Securities prior to the Series C Preferred Stock; provided that no Series C Special Vote shall be required for any such purchase or redemption that is provided for in this Certificate or approved by the Board of Directors, including the approval of least one (1) Series C Director;

(iv) consummate, or enter into any agreement in respect of the consummation of, any Liquidation Event;

(v) amend, alter, repeal or waive any provision of this Certificate in a manner that adversely affects the Series C Preferred Stock;

(vi) pay or declare any dividend on any Series C Senior Securities, Series C Parity Securities or Series C Junior Securities prior to the Series C Preferred Stock;

provided that no Series C Special Vote shall be required for any such payment or declaration approved by the Board of Directors, including the approval of at least one (1) Series C Director;

(vii) incur aggregate Indebtedness (including through the issuance and sale of debt securities) in excess of Five Hundred Thousand Dollars (\$500,000); provided that no Series C Special Vote shall be required for any such Indebtedness approved by the Board of Directors, including the approval of at least one (1) Series C Director;

(viii) increase the salary of any director or officer of the Corporation in excess of competitive market rates that do not exceed market terms in the Corporation's industry for a company of comparable size; provided that no Series C Special Vote shall be required for any such increase approved by the Board of Directors, including the approval of at least one (1) Series C Director;

(ix) increase or decrease the size of the Board of Directors;

(x) transfer any material assets of the Corporation to any Person other than a wholly-owned Subsidiary of the Corporation;

(xi) make any loan or advance to any employee or director; provided that no Series C Special Vote shall be required for any such loan, advance or similar expenditure in the ordinary course of business or under the terms of an employee stock or option plan approved by the Board of Directors, including the approval of at least one (1) Series C Director; or

(xii) approve or otherwise implement any equity compensation plan, or increase the number of shares of the Capital Stock issuable under any equity compensation plan (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Series C Preferred Stock); provided that no Series C Special Vote shall be required for any such equity compensation plan or increase approved by the Board of Directors, including the approval of at least one (1) Series C Director.

(i) No Impairment. The Corporation will not, by amendment of this Certificate, its Bylaws or other organizational documents or through any merger, consolidation, reorganization, reclassification, recapitalization, Liquidation Event, issue or sale of Capital Stock or any other voluntary action by the Corporation or any Subsidiary thereof, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed in this Section 4.5 or Article VII by the Corporation but will at all times in good faith assist in the carrying out of all these provisions, and in the taking of all such action as may be necessary or appropriate in order to protect the conversion and other rights of the Series C Holders set forth in this Section 4.5 or Article VII.

ARTICLE V NOTICES

Unless otherwise provided by applicable law, all notices, requests, demands, and other communications required or permitted in this Certificate shall be in writing and shall be

Any Holder may change its address for purposes of this Article V by giving written notice of such change to the Corporation in the manner provided in this Article V. Whenever any notice is required to be given by law or by this Certificate, a written waiver thereof, signed by the Person entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of notice. Notwithstanding anything herein to the contrary, prior to the consummation of a Liquidation Event for which shareholder approval is required, the Corporation shall give each Holder of record entitled to vote on such matter written notice of any such impending Liquidation Event not later than the earlier of ten (10) days prior to the shareholders' meeting called to approve such Liquidation Event, if any, and fifteen (15) days prior to the consummation of such Liquidation Event. The notice shall describe the material terms and conditions of the impending Liquidation Event, and the Corporation shall thereafter give such Holders prompt notice of any material changes thereto.
