OF
GRANT OF SECURITY INTEREST
IN
TRADEMARKS

United States Patent and Trademark Office

Ladies and Gentlemen:

Please be advised that (a) pursuant to the Security Agreement dated as of December 22, 2016 (as amended, modified, extended, restated, replaced, or supplemented from time to time, the "Security Agreement"), by and among the Obligors party thereto (each an "Obligor" and collectively, the "Obligors") and Wells Fargo Bank, National Association, as Administrative Agent (the "Administrative Agent") for the secured parties referenced therein (the "Secured Parties"), the undersigned Obligor has granted a continuing security interest in and continuing lien upon (i) the trademarks and trademark applications shown on Schedule 1 attached hereto and (ii) the trademark licenses of such Obligor (the "Trademarks") to the Administrative Agent for the ratable benefit of the Secured Parties and (b) the undersigned hereby grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a continuing security interest in, and a right to set off against, any and all right, title and interest of such Obligor in and to the Trademarks. Notwithstanding the foregoing, no Lien on or security interest in shall be deemed granted in any Trademark applications to the extent that, and solely during the period in which, the grant, attachment or enforcement of a Lien or security interest therein would impair the validity or enforceability of such intent-to-use applications under federal law.

The Obligors and the Administrative Agent, on behalf of the Secured Parties, hereby acknowledge and agree that the security interest in the Trademarks (i) may only be terminated in accordance with the terms of the Security Agreement and (ii) is not to be construed as an assignment of any Trademark.
