TRADEMARK SECURITY AGREEMENT dated as of March 20, 2019 (this "Agreement"), among Dell Inc., a Delaware corporation, EMC Corporation, a Massachusetts corporation, Data Domain LLC, a Delaware limited liability company, Isilon Systems LLC, a Delaware limited liability company, Wyse Technology L.L.C., a Delaware limited liability company, Iomega LLC, a Delaware limited liability company, iWave Software, LLC, a Texas limited liability company and RSA Security LLC, a Delaware limited liability company (each, a "Grantor" and collectively, the "Grantors") and The Bank of New York Mellon Trust Company, N.A., as Collateral Agent (in such capacity, the "Notes Collateral Agent").

Reference is made to (a) the Indenture, dated as of March 20, 2019, among Dell International L.L.C., a Delaware limited liability company ("Dell International"), EMC Corporation, a Massachusetts corporation ("EMC" and, together with Dell International, the "Issuers"), the Guarantors and The Bank of New York Mellon Trust Company, N.A., in its capacity as Trustee on behalf of the Holders of the Notes and Notes Collateral Agent (as from time to time amended, restated, supplemented or otherwise modified, the "Indenture") and (b) the Security Agreement, dated as of March 20, 2019 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Issuers, the other grantors from time to time party thereto and the Notes Collateral Agent. The Grantors are Affiliates of the Issuers and will derive substantial benefits from the execution, delivery and performance of the obligations under the Indenture and the Notes and each is, therefore, willing to enter into this Agreement. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement or the Indenture, as applicable. The rules of construction specified in Section 1.01(b) of the Security Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Secured Obligations, the Grantor hereby grants to the Notes Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest (the "Security Interest") in all of such Grantor's right, title and interest in, to and under any Trademarks now owned or at any time hereafter acquired by such Grantor, including those listed on Schedule I (the "Trademark Collateral").

SECTION 3. Security Agreement. The Security Interest granted to the Notes Collateral Agent herein is granted in furtherance, and not in limitation, of the security interests granted to the Notes Collateral Agent pursuant to the Security Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of the Notes Collateral Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 4. Counterparts. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original but all of which when taken together shall constitute a single contract. Delivery of an

executed signature page to this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually signed counterpart of this Agreement.

SECTION 5. Governing Law. This Agreement shall be construed in accordance with and governed by the law of the State of New York.

[Remainder of this page intentionally left blank]

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the day and year first above written.
