- (b) Bank has agreed to make available to Grantor, subject to the Credit Agreement, certain revolving loans, which are evidenced by the Note, and Grantor has agreed to provide certain Pledged Collateral to secure the Obligations, all on the terms and conditions set forth in the Credit Agreement, the IP Security Agreement, and the other related Loan Documents.
- (c) The terms and conditions of the IP Security Agreement include the execution, delivery, and recordation of this Abridged Security Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

AGREEMENT

1. Supplement to IP Security Agreement. This Abridged Security Agreement has been entered into in conjunction with the security interest granted by Grantor to Bank under the IP Security Agreement. The terms of this Abridged Security Agreement are supplemental to and not in replacement of the terms of the IP Security Agreement, and the rights and remedies of Bank with respect to the security interest granted herein are without prejudice to, but in addition to, those set forth in the IP Security Agreement. If there is any conflict between this Abridged Security Agreement and the IP Security Agreement, the IP Security Agreement shall govern.

2. Security Interest and Collateral. To secure the payment and performance of all of the Obligations, Grantor grants Bank a security interest in all of Grantor's present and future rights, title, and interest in the Patents identified on Schedule A attached hereto, the Trademarks, identified on Schedule B attached hereto, and the Copyrights identified on Schedule C attached hereto.

3. General Provisions. Sections 11. through 17. of the IP Security Agreement are incorporated herein by reference, except that the term "Security Agreement" as used in Sections 11. through 17. of the IP Security Agreement shall mean this Abridged Security Agreement.

4. Terms and Usages in IP Security Agreement. All capitalized terms used in this Abridged Security Agreement and not otherwise defined herein will have the meanings assigned to them in the IP Security Agreement.
