**AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT**

This AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT, dated as of June 19, 2019 (as amended, restated or otherwise modified, this “Trademark Security Agreement”), by and among **EACH OF THE UNDERSIGNED**, whether as an original signatory hereto or a Person who from time to time becomes an additional grantor (each, a “Grantor” and collectively, the “Grantors”), and **BANK OF AMERICA, N.A.**, in its capacity as agent for the Secured Parties (together with any successors and assigns thereto in such capacity, the “Agent”).

**W I T N E S S E T H:**

WHEREAS, Grantors are party to that certain Loan, Guaranty and Security Agreement, dated as of February 3, 2016 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Agreement”), by and among each of the Grantors party thereto from time to time and the Agent, pursuant to which the Grantors are required to execute and deliver a trademark security agreement;

WHEREAS, certain of the Grantors are party to that certain Trademark Security Agreement, dated as of February 3, 2016 (as amended prior to the date hereof, the “Original Trademark Security Agreement”);

WHEREAS, pursuant to that certain Joinder and Amendment No. 3 to Loan, Guaranty and Security Agreement of even date herewith (the “Third Amendment”) by and among Grantors, the Agent and Lenders, the Lenders have agreed to continue to make certain financial accommodations available to Borrowers from time to time pursuant to the terms and conditions thereof;

WHEREAS, in order to induce the Agent and the Lenders to enter into the Third Amendment and the other Loan Documents executed and delivered in connection therewith and the Lenders to continue to make financial accommodations to Borrowers as provided for in the Third Amendment, the Agreement and the other Loan Documents, each Grantor has agreed to ratify and reaffirm the grant to Agent, for the benefit of the Secured Parties, of the continuing security interest in and to the Trademark Collateral (as defined herein), contained in the Original Trademark Security Agreement, in order to secure the prompt and complete payment, observance and performance of, among other things, the Secured Obligations;

NOW, THEREFORE, in consideration of the premises and to induce the Secured Parties to enter into the Agreement, the Grantors hereby agree with the Agent, as follows:

**SECTION 1. Defined Terms.** All capitalized terms used herein (including in the preamble and recitals hereto) and not otherwise defined herein, shall have the meanings ascribed thereto in the Agreement or the Third Amendment, as applicable. Grant of Security Interest in Trademark Collateral. As collateral security for the Secured Obligations, each Grantor hereby (a) ratifies, restates, and confirms the continuing security interest granted in favor of the Agent in the Trademark Collateral (as defined in the Original Trademark Security Agreement), for the benefit of the Secured Parties pursuant to the Original Trademark Security Agreement and (b) pledges and grants to the Agent, for the benefit of the Secured Parties, a security interest in and continuing Lien

on all of such Grantor's right, title and interest in, to and under the following property of such Grantor, in each case whether now owned or existing or hereafter created or acquired or arising and wherever located (all of which being hereinafter collectively referred to as the "Trademark Collateral"): all United States and foreign trademarks, trade names, corporate names, company names, business names, fictitious business names, Internet domain names, service marks, certifications marks, collective marks, logos, other source or business identifiers, designs and general intangibles of a like nature, all registrations and applications for any of the foregoing, including, without limitation, the registrations and applications referred to on Schedule I hereto (collectively, "Trademarks") provided, that, the Trademark Collateral shall not include any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability, or result in the abandonment, voiding or cancellation, of such intent-to-use, trademark applications under applicable federal law, it being understood that upon submission and acceptance by the PTO of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall be considered Trademark Collateral;

(b) any and all agreements providing for the granting of any right in or to Trademarks (whether such Grantor is licensee or licensor thereunder) including, without limitation, those referred to on Schedule I hereto (collectively, "Trademark Licenses");

(c) all extensions or renewals of the foregoing;

(d) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark License;

(e) all rights to sue for past, present and future infringement or dilution of any of the foregoing or for any injury to goodwill; and

(f) all Proceeds of the foregoing, including, without limitation, licenses, royalties, income, payments, claims, damages, and proceeds of suit.

SECTION 3. Security Agreement. The security interests and Liens granted pursuant to this Trademark Security Agreement are granted in conjunction with the security interest granted to the Agent for the Secured Parties pursuant to the Agreement and each Grantor hereby acknowledges and affirms that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Agreement (the terms and provisions of which are incorporated by reference herein as if fully set forth herein). In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Agreement, the provisions of the Agreement shall control. Applicable Law. This Trademark Security Agreement and the rights and obligations of the parties hereunder shall be governed by, and shall be construed and enforced in accordance with, the laws of the State of California. Counterparts. This Trademark Security Agreement may be executed in any number of

counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.

SECTION 6. Amendment and Restatement. This Trademark Security Agreement amends and restates in its entirety the Original Trademark Security Agreement.

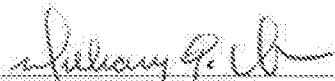

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, each Grantor has caused this Trademark Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.

Goods/Services

Notebook computer carrying cases; carrying cases and containers for notebook computers, tablet computers, media tablets, personal digital assistant devices (pda's), handheld computers, and electronic book readers; cases, formed fabric covers, bags, carrying bags, protective bags, backpacks, handbags, shoulder bags, valises, hold-alls, traveling bags, rolling cases, slip cases, protective sleeves, wallets and pouches, all specifically fitted for carrying portable electronic apparatus, equipment, and accessories, namely, notebook computers, tablet-style notebook computers, media tablets, electronic book readers, printers, cameras, cellular phones, personal digital assistant devices (pda's), portable cd players, portable dvd players, mp3 or digital music players, and handheld computers; carrying cases for notebook computers; notebook computers; tablet-style notebook computers; and electronic book readers; specifically designed to convert to provide a lap desk-style work space; carrying cases for notebook computers; notebook computers; tablet-style notebook computers; and electronic book readers; which include a built-in cleaning cloth incorporated into the carrying case; straps for computer carrying cases; power adapters for notebook computers; power adapters for notebook computers; power adapters for tablet-style computers; power adapters for electronic book readers; plug adapters; screen protectors for electronic devices in the nature of flexible plastic film shields; computer privacy screens in the nature of anti-glare and display protectors; computer styluses; wireless computer peripherals; wireless computer mice; wireless telephony apparatus; wireless computer docking stations; wireless electronics docking stations; wireless adapters for computers; video game controllers; wireless video game controllers; wireless remote controls for computers; wireless computer and video display remote controls; power inverters; retractable electrical and connecting cord reels and electrical and connecting cord storage devices; computer peripherals; computer keyboards; computer disk drives; external computer hard drives; audio hubs for computers; namely, multiple port usb audio adapters which plug into a computer and connect with audio speakers for improved audio performance; optical storage disc drives; digital memory cards; memory card readers; computer mice; computer stands specifically designed for holding notebook computers; computer stands incorporating cooling fans and usb ports specifically designed for holding notebook computers; notebook computers; tablet-style notebook computers; and electronic book readers; mobile computing accessories; namely, docking stations; usb hubs; and adapter cables; wireless mobile computing accessories; namely, wireless connectors, connectors and plugs in the nature of receivers and transmitters that are used to wirelessly connect computers and computer peripherals; accessories for mp3 portable listening devices, namely, wireless remote controls, support stands specifically designed for holding mp3 players; and fm frequency transmitters; cellular phone accessories; namely, headsets, power chargers; computer network apparatus; namely, wireless computer component connection hubs that are used to wirelessly connect computers and computer peripherals and usb hubs; electrical and telephone cables and cords; and connection cables; cable management apparatus; in the nature of cable reels, for organizing electrical cables, telephone cables, usb cables, ethernet cables, and computer cables; electrical power supplies; security apparatus; namely, electronic locks; security apparatus; namely, electronic locks for laptop computers; theft prevention devices; namely, audible theft alarms; batteries; rechargeable electric batteries; battery chargers; digital camera kits, comprising one or more of a camera tripod, digital memory cards, and carrying case; accessories for cameras, digital cameras and camcorders; namely, tripods, telephoto and wide angle camera lenses, lens adaptor tubes which allow users to connect lenses and lens filters of different sizes, lens protectors in the nature of a lens cap for use in protecting lenses from scratches, lens protectors in the nature of plastic film shields, camera flashes, camera neck straps, and uv camera filters; uv filter kits, comprising one or more of uv camera filters, camera lens caps, lens adaptor tube, which allow users to connect lenses and lens filters of different sizes, lens protectors in the nature of a lens cap for use in protecting lenses from scratches, and cases to hold camera filters; camera accessory kits, comprised primarily of camera lenses, lens filters, lens adaptor tubes which allow users to connect lenses and lens filters of different sizes, lens protectors in the nature of a lens cap for use in protecting lenses from scratches, lens cleaning cloths, tripods, wrist straps, neck straps, camera flashes, batteries, battery chargers, digital memory cards, digital memory card readers, and cases to hold the
