INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT (this “**IP Security Agreement Supplement**”) dated April 2, 2020, is made by the Person listed on the signature page hereof (the “**Grantor**”) in favor of Bank of America, N.A., as administrative agent (in such capacity, together with any successor Administrative Agent appointed pursuant to Article 8 of the Credit Agreement (as hereinafter defined) and assigns, the “**Administrative Agent**”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Exide Technologies, LLC, a Delaware limited liability company (f/k/a Exide Technologies, a Delaware corporation), has entered into that certain ABL Credit Agreement dated as of April 30, 2015 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Credit Agreement**”), with Bank of America, N.A., as Administrative Agent, the Lenders party thereto and certain other parties thereto.

WHEREAS, pursuant to the Credit Agreement, the Grantor and certain other Persons have executed and delivered that certain US Security Agreement dated April 30, 2015, made by the Grantor and such other Persons to the Administrative Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”). Terms defined in the Security Agreement and not otherwise defined herein are used herein as defined in the Security Agreement.

WHEREAS, under the terms of the Security Agreement, the Grantor has granted to the Administrative Agent, for the benefit of the Secured Parties, a security interest in the Collateral (as defined in Section 1 below) of the Grantor and has agreed as a condition thereof to execute this IP Security Agreement Supplement for recording with the United States Copyright Office, the United States Patent and Trademark Office and certain other Governmental Authorities in accordance with the Security Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Grant of Security. The Grantor hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a security interest in all of such Grantor’s right, title and interest in and to the following (the “**Collateral**”):

(i) all patents, patent applications, utility models and statutory invention registrations, all inventions claimed or disclosed therein and all improvements thereto together with all patentable inventions and other patent rights, including the patents and patent applications set forth in Schedule A hereto (the “**Patents**”);

(ii) all trademarks, service marks, uniform resource locators, domain names, trade dress, logos, designs, slogans, trade names, brand names, social media identifiers and accounts, business names, corporate names and other source identifiers, whether registered or unregistered, together, including the trademark and service mark registrations and applications set forth in Schedule B hereto (provided, that, no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a

security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby (the “**Trademarks**”);

(iii) all copyrights, including copyrights in computer software and all source code, object code, specifications, designs and documentation related thereto, internet web sites and the content thereof, whether registered or unregistered, including the copyright registrations and applications and exclusive copyright licenses set forth in Schedule C hereto (the “**Copyrights**”);

(iv) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(v) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(vi) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the foregoing or arising from any of the foregoing;

provided, that, notwithstanding any of the other provisions set forth in this Section 1 or in any other Loan Document, no Excluded Assets shall constitute Collateral under this IP Security Agreement Supplement and the security interest granted to the Administrative Agent pursuant to this IP Security Agreement Supplement shall not attach to any Excluded Assets. Proceeds of Excluded Assets shall be deemed Collateral, unless such proceeds would constitute property or assets of the type described in the definition of Excluded Assets.

SECTION 2. Security for Obligations. This IP Security Agreement Supplement and the security interest created hereby secure the prompt and complete payment and performance of all Secured Obligations of the Grantor. Without limiting the generality of the foregoing, this IP Security Agreement Supplement and the security interest created hereby secure, as to the Grantor, the payment of all amounts that constitute part of the Secured Obligations and would be owed by the Grantor or by the Company or any Subsidiary of the Company to any Secured Party under the Loan Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving the Company, the Grantor and other Subsidiaries of the Company. Notwithstanding anything to the contrary contained in this IP Security Agreement Supplement, “Secured Obligations” shall not include any Excluded Swap Obligations.

SECTION 3. Recordation. The Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents or Trademarks and any other applicable government officer to record this IP Security Agreement Supplement.

SECTION 4. Grants, Rights and Remedies. This IP Security Agreement Supplement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor

does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Administrative Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of a conflict between the terms of the Security Agreement and this IP Security Agreement Supplement, the terms of the Security Agreement shall govern and control.

SECTION 5. Governing Law. This IP Security Agreement Supplement shall be governed by, and construed in accordance with, the law of the State of New York, excluding its choice of laws rules (other than Section 5-1401 of the New York General Obligations Law).

SECTION 6. Intercreditor Agreement. Reference is made to the Amended and Restated Intercreditor Agreement, dated as of June 17, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “**Intercreditor Agreement**”), among (i) U.S. Bank National Association (“**U.S. Bank**”), in its capacity as trustee and Superpriority Lien Agent and in its capacity as Note Control Agent for the Note Secured Parties and the ABL Secured Parties (as such terms are defined therein), (ii) U.S. Bank, in its capacity as trustee and First Lien Agent for the First Lien Secured Parties (as defined therein) (iii) U.S. Bank, in its capacity as trustee and Second Lien Agent for the Second Lien Secured Parties (as defined therein) and (iv) Bank of America, N.A., in its capacities as administrative agent and collateral agent for the parties from time to time to the ABL Facility Agreement as lenders and certain other parties, and in its capacity as ABL Control Agent for the ABL Secured Parties and the Note Secured Parties. Notwithstanding anything herein to the contrary, the Liens and security interests granted to the Administrative Agent pursuant to this IP Security Agreement Supplement and the exercise of any right or remedy by the Administrative Agent hereunder, in each case, with respect to the Collateral are subject to the limitations and provisions of the Intercreditor Agreement. In the event of any inconsistency between the terms or conditions of this IP Security Agreement Supplement (other than Section 1 or Section 2 hereof) and the terms and conditions of the Intercreditor Agreement, the terms and conditions of the Intercreditor Agreement shall control.
