WHEREAS, the Grantor, Topaz Holdings LLC, Arrow Bidco, LLC, a Delaware limited liability company, and certain of its Subsidiaries have entered into an Indenture, dated as of March 15, 2019 (as amended, amended and restated, supplemented and otherwise modified from time to time, the “**Indenture**”), with, inter alios, Deutsche Bank Trust Company Americas, as Agent on behalf of the Secured Parties.

WHEREAS, the Grantor has entered into a Security and Pledge Agreement dated as of March 15, 2019 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”) with the Agent. Terms defined in the Security Agreement and not otherwise defined herein are used herein as defined in the Security Agreement.

WHEREAS, pursuant to the terms of the Security Agreement, the Grantor has granted a security interest in, among other property, certain intellectual property of the Grantor to the Agent for the benefit of the Secured Parties, and have agreed as a condition thereof to execute this IP Security Agreement covering such intellectual property for recording with the U.S. Patent and Trademark Office and the United States Copyright Office (or any successor office or any similar office in any state or political subdivision), as applicable.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

1. GRANT OF SECURITY

The Grantor hereby pledges and grants to the Agent for the benefit of the Secured Parties a lien on and security interest in and to all of such Grantor’s right, title and interest in, to and under the following property, wherever located and whether now existing or hereafter arising or acquired from time to time (collectively, the “**Collateral**”):

- 1.1 all patents, patent applications, and certificates of inventions industrial designs set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by supplements to the Security Agreement and this IP Security Agreement, each such supplement being in substantially the form of Exhibit C to the Security Agreement (an “**IP Security Agreement Supplement**”), executed and delivered by such Grantor to the Agent from time to time), together with all reissues, divisions, continuations, continuations-in-part, extensions, amendments and re-examinations thereof, all inventions both described and claimed therein, and all rights therein provided by international treaties or conventions (the “**Patents**”);
- 1.2 all registrations and applications for trademarks, service mark, service marks, certification marks, collective marks, trade dress, slogans, logos, Internet domain names, product configurations, trade names, business names, corporate names and other source identifiers, whether or not registered, whether statutory or common law, whether currently in use or not, including, without limitation, all common law rights and registrations and applications for registration thereof, and all other marks registered in the U.S. Patent and Trademark Office, or in any office or agency of

any state or territory of the United States or any foreign county (but excluding any intent-to-use trademark application prior to the filing and acceptance of a Statement of Use or an Amendment to allege use in connection therewith to the extent that a valid security interest may not be taken in such an intent-to-use trademark application under applicable law), and all rights therein provided by international treaties or conventions or other applicable laws with respect to the use of any of the foregoing, all reissues, extensions, continuations and renewals and amendments of any of the foregoing, together in each case with the goodwill of the business connected therewith and symbolized thereby, and all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto set forth in Schedule B hereto (as such Schedule B may be supplemented from time to time by IP Security Agreement Supplements executed and delivered by such Grantor to the Agent from time to time) (the “**Trademarks**”);

- 1.3 all copyrights, copyright applications, copyright registrations and like protections in each work of authorship, whether statutory or under common law, whether published or unpublished, registered or recorded in the United States and all mask works (as such term is defined in 17 U.S.C. Section 901, et seq.), all rights and privileges arising under applicable law with respect to such copyrights, any renewals or extensions thereof, all copyrights of works derived from such copyrights, including, without limitation, the copyright registrations and copyright applications, together with all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto set forth in Schedule C hereto (as such Schedule C may be supplemented from time to time by IP Security Agreement Supplements executed and delivered by such Grantor to the Agent from time to time) (the “**Copyrights**”);
- 1.4 any and all payments, damages, claims for damages for past, present and future infringement, misappropriation or breach with respect to the Patents, Trademarks and Copyrights, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
- 1.5 to the extent not covered in Sections 1.1, 1.2, 1.3 and 1.4, all income, fees, royalties and proceeds (now or hereafter due and/or payable) of, collateral for and supporting obligations relating to, any and all of the foregoing.
- 1.6 Notwithstanding anything to the contrary contained above, the security interest created by this IP Security Agreement shall not extend to Excluded Assets.

2. RECORDATION

3. TERMINATION

Upon a defeasance (as defined in the Indenture) or Discharge of the Indenture in accordance with the terms and conditions thereof, the pledge, assignment and security interest granted hereby shall terminate and all rights to the Collateral shall revert to the Grantor.

4. EXECUTION IN COUNTERPARTS
