This IP Assignment Agreement (this “Agreement”) is entered into as of November 2, 2020 (the “Effective Date”), by and between Momentive Performance Materials Inc., a corporation organized under the laws of the state of Delaware, having its principal place of business at 260 Hudson River Road, Waterford, NY 12188 (“Assignor”), and Henkel IP & Holding GmbH, a company duly organized and existing under the laws of Germany, having its principal place of business at Henkelstraße 67, 40589 Düsseldorf, Germany (“Assignee”).

RECITALS

WHEREAS, Assignor is the owner of certain intellectual property rights consisting of domain names and social media handles, patents, and trademarks set out in Exhibits A, B, and C, respectively, of this Agreement; and

WHEREAS, Assignor, Assignee and certain other Persons are parties to that certain Asset Purchase Agreement, dated as of August 1, 2020 (as amended, the “Purchase Agreement”), and in connection therewith, Assignor has agreed to transfer and assign to Assignee all of Assignor’s right, title and interest in and to such intellectual property rights.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Definitions. In addition to any terms defined throughout this Agreement, when used in this Agreement, the following capitalized terms shall have the meanings indicated below:

1.1 “**Domain Names**” means the domain names and social media handles set out in Exhibit A of this Agreement.

1.2 “**Patents**” means the patents set out in Exhibit B of this Agreement, and all continuations, continuations-in-part, additions, divisions, renewals, extensions, or examinations and reissues thereof, but excluding any and all foreign counterparts of any of the foregoing outside of the Territory.

1.3 “**Territory**” means Mexico, Canada, the United States and its territories and possessions, Central America, and the Caribbean.

1.4 “**Trademarks**” means the trademarks and service marks set out in Exhibit C of this Agreement, and all reissues, extensions and renewals thereof, and registrations and applications for registration thereof, and all rights (including common law rights) and goodwill associated therewith, but excluding any and all foreign counterparts of any of the foregoing outside of the Territory.

2. Assignment. In accordance with the Purchase Agreement, Assignor hereby assigns to Assignee all of Assignor’s right, title and interest in and to the Domain Names, the Patents, and the Trademarks, together with all rights to causes of action and remedies related to the foregoing (including the right to sue for past, present or future infringement, misappropriation or violation

of rights related to the foregoing) (all of the foregoing are collectively referred to herein as the “Intellectual Property”).

3. Further Assurances. Upon Assignee’s request, Assignor will promptly take such actions as may be reasonably necessary to perfect the rights and interests of Assignee in and to the Intellectual Property, including the execution, delivery and filing of confirmatory assignments with and for applicable registrars (including the United States Patent and Trademark Office and its counterpart in other countries as applicable to the Patents and Trademarks).

4. Warranty. This assignment is subject only to those warranties related to the Intellectual Property that are expressly set forth in the Purchase Agreement. Any and all other warranties, including any implied warranties related to merchantability, fitness for a particular purpose or non-infringement, are hereby disclaimed and shall have no application to this Agreement and the assignments effected hereunder.

5. Miscellaneous.

5.1 Notices. All notices and other communications required or permitted hereunder shall be effective upon receipt and shall be in writing and may be delivered in person, by telecopy, electronic mail or overnight delivery service, in which event it may be mailed by first-class, certified or registered, postage prepaid, addressed to the party’s principal address.

5.2 Entire Agreement. This Agreement (including all Exhibits attached hereto), together with the Purchase Agreement (including all Exhibits and Annexes thereto), the Disclosure Letter and the Ancillary Agreements, embodies the entire agreement among the parties in relation to its subject matter, and supersedes in their entirety all prior contracts, agreements, arrangements, communications, discussions, representations and warranties, whether oral or written among the parties. In the event of any conflict between this Agreement and the Purchase Agreement, the Purchase Agreement will control.

5.3 Severability. Each section, subsection and lesser section of this Agreement constitutes a separate and distinct undertaking, covenant and/or provision hereof. In the event that any provision of this Agreement shall finally be determined to be unlawful, all such provisions shall be deemed severed from this Agreement, but every other provision of this Agreement shall remain in full force and effect, and in substitution for any such provision held unlawful, there shall be substituted a provision of similar import reflecting the original intent of the parties hereto to the extent permissible under law.

5.4 Waivers and Amendments. This Agreement may be amended or modified in whole or in part only by a writing which makes reference to this Agreement executed by the parties. The obligations of any party hereunder may be waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the party claimed to have given the waiver; provided, however, that any waiver by any party of any violation of, breach of, or default under any provision of this Agreement or any other agreement provided for herein shall not be construed as, or constitute, a continuing waiver of such provision, or a waiver of any other violation of, breach of or default under any other provision of this Agreement or any other agreement provided for herein.

5.5 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or other electronic imaging means (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, e.g., www.docusign.com) shall be effective as delivery of a manually executed counterpart of this Agreement.

5.6 Miscellaneous. The provisions of Sections 12.11, 12.15 and 12.16 of the Purchase Agreement shall apply hereto *mutatis mutandis*.
