INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“**IP Assignment**”), dated as of March 30, 2020, is by and between Milacron LLC, a Delaware limited liability company (“**Milacron**”), Milacron Marketing Company LLC, a Delaware limited liability company (“**MMC**” and, together with Milacron, each, a “**Seller**” and collectively, the “**Sellers**”), and Dubois Chemicals, Inc., a Delaware corporation (“**Buyer**”), the purchaser of certain assets of Sellers pursuant to the Equity and Asset Purchase Agreement, dated as of March 20, 2020, by and between Milacron and Buyer (the “**Purchase Agreement**”).

WHEREAS, under the terms of the Purchase Agreement, Sellers have conveyed, transferred, and assigned to Buyer, among other assets, certain intellectual property of Sellers, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office and corresponding entities or agencies in any applicable jurisdictions.

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Sellers hereby irrevocably convey, transfer, and assign to Buyer, and Buyer hereby accepts, all of Sellers’ right, title, and interest in and to the following (the “**Assigned IP**”):

(a) the trademark registrations and applications set forth on Schedule 1 hereto and all issuances, extensions, and renewals thereof (the “**Trademarks**”), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(b) all other Intellectual Property Rights (other than Intellectual Property Rights that are owned or held for use by a member of the Subject Company Group) that exclusively relate to the Business;

(c) all rights of any kind whatsoever of Sellers accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(d) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(e) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Sellers hereby authorize the Commissioner for Trademarks in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Buyer. Following the date hereof, upon Buyer’s reasonable request, and at Buyer’s sole

cost and expense, Sellers shall take such steps and actions, and provide such cooperation and assistance to Buyer and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence, or perfect the assignment of the Assigned IP to Buyer, or any assignee or successor thereto.

3. Confusing Marks. Buyer, its affiliates, and each of Buyer's and its affiliates' respective officers, directors, agents, employees and all those acting in concert or participation with any of them, shall themselves and cause all other persons or entities under their control to not (i) use or register any trademarks, trade names, logos, service marks or business names that incorporate either the prefix "MIL" or the prefix "MILA," or that otherwise begin with the letters "MIL", other than the trademarks assigned to Buyer hereunder that begin with the letters "MIL" (the "**MIL Marks**") and (ii) as to the MIL Marks, expand the use or registration of the MIL Marks to include any goods, services or purpose beyond the goods, services and purpose for which the MIL Marks are used by the Subject Companies and the Subject Company Subsidiaries during the ninety (90) day period preceding the Closing.

4. Terms of the Purchase Agreement. The parties hereto acknowledge and agree that this IP Assignment is entered into pursuant to the Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Seller and Buyer with respect to the Assigned IP. The representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern. All capitalized terms used in this IP Assignment but not otherwise defined herein are given the meaning set forth in the Purchase Agreement.

5. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this IP Assignment delivered by e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

6. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
