## INTELLECTUAL PROPERTY SECURITY AGREEMENT

WHEREAS, Britax Excelsior Limited, a private limited company incorporated in England and Wales with registration number 00294545, Britax Childcare Group Limited, a private limited company incorporated in England and Wales with registration number 04940417 and Britax Childcare Holdings Limited, a private limited company incorporated in England and Wales with registration number 05545515 (collectively, the “Chargors”) own their respective Intellectual Property Collateral (as defined below);

WHEREAS, pursuant to (i) a Debenture dated as of January 9, 2020 (as amended, supplemented or otherwise modified from time to time, the “Debenture”) (all capitalized terms used but not defined herein shall have the meanings specified in the Debenture) entered into between, among others, the Chargors and the Security Agent and (ii) certain other documents related thereto (including this Intellectual Property Security Agreement, referred to herein as this “IP Security Agreement”), each of the Chargors secured the Secured Obligations by granting to the Security Agent as security agent for the Secured Parties (as defined in the Intercreditor Agreement) a continuing security interest in personal property of each Chargor, including all right, title and interest of each Chargor in, to and under its Intellectual Property Collateral (as defined below);

WHEREAS, under the terms of the Debenture, the Chargors agreed thereunder to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office and/or the United States Copyright Office, as applicable;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Chargor grants to the Security Agent, to secure the Secured Obligations, a continuing security interest in all of the Chargor’s right, title and interest in, to and under the Material Intellectual Property owned by it, whether now owned or existing or hereafter acquired or arising (the “Intellectual Property Collateral”), including:

- (i) all U.S. patents and patent applications set forth in Schedule 1 hereto and all reissues, continuations, divisions, continuations-in-part, reexaminations, supplemental examinations, *inter partes* reviews, renewals or extensions thereof, all goodwill associated therewith and the inventions disclosed or claimed therein (the “Patents”);
- (ii) all U.S. trademarks, trademark applications, service marks, domain names, trade dress, logos, designs, slogans, trade names, business names, corporate names and other source identifiers, whether registered or unregistered, set forth in Schedule 2 hereto (provided that no security interest shall be granted in any intent-to-use trademark applications filed in the United States Patent and Trademark Office, prior to the accepted filing of a “Statement of Use” and issuance of a “Certificate of Registration” pursuant to Section 1(d) of the Lanham Act or an accepted filing of an “Amendment to Allege Use” whereby such intent-to-use trademark application is converted to a “use in commerce” application pursuant to Section 1(c) of the Lanham Act), together, in each case, with the goodwill symbolized thereby (the “Trademarks”);
- (iii) all proceeds of and revenues from the foregoing, including, without limitation, all proceeds of and revenues from any claim by a Chargor against third parties for past, present or future unfair competition with, or violation of, intellectual property rights in connection with any injury to, or infringement or dilution of any Patent, or Trademark owned by a Chargor (including, without limitation, any Patent and Trademark

identified in Schedule 1 and Schedule 2 hereto) or for the goodwill associated with any of the foregoing; and

(iv) any and all Related Rights of or arising from any of the foregoing.

The foregoing security interests are granted in conjunction with the security interests granted by the Chargors to the Security Agent pursuant to the Debenture. The Chargors acknowledge and affirm that the rights and remedies of the Security Agent with respect to the security interest in the Intellectual Property Collateral granted hereby are more fully set forth in the Debenture, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York. Each party hereto agrees that any suit for the enforcement of this IP Security Agreement may be brought in the courts of the State of New York or any federal court sitting therein and consents to the non-exclusive jurisdiction of such court and to service of process in any such suit being made upon a Chargor by mail at the address specified in the Debenture. Each party hereto hereby waives any objection that it may now or hereafter have to the venue of any such suit or any such court or that such suit is brought in an inconvenient court.

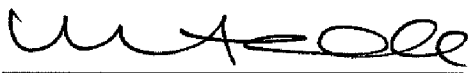

This IP Security Agreement may be executed in two or more separate counterparts, each of which shall constitute an original and all of which shall collectively and separately constitute one and the same agreement.

In case of any inconsistencies between the terms of this IP Security Agreement and those of the Debenture, the Debenture shall prevail.

*[Remainder of page left blank intentionally; signatures follow.]*

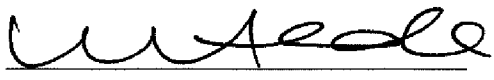

IN WITNESS WHEREOF, intending to be legally bound, each party hereto has caused this IP Security Agreement to be duly executed as of the date first above written.
