WHEREAS, pursuant to each of the Credit Agreements, as applicable, the Lenders have severally agreed to make loans to the Borrowers upon the terms and subject to the conditions set forth therein;

WHEREAS, in connection with each of the Credit Agreements, each Grantor and any Subsidiaries that become a party thereto have executed and delivered a Security Agreement, dated as of August 27, 2020 in favor of the Collateral Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the “Security Agreement”); and

**EXECUTION VERSION**

1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Security Agreement.

2. Grant of Security Interest. Each Grantor hereby grants a security interest in all of Grantor's right, title and interest in, to and under the Trademark Collateral (including, without limitation, those items listed on Schedule A hereto), including the goodwill associated with such Trademarks and the right to receive all Proceeds therefrom (collectively, the "Collateral"), to the Collateral Agent for the benefit of the Secured Parties as collateral security for payment and performance when due of the Secured Obligations; provided that, applications in the United States Patent and Trademark Office to register Trademarks on the basis of Grantor's "intent to use" such Trademarks will not be deemed to be Collateral unless and until an amendment to allege use or a statement of use has been filed and accepted by the United States Patent and Trademark Office, whereupon such application shall be automatically subject to the security interest granted herein and deemed to be included in the Collateral.

3. Purpose. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and any applicable foreign equivalent offices (including the Intellectual Property Office of Ireland). The security interest granted hereby has been granted to the Secured Parties in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

4. Acknowledgment. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Collateral granted hereby are more fully set forth in the Credit Agreements and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern. In addition to its rights, protections, immunities, indemnities and reliances set forth herein, the Collateral Agent shall be afforded the same rights, protections, immunities, indemnities and reliances afforded to it under each Credit Agreement and the Intercreditor Agreement as if set forth herein *mutatis mutandis*.

5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.

6. Governing Law: This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.
