TRADEMARK SECURITY AGREEMENT

TRADEMARK SECURITY AGREEMENT, dated as of March 30, 2020 (this “Agreement”), between QUICK FITTING, INC., a Rhode Island corporation (“Grantor”), and JPMORGAN CHASE BANK, N.A., a national association (“JPM”).

RECITALS

A. Grantor has entered into that certain Credit Agreement, dated as of August 16, 2019 (as amended, restated or otherwise modified from time to time, the “Credit Agreement”) by and between Grantor, as borrower, and JPM, as lender.

B. Pursuant to the terms of the Credit Agreement, Grantor has entered into an Amended and Restated Continuing Security Agreement, dated as of March 30, 2020 (as amended, restated or otherwise modified from time to time, the “Security Agreement”; the capitalized terms used herein being used as defined therein, unless otherwise defined herein) between Grantor and JPM.

C. Pursuant to the terms of the Security Agreement, Grantor has granted to JPM a security interest in, among other property, certain intellectual property of the Grantor, and has agreed to execute and deliver this Agreement for recording with national, federal and state government authorities, including, but not limited to, the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the promises contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Grantor grants and pledges to JPM to secure the payment and performance in full of all of Grantor’s obligations under the Credit Agreement, a security interest in and so pledges and assigns to JPM the Trademark Collateral and Licensed Rights, including, without limitation, those Trademarks, Trademark applications and Trademark Licenses listed on Schedule I hereto and including, without limitation, all proceeds thereof (such as, by way of example but not by way of limitation, the right to sue for past, present and future infringements and all rights corresponding thereto throughout the world).

2. This security interest is granted in conjunction with the security interest granted to JPM under the Security Agreement. The rights and remedies of JPM with respect to the security interest granted hereby are in addition to those set forth in the Security Agreement, Credit Agreement and other loan documents related thereto, and those which are now or hereafter available to JPM as a matter of law or equity. Each right, power and remedy of JPM provided for herein or in the Security Agreement, Credit Agreement or other loan documents related thereto, or now or hereafter existing at law or in equity, shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by JPM of any one or more of the rights, powers or remedies provided for in this Agreement, the Security Agreement, the Credit Agreement or other loan documents related thereto, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person of

any or all other rights, power or remedies. This Agreement shall constitute a Related Document as defined in the Credit Agreement.

This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or in electronic (i.e., "pdf" or "tif") format shall be effective as delivery of a manually executed counterpart of this Agreement.
