INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT is entered into as of August 9, 2018, (this “**Agreement**”), among the entities identified as grantors on the signature pages hereto (collectively, the “**Grantors**”) and The Bank of New York Mellon, as collateral agent for the Noteholder Secured Parties (in such capacity, together with its successors and permitted assigns, the “**Notes Collateral Agent**”).

Certain Grantors (the “**US Grantors**”) are party to the U.S. Pledge and Security Agreement dated as of March 21, 2017 (as amended or otherwise modified, the “**March Security Agreement**”) and the U.S. Pledge and Security Agreement dated as of October 17, 2017 (as amended or otherwise modified, the “**October Security Agreement**” and together with the March Security Agreement, the “**Security Agreements**”) between each of the US Grantors and the other grantors party thereto and the Notes Collateral Agent pursuant to which the US Grantors granted a security interest to the Notes Collateral Agent in the IP Collateral (as defined below) and are required to execute and deliver this Agreement. Consistent with the requirements set forth in Section 4.3 of the Security Agreements, the parties hereto agree as follows:

SECTION 1. **Terms.** Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreements.

SECTION 2. **Grant of Security Interest.** As security for the prompt and complete payment or performance, as the case may be, in full of the Secured Obligations, each Grantor, pursuant to the Security Agreements, did and hereby does pledge, collateralize, assign, mortgage, transfer and grant to the Notes Collateral Agent, its successors and permitted assigns, on behalf of and for the ratable benefit of the Secured Parties, a continuing security interest in all of its right, title or interest in, to or under all of the following assets, whether now owned or at any time hereafter acquired by or arising in favor of such Grantor and regardless of where located (the Trademark Collateral, Patent Collateral and Copyright Collateral, each as defined below, collectively, the “**IP Collateral**”):

A. The “**Trademark Collateral**”, defined as set forth in paragraphs (1) through (4) directly below:

1. all Trademarks, including those Trademark registrations and registration applications in the United States Patent and Trademark Office listed on Schedule I hereto;
2. all goodwill associated with or symbolized by the Trademarks;
3. the right to sue third parties for past, present and future infringements, dilutions or violations of any Trademark; and
4. all proceeds of and rights associated with the foregoing;

B. The “**Patent Collateral**”, defined as set forth in paragraphs (1) through (3) directly below:

1. all Patents, including those Patent registrations and pending applications in the United States Patent and Trademark Office listed on Schedule II hereto;

2. the right to sue third parties for past, present and future infringements of any Patent; and
3. all proceeds of and any right associated with the foregoing; and

C. The “**Copyright Collateral**”, defined as set forth in paragraphs (1) through (3) directly below:

1. all Copyrights, including those Copyright registrations and pending applications for registration in the United States Copyright Office listed on Schedule III;
2. the right to sue third parties for past, present and future infringements of any Copyright, and
3. all proceeds of and rights associated with the foregoing;

Notwithstanding anything to the contrary in (A) through (C) above, this Agreement shall not constitute a grant of a security interest in any Excluded Assets, including any “intent-to-use” Trademark applications prior to the filing and acceptance of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto.

SECTION 3. Security Agreement. The security interests granted to the Notes Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Notes Collateral Agent pursuant to the Security Agreements. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Notes Collateral Agent with respect to the IP Collateral are more fully set forth in the Security Agreements, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreements, the terms of the Security Agreements shall govern.

SECTION 4. Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 5. Counterparts. This Agreement may be executed in one or more counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument. Delivery of an executed counterpart to this Agreement by facsimile transmission or other electronic transmission (such as .pdf or .tif) shall be effective as delivery of a manually signed counterpart of this Agreement.
