TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT, dated as of July 7, 2015 (this "Assignment"), is made by Environmental Reclamation Services, LLC, a Delaware limited liability company ("Assignor"), in favor of Clover Technologies Group, LLC., a Delaware limited liability company (the "Assignee").

WHEREAS, Assignor owns the trademarks together with the goodwill of the business connected with the use of, or symbolized by, the foregoing, identified on Schedule A to this Assignment (collectively, the "Trademarks");

WHEREAS, Assignor has agreed to transfer substantially all of the assets of the business to which the Trademarks relate, and that such business is ongoing; and

WHEREAS Assignor desires to assign all of its right, title and interest in and to the Trademarks to the Assignee and the Assignee desires to acquire the Trademarks in accordance with the terms of this Assignment.

NOW, THEREFORE, in consideration of the covenants and agreements set forth herein and for ten U.S. dollars and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Assignor, the parties hereby agree as follows:

1. Assignor hereby conveys, assigns, sells and transfers to Assignee, its successors and permitted assigns, Assignor's entire right, title and interest in and to the Trademarks, and all of the goodwill of the business associated with the Trademarks, together with that portion of the business to which the Trademarks pertain, and all registrations and pending applications for the Trademarks, any renewals of the registrations, in all countries throughout the world, to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its subsidiaries, successors, assigns and legal representatives, for the full extent of the life and/or term of the Trademarks, as applicable, to be used as fully and entirely as such rights would have been held and enjoyed by such Assignor had this Assignment not been made, together with all causes of action for any and all previously occurring infringement of the rights being assigned and the rights to receive and retain the proceeds relating to those infringements.

2. Assignor hereby represents, warrants and covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.

3. Assignor hereby represents, warrants and covenants that: (i) Assignor is the exclusive owner of the entire right, title and interest in and to the Trademarks in the United States and in all countries throughout the world; (ii) Assignor has the full right and power to make this Assignment; (iii) Assignor has not executed, and will not execute, any agreement or other document in conflict with this Assignment; and (iv) none of the

Trademarks is an imitation or copy of, or will, in any way, directly or indirectly, infringe upon any other intellectual property, or violate any other rights of any party.

4. Assignor hereby requests the Commissioner for Trademarks at the United States Patent and Trademark Office (the "Commissioner"), as well as his or her counterparts at the corresponding entities or agencies in any country or jurisdiction that may exercise authority over any of the Trademarks, record this Assignment. Assignor hereby further requests that the Commissioner and his or her non-US counterparts issue any and all trademark registrations resulting from applications among the Trademarks (or derived therefrom) to the Assignee as assignee of the entire interest therein.

5. Upon reasonable request by the Assignee, Assignor will execute further papers (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation) and to do such other acts as may be necessary or reasonably requested by the Assignee to vest full title in and to the Trademarks in the Assignee or which may be necessary to obtain, renew, issue or enforce the Trademarks. Assignor hereby authorizes Assignee, and hereby makes, constitutes and appoints Assignee, and its officers, agents, successors and assigns with full power of substitution as the Assignor's true and lawful attorney-in-fact, with power, in Assignee's own name or the name of Assignor, to execute any such further papers.

6. No amendment of any provision of this Assignment shall be valid unless the same shall be in writing and signed by Assignor and Assignee. No waiver by any party of any provision of this Assignment or any default or breach of covenant hereunder, whether intentional or not, shall be valid unless the same shall be in writing and signed by the party against whom the waiver is to be effective nor shall such waiver be deemed to extend to any prior or subsequent default or breach of covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

7. This Assignment shall be binding on Assignor and its successors and assigns, and shall inure to the benefit of the Assignee and its successors and assigns.
