The Lender has agreed to extend credit to the Borrowers subject to the terms and conditions set forth in the Credit Agreement. The Grantor is willing to execute and deliver this Agreement in order to induce the Lender to enter into the Credit Agreement, the Security Agreement and certain other Loan Documents (as defined in the Credit Agreement). Accordingly, the parties hereto agree as follows:

(1) Terms.

Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement or the Credit Agreement, as applicable.

(2) Grant of Security Interest.

To secure the prompt payment and performance, in full when due of the Secured Obligations, the Grantor hereby grants to the Lender, on behalf of and for the benefit of the Secured Parties, a security interest (the "**Security Interest**") in all of the Grantor's right, title and interest in, to and under Collateral consisting of any Intellectual Property arising under the laws of the United States or Canada now owned or at any time hereafter acquired by the Grantor, including those registered or applied for Trademarks listed on Schedule A, Patents listed on Schedule B, and Copyrights listed on Schedule C; *provided that* no security interest is granted in any intent-to-use trademark applications or patent applications filed in the United States Patent and Trademark Office to the extent that, and solely during the period in which the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications or patent applications under applicable Requirements of Law (collectively, the "**Intellectual Property Collateral**"). The Grantor (a) authorizes and requests that the Commissioner for Trademarks of the United States Patent and Trademark Office record this Agreement, and (b) authorizes and agrees that the Lender may record this Agreement with the United States Patent and Trademark Office, the United States Copyright Office and the Canadian Intellectual Property Office.

(3) Security Agreement.

The Security Interest granted to the Lender herein is granted in furtherance, and not in limitation, of the security interests granted to the Lender pursuant to the Security Agreement. The Grantor

hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the Intellectual Property Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. If the Grantor shall obtain rights to any new Intellectual Property Collateral, the provisions of Sections 2 and 3 hereof shall automatically apply thereto as if the same were identified on Schedules A, B and/or C attached hereto and made a part hereof as of the date hereof and the Grantor shall give the Lender prompt written notice thereof. The Grantor hereby authorizes the Lender to modify this Agreement by amending Schedules A, B and/or C to include any future Intellectual Property Collateral as contemplated by Section 2 and this Section 4 and, at the Lender's request, the Grantor shall execute any documents or instruments reasonably required by the Lender in order to modify this Agreement as provided in this Section 4, *provided that* any such modification to Schedules A, B and/or C shall be effective without the signature of the Grantor. The Grantor hereby acknowledges that the Lender may refile or re-record this Agreement with the United States Patent and Trademark Office and the United States Copyright Office, together with any such modification to Schedules A, B and/or C.

(5) Event of Default.

The Grantor shall also execute and deliver to the Lender the Assignment in substantially the form of Exhibit A, which Assignment shall have no force and effect and shall be held by the Lender in escrow until the occurrence of an Event of Default beyond any applicable cure periods; *provided that*, anything herein to the contrary notwithstanding, the Security Interest granted herein shall be effective as of the date of this Agreement. After the occurrence and continuation of an Event of Default beyond any applicable cure periods, the Assignment shall take effect immediately upon certification of such fact by an authorized officer of the Lender in such Assignment and upon written notice to the Grantor, and thereafter the Lender may, in its discretion, record the Assignment with the United States Patent and Trademark Office.

(6) Counterparts.

This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original but all of which when taken together shall constitute a single contract. Delivery of an executed signature page to this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually signed counterpart of this Agreement.

(7) Termination.

Upon the termination of the Security Agreement in accordance with its terms, or any disposition of the Intellectual Property Collateral in a transaction permitted under the Credit Agreement, following a written request therefor, the Lender shall execute, acknowledge, and deliver to the Grantor (at the Grantor's sole expense) an instrument in writing in recordable form evidencing such release and take any other actions reasonably requested by the Grantor to effect such release.

(8) Governing Law.

This Agreement is made under and shall be governed by and construed in accordance with the internal laws (and not the law of conflicts) of the State of Ohio, but giving effect to federal laws applicable to national banks.
