IP TRANSFER AGREEMENT

This IP Transfer Agreement (this “**Agreement**”), dated as of March 7, 2019, is made by and among Société des Produits Nestlé S.A., a société anonyme organized under the laws of Switzerland (“**SPN**”), Nestec S.A., a société anonyme organized under the laws of Switzerland (“**Nestec**” and, together with SPN, “**Transferors**”), and Craig Holdings, Inc., a Texas corporation (“**Transferee**”). SPN, Nestec and Transferee are sometimes referred to herein as the “**Parties**” and each as a “**Party**.”

RECITALS

WHEREAS, the Parties, among others, have, simultaneously herewith, entered into that certain Agreement (the “**Craig Consent Agreement**”), requiring by its terms that the Parties enter into an agreement to transfer certain of Transferors’ intellectual property to Transferee; and

WHEREAS, this Agreement is intended by the parties to the Craig Consent Agreement as the “IP Transfer Agreement” referred to therein.

NOW THEREFORE, in consideration of the foregoing and the respective agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Recitals; Definitions. The recitals to this Agreement are incorporated into and made a part hereof. Capitalized terms used herein without definition shall have the meanings ascribed thereto in the Craig Consent Agreement, including those terms defined by reference therein to the Substitute IPLA (as such term is defined in the Craig Consent Agreement).

2. Assignment. Subject only to (and effective automatically upon, without any further action) the Closing (as defined in the Craig Purchase Agreement) (the time of such Closing, the “**Effective Time**”), Transferors hereby absolutely and irrevocably sell, transfer, convey, deliver and assign to Transferee, jointly and severally, all of Transferors’ right, title and interest throughout the world in and to , free and clear of all liens, claims and encumbrances:

(a) the marks set forth on Schedule A hereto, and any other trademarks, service marks, trade names, logos and trade dress, together with all translations, adaptations, derivations and combinations thereof, and any common law rights therein, that are or were used almost exclusively in connection with the Business through the Effective Time, together with any trademark registrations or applications therefor, and all issuances, extensions, and renewals thereof, and together with the goodwill of the business connected with the use thereof, and symbolized thereby;

(b) each Transferor’s technical and non-technical information and data, whether capable of being patented or not, that constitute confidential business information or trade secrets and are or were used almost exclusively in connection with the Business; provided, however, that, except as required by either of Sections 5 or 6, nothing in this Agreement requires Transferors to deliver an information or records to Transferee;

(c) each Transferor's copyrights and copyrightable works that are or were used exclusively in connection with the Business;

(d) the domain names set forth on Schedule B hereto;

(e) all rights of any kind whatsoever of each Transferor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(f) any and all royalties, fees, income, payments, and other proceeds due or payable as of the Effective Time or thereafter with respect to any and all of the foregoing (for clarity, excluding any payments due or payable to Transferors (or their designees) under the Craig Consent Agreement); and

(g) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the Effective Time, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages (the items set forth in clauses (a) – (g), collectively, the “**IP Rights**”).

For purposes of this Agreement, “**Business**” shall mean the business of manufacturing, marketing, distributing, franchising and selling weight loss management products and services as conducted by the Transferee and its Subsidiaries through the Effective Time.

3. Acceptance and Assumption. Effective automatically at the Effective Time, Transferee hereby accepts the sale, transfer, assignment, conveyance and delivery of all of each Transferor's right, title and interest in and to the IP Rights, including all goodwill arising from or relating thereto.

4. Domain Name Assignment. Promptly following the Effective Time, and in any event within five days thereafter, Transferors shall deliver to the domain name registrar such duly and validly executed documents and instruments, or take such other actions, as may be required by such registrar to designate Transferee, or its designee, as the sole administrative contact and technical contact with respect to each domain name set forth on Schedule B.

5. Unassignable IP Rights. To the extent that any items that would fall within the description of Sections 2(a) – 2(g) cannot be sold, transferred, conveyed, delivered or assigned to Transferee as of the Effective Time pursuant to this Agreement because of applicable Law (any such items, “**Other IP**”), nothing in this Section 5 shall invalidate, reduce or impair the provisions of Sections 2, 3 and 4 hereof and (a) from and after the Effective Time, Transferors shall not sell, assign or transfer to any third party or register or use in any manner (except to take necessary steps to obtain registration of Other IP) Other IP or otherwise dispute or challenge Transferee's or its assignees' assignment, transfer, sale, registration or use of such Other IP; and (b) effective automatically at the Effective Time, Transferors, on behalf of themselves and their respective Affiliates, hereby grant Transferee, and Transferee hereby accepts, an exclusive, royalty-free, transferable, irrevocable, worldwide, fully paid-up license (with rights to sublicense

through multiple tiers of sublicensees) to fully use, practice and exploit such Other IP, including, but not limited to, the right to make, use, sell, offer for sale, import, have made, and have sold, such Other IP. To the extent any of the Other IP cannot be, as of the Effective Time, licensed under applicable Law pursuant to this Agreement, then, effective at the Effective Time, Transferors, on behalf of themselves and their respective Affiliates, hereby irrevocably waive and agree never to assert the non-licensable Other IP against Transferee or any of Transferee's Affiliates, successors in interest, or customers or other designees (including, without limitation, any moral rights). In the event any Other IP subsequently may be sold, transferred, conveyed, delivered or assigned to Transferee, Transferors shall promptly take all reasonably necessary action to do so, upon request thereof by Transferee. Nothing in this Section 5 shall invalidate, reduce or impair the broad assignment provisions of Sections 2, 3 and 4 hereof.

6. Further Assurances. If after the Effective Time Transferee discovers any trademark registrations or applications therefor, issuances, extensions, or renewals thereof, or other intellectual property that was not set forth on Schedule A or otherwise transferred to Transferee and were or are either (i) almost exclusively used in the Business, or (ii) licensed to Transferee under the Substitute IPLA (whether or not used exclusively in the Business), then each Transferor shall transfer, convey, deliver and assign the same to Transferee, without any additional consideration therefor, free and clear of all liens and encumbrances, upon request thereof by Transferee. From time to time following the Effective Time, Transferors shall execute such other or additional instruments of transfer or conveyance in respect of the IP Rights and Other IP as are reasonably requested and prepared by Transferee, and deliver such executed instruments to Transferee within 10 Business Days of any such request, including any applicable forms of assignment necessary for filing before the U.S. Patent and Trademark Office, the U.S. Copyright Office or equivalent filings in foreign jurisdictions.

7. Rights and Privileges. All rights and any income, royalties or payments otherwise due or payable to Transferors with respect to any IP Rights and Other IP as of the Effective Time or thereafter (excluding any payments due or payable to Transferors (or their designees) under the Craig Consent Agreement) will be held and enjoyed by Transferee and its successors, executors and permitted assigns.

8. Parties In Interest. This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns. Nothing in this Agreement, express or implied, is intended to confer upon any Person other than the Parties, or their successors or permitted assigns, any rights or remedies under or by reason of this Agreement. This Agreement may not be amended, terminated or waived without the prior written consent of Buyer (which consent shall not be unreasonably withheld, conditioned or delayed), and Buyer is an express third party beneficiary of this Section 8.

9. Effectiveness; Termination. For the avoidance of doubt, (a) this Agreement shall have no force or effect unless and until the Effective Time occurs, provided that it may not be revoked without the prior written consent of Buyer, unless the Craig Purchase Agreement is terminated for any reason, and (b) in the event the Craig Purchase Agreement is terminated for any reason, this Agreement shall automatically terminate, without any action of the Parties, and have no further force or effect.

10. Miscellaneous. The provisions of Section 8(a) through (c) of the Craig Consent Agreement are hereby incorporated by reference into this Agreement as if reproduced in full herein, mutatis mutandis, except to the extent that such provisions conflict with any term or provision expressly provided herein, in which case, such term or provision herein shall govern.
