## TRADEMARK SECURITY AGREEMENT

This 4th day of September, 2014, King's Command Foods, LLC, a Delaware limited liability company ("*Debtor*") with its principal place of business and mailing address at 7622 S. 188th Street, Kent, Washington 98032-1021, in consideration of ten dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, pledges and grants to Bank of Montreal, a Canadian chartered bank, as Agent, with its mailing address at 115 South LaSalle Street, Chicago, Illinois 60603, and its successors and assigns ("*Secured Party*"), a continuing security interest in, the following property:

(i) Each trademark, trademark registration and trademark application listed on Schedule A hereto, and all of the goodwill of the business connected with the use of, and symbolized by, each such trademark, trademark registration and trademark application; and

(ii) All proceeds of the foregoing, including without limitation any claim by Debtor against third parties for damages by reason of past, present or future infringement of any trademark or trademark registration listed on Schedule A hereto or by reason of injury to the goodwill associated with any such trademark, trademark registration or trademark license, in each case together with the right to sue for and collect said damages;

to secure performance of all Secured Obligations of Debtor and certain affiliates of Debtor as set out in that certain Third Amended and Restated Security Agreement dated May 22, 2014 herewith between Debtor, such affiliates and Secured Party (such Third Amended and Restated Security Agreement, as amended, modified, supplemented or restated from time to time, hereinafter the "*Security Agreement*"). Capitalized terms used herein and not defined herein have the meanings set forth in the Security Agreement.

Notwithstanding anything herein to the contrary, this Trademark Security Agreement shall not pledge or grant a security interest to Secured Party in any applications by Debtor for a trademark based on an intent to use the same if and so long as such application is pending without a Statement of Use having been filed and accepted to the extent the grant of such security interest would impair the registerability of such applications or the validity or enforceability of registrations issuing from such applications. When a Statement of Use is filed and accepted by the Trademark Office, then that application shall cease to be partly exempted from this Agreement.

Debtor does hereby further acknowledge and affirm that the rights and remedies of Secured Party with respect to the pledge and security interest in the trademarks, trademark registrations and trademark applications made and granted hereby are more fully set forth in the Security Agreement.

For clarity, this Trademark Security Agreement is not intended as a current assignment of the entire interest in the trademark, trademark registration and trademark application listed on

Schedule A hereto but it is intended to assign a security interest only on and pursuant to the terms of the Security Agreement.
