WHEREAS, pursuant to the Security Agreement, Grantors have granted to Lender, on behalf of and for the benefit of the Secured Parties, security interests in and liens upon substantially all of each Grantor’s assets, including without limitation all of each Grantor’s Patents, Trademarks and Copyrights (each as defined in the Security Agreement) and specifically including all of each Grantor’s registered United States patents, trademarks and copyrights and all of each Grantor’s filed United States patent applications, trademark applications and copyright applications, all whether now owned or hereafter created, arising and/or acquired (collectively, the “Intellectual Property Collateral” as hereinafter further defined); and

NOW, THEREFORE, in consideration of the premises and mutual covenants and agreements provided for herein and in the Credit Agreement and Security Agreement, and for other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged by each party hereto, and intending to be legally bound, the parties hereto agree as follows:

Section 1. Grant of Security Interest in Intellectual Property Collateral. Without limiting any other grant of any lien by any Grantor in any Collateral under the Security Agreement or any other Loan Document, to secure the prompt payment and performance of all Secured Obligations to Lender and the other Secured Parties, each Grantor hereby assigns, pledges and grants to Lender, on behalf of and for the benefit of the Secured Parties, a continuing security interest in and lien upon all of such Grantor’s right, title and interest in, to and under the following Collateral of such Grantor, all whether now owned and/or existing or hereafter created, arising and/or acquired (the “Intellectual Property Collateral”):

(d) all of its registered United States copyrights and filed United States copyright applications, including, without limitation, those referred to on Schedule 1 hereto or on any Schedule to any Supplement delivered hereafter, together with all renewals, reversions and extensions of the foregoing;

(e) all applications, registrations, claims, awards, judgments, amendments, improvements and insurance claims related thereto now or hereafter owned or licensed by any Grantor, or any claims for damages by way of any past, present, or future infringement of any of the foregoing, together with all accessions and additions thereto and proceeds thereof (including, without limitation, any proceeds resulting under insurance policies); and

(f) all cash, income, royalties, fees, other proceeds, accounts and general intangibles that consist of rights of payment to or on behalf of any Grantor, proceeds from the sale, licensing or other disposition of all or any part of, or rights in, the Intellectual Property Collateral by or on behalf of any Grantor, and all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof;

which such continuing security interest in and lien upon the Intellectual Property Collateral, and this Agreement, shall continue in full force and effect to secure each of the Secured Obligations unless and until the Secured Obligations have been indefeasibly satisfied and paid in full in cash and all Commitments under the Credit Agreement have been terminated.

Section 2. Security Agreement. The security interests and liens granted pursuant to this Agreement are granted in conjunction with, and in no way limit, the security interests and liens granted to the Lender pursuant to the Security Agreement and/or any of the other Loan Documents, and each Grantor hereby acknowledges and agrees that the rights and remedies of the Lender with respect to the security interests in and liens upon the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 3. Registration/Filing. This Agreement is intended by the parties to be filed, and each Grantor hereby authorizes Lender to file and record a copy of this Agreement, with the United States Patent and Trademark Office and/or United States Copyright Office, as applicable.

Section 4. Grantors Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall retain full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with the Intellectual Property Collateral subject to a security interest hereunder.

Section 5. Agreement to Deliver Supplements. Each Grantor hereby covenants and agrees that promptly upon the acquisition by such Grantor of any new Intellectual Property Collateral, Grantors shall, concurrently with the next scheduled delivery of a compliance certificate under the Credit Agreement following acquisition of such new Intellectual Property Collateral, deliver to Lender a duly executed Supplement to this Agreement in the form of Exhibit A hereto (a "Supplement"), listing all such newly acquired Intellectual Property Collateral on Schedule I thereto, pursuant to which Grantors shall reconfirm the grant of a security interest in such newly acquired Intellectual Property Collateral to Lender, on behalf of and for the benefit of the Secured Parties, to secure the Secured Obligations. Each Supplement is intended by the parties to be filed, and Grantors hereby authorize Lender to file and record a copy of each Supplement, with the United States Patent and Trademark Office and/or United States Copyright Office, as applicable. Regardless of whether any Supplement is delivered by Grantors, and without limiting the generality of the provisions of Section 1 hereof above, Grantors hereby confirm and agree that any and all such after-acquired Intellectual Property Collateral shall immediately and automatically upon any Grantor's acquisition of any right, title and interest therein become part of the Intellectual Property Collateral hereunder. In the event that any Grantor acquires any such new Intellectual Property Collateral but Grantors fail for whatever reason to promptly executed and deliver a Supplement to Lender pursuant to this Section 5, each Grantor hereby authorizes Lender, acting under its Power of Attorney granted pursuant to Section 8 below, to at any time thereafter execute in the name of such Grantor an applicable Supplement with respect to such newly acquired Intellectual Property Collateral and to file the same with the United States Patent and Trademark Office and/or United States Copyright Office, as applicable.

Section 6. Representation and Warranties. Grantors hereby represent and warrant to Lender that Schedule 1 sets forth a full, complete and correct list of all Intellectual Property Collateral owned by Grantors as of the date hereof.

Section 7. Events of Default and Remedies. The occurrence of an Event of Default under the Credit Agreement shall constitute an "Event of Default" under this Agreement. Upon the occurrence of and during the continuance of an Event of Default, in addition to all other rights, options, and remedies granted to Lender under the Credit Agreement or any of the other Loan Documents or otherwise available to Lender as a secured creditor at law or in equity, Lender may exercise, either directly or through one or more assignees or designees, all rights and remedies granted to it as a secured creditor under the Uniform Commercial Code with respect to the Intellectual Property Collateral.

Section 8. Power of Attorney. Without limiting the generality of any power of attorney granted to Lender under the Credit Agreement or any other Loan Document, each Grantor hereby authorizes Lender, its successors and assigns, and any officer, employee, attorney or agent thereof, as such Grantor's true and lawful attorney-in-fact, with the power (a) to execute and endorse on behalf of and in the name of such Grantor any Supplement to this Agreement or other security agreement or similar document or instrument which Lender may deem necessary or desirable in order to create, protect, perfect or enforce the security interest provided for herein in the Intellectual Property Collateral and in each case to file or record any such Supplement or other security agreement or similar document or instrument with the United States Patent and Trademark Office and/or the United States Copyright Officer, as applicable, in the name of and on behalf of such Grantor, and (b) after the occurrence and during the continuance of an Event of Default, to execute and endorse on behalf of and in the name of such Grantor any assignment, bill of sale or similar document or instrument which Lender may deem necessary or desirable in order for Lender to assign, pledge, convey or otherwise sell, transfer title in or dispose of the Intellectual Property Collateral, and in each case to file or record with the United States Patent and Trademark Office and/or the United States Copyright Officer, as applicable, in the name of and on behalf of such Grantor any such assignment or bill of sale or other document executed by Lender, its successors and assigns, and any officer, employee, attorney or agent thereof under this power of attorney. Each Grantor hereby unconditionally ratifies all that any person authorized under this power of attorney shall lawfully do or cause to be done by virtue hereof and in accordance with the terms of hereof and of the Credit Agreement and the other Loan Documents. This power of attorney is coupled with an interest and is and shall be irrevocable unless and until all of the Secured Obligations (including any obligations to provide cash collateral for any Letters of Credit) have been indefeasibly paid in full in cash and satisfied and all of the Commitments under the Credit Agreement have been terminated.

Section 9. Miscellaneous. Without limiting the generality of the general incorporation of the Credit Agreement herein provided for above, the provisions of Section 8.01, Section 8.03, Section 8.09 and Section 8.10 of the Credit Agreement are hereby specifically incorporated by reference. If any part of this Agreement is contrary to, prohibited by, or deemed invalid under applicable laws or regulations, such provision shall be inapplicable and deemed omitted to the extent so contrary, prohibited or invalid, but the remainder hereof shall not be invalidated thereby and shall be given effect so far as possible. This Agreement shall be binding upon and inure to the benefit of Grantors and Lender, and their respective successors and assigns, except that no Grantor may assign or transfer any of its rights or obligations under this Agreement without the prior written consent of Lender. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Any signature delivered by a party by facsimile or other electronic means of transmission (including email transmission of a PDF copy) shall be deemed to be an original signature hereto.

THIS SUPPLEMENT TO INTELLECTUAL PROPERTY SECURITY AGREEMENT (the "Supplement") made as of this ___ day of _____, 20___, by ORCHARD YARN AND THREAD COMPANY INC., a New York corporation ("Orchard", and together with and any other Person that may hereafter become a party to this Agreement as a grantor of liens under the Intellectual Property Security Agreement described below, collectively, "Grantors" and each a "Grantor"), in favor of JPMORGAN CHASE BANK, N.A. (the "Lender"):

W I T N E S S E T H

WHEREAS, Grantors and Lender are parties to a certain Intellectual Property Security Agreement, dated as of March 12, 2019 (as amended, modified, supplemented, renewed, restated or replaced from time to time, the "IP Security Agreement"). Capitalized terms used herein but not otherwise defined herein shall have the meanings given to such terms in the IP Security Agreement;

WHEREAS, pursuant to the IP Security Agreement, to secure the prompt payment and performance of all Secured Obligations to Lender and each other Secured Party, Grantors have assigned, pledged and granted to Lender, on behalf of and for the benefit of the Secured Parties, a continuing security interest in and to and lien upon all of such Grantor's right, title and interest in, to and under the Intellectual Property Collateral of each Grantor, all whether now owned or hereafter created, arising and/or acquired; and

WHEREAS, pursuant to the IP Security Agreement, Grantors have agreed that upon the acquisition by Grantors of any new Intellectual Property Collateral, Grantors shall deliver to Lender a Supplement to the IP Security Agreement in the form of Exhibit A thereto pursuant to which Grantors shall reconfirm the grant by them of a security interest in and lien upon all such newly acquired Intellectual Property Collateral, which such Supplement is intended by the parties to be filed with the United States Patent and Trademark Office and/or United States Copyright Office, as applicable,

NOW, THEREFORE, in consideration of the premises set forth herein and for other good and valuable consideration, receipt and sufficiency of which are hereby acknowledged by each party hereto, and intending to be legally bound, and with the foregoing background and recitals incorporated by reference, Grantors agree as follows:

1. Grant and Reaffirmation of Grant of Security Interests. Without limiting any other grant of any security interest or lien by any Grantor in and upon any Collateral under the Security Agreement or any of the other Loan Documents, to secure the prompt payment and performance of all Secured Obligations to Lender and the other Secured Parties, each Grantor hereby assigns, pledges and grants to Lender, on behalf of and for the benefit of the Secured Parties, a continuing security interest in and to and lien upon all of such Grantor's right, title and interest in, to and under the following Collateral of Grantor, all whether now owned or hereafter created, arising and/or acquired:

(a) the newly acquired Intellectual Property Collateral listed on Schedule 1 to this Supplement (together with all reissues, reexaminations, continuations, continuations-in-part, divisionals, renewals and extensions of the foregoing),

(b) all goodwill of the business connected with the use of, and symbolized by, any trademark and trademark application covered by (a) above; and

(c) all other property otherwise constituting Intellectual Property Collateral relating to the foregoing.

Grantors agree that all such newly acquired Intellectual Property Collateral described above shall be included in and be part of the Intellectual Property Collateral under and subject to all of the terms and provisions of the IP Security Agreement. Grantors hereby authorize Lender to file and record a copy of this Supplement with the United States Patent and Trademark Office and/or United States Copyright Office, as applicable.

2. Representations and Warranties. Each Grantor hereby represents and warrants to Lender that Schedule I hereto sets forth a full, complete and correct list of all Intellectual Property Collateral owned by Grantor as of the date hereof not listed on Schedule 1 to the original IP Security Agreement or any Schedule to any other Supplement to the original IP Security Agreement delivered by Grantor since the date thereof but prior to the date hereof.

3. Incorporation of the IP Security Agreement.
