RELEASE OF SECURITY INTERESTS IN INTELLECTUAL PROPERTY

This Release of Security Interests in Intellectual Property is made as of the 16th day of June, 2016 (the "Release Date"), in favor of Aterian Burner Systems International, Inc., a Delaware corporation (the "Parent"), Gas Components Group, Inc., a Delaware corporation ("GCG"), Burner Systems International, Inc., a Delaware corporation ("BSI") and Universal Tubular Systems, LLC, a Delaware limited liability company ("UTS" and together with Parent, GCG and BSI, each a "Grantor", and collectively the "Grantors"), by Cerberus Business Finance, LLC, as administrative agent (in such capacity "Secured Party").

WHEREAS, a Trademark Security Agreement, dated May 23, 2012, by the Grantor in favor of Secured Party ("Trademark Security Agreement") was recorded on May 23, 2012 by the Assignment Recordation Branch of the U.S. Patent and Trademark Office, at Reel/Frame 4786/0756.

WHEREAS, the Grantor has made payment to satisfy the obligations owed to the Secured Party by the Grantor under the above referenced Trademark Security Agreement, and the Secured Party has agreed to terminate, release and discharge its security interest in all of the IP Collateral (as such term is defined in the Trademark Security Agreement), including, without limitation, the Trademarks (as such term is defined in the Trademark Security Agreement) listed on Schedule A.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Secured Party hereby agree as follows:

1. All of Secured Party's security interests, liens, pledges, mortgages, and other encumbrances of any kind whatsoever created pursuant to the Trademark Security Agreement (collectively, the "Security Interests"), including any such Security Interests encumbering the IP Collateral, are hereby automatically terminated, released and discharged, and the Secured Party shall sign any additional termination documents reasonably requested in writing by Grantor at Grantor's cost and expense, including filings with the U.S. Patent and Trademark Office against the IP Collateral (including, without limitation, the Trademarks listed on Schedule A hereto), as shall be necessary to effect the termination, release and discharge of all of the Security Interests, each at Grantor's cost and expense. Secured Party authorizes the Grantors or any of their designee to make any such filing with the U.S. Patent and Trademark Office as may be reasonably determined by the Grantors to be required to record and evidence the termination, cancellation, and release of the Security Interests in the IP Collateral.

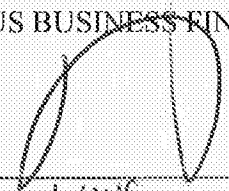

2. If and to the extent that Secured Party has acquired any right, title or interest in or to any of the IP Collateral, it hereby assigns and transfers such rights, title or interest to Grantor, along with any goodwill in the Trademarks that the Secured Party may have acquired.

3. This Release may be executed in any number of counterparts, but all of such counterparts shall together constitute one and the same instrument. This Release shall be governed and construed in accordance with the laws of the State of New York.
