CONFIRMATORY NOTICE  
OF  
INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This CONFIRMATORY NOTICE OF INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "Agreement") is executed as of October 5, 2020 by Kellogg North America Company, a Delaware corporation; Keebler Company, a Delaware corporation; and Famous Amos Chocolate Chip Cookie Company, L.L.C., a Delaware limited liability company ("Assignors"), providing notice of the assignment of Assigned IP Assets (as defined below) to Ferequity Inc., a Delaware corporation ("Assignee") dated July 28, 2019 (Assignors and Assignee are each hereinafter referred to as a "Party," and collectively, as the "Parties"). Capitalized terms used but not defined herein shall have the meanings ascribed thereto in the Purchase Agreement (as defined below).

WHEREAS, Kellogg Company, a Delaware corporation ("Seller") and Ferrero International S.A., a Luxembourg société anonyme ("Purchaser"), have entered into that certain Stock and Asset Purchase Agreement, dated as of March 31, 2019 (the "Purchase Agreement"), pursuant to which, on the terms and subject to the conditions set forth in the Purchase Agreement, Seller has agreed to, and to cause the other Seller Entities (including but not limited to Assignors), to, sell, assign, transfer and convey to Purchaser or one of more of its Affiliates (namely Assignee) at the Closing all of their right, title and interest in and to the Purchased Assets, including the Business Owned Intellectual Property within the United States (as well as all dependent possession and territories, including Puerto Rico) that, in each case, is not used primarily in, or held primarily for use in, the business, as conducted by Seller prior to the Closing, of developing, manufacturing, marketing, distributing and/or selling Fruit Snacks and Fruit Strips throughout the world (including the Business Owned Intellectual Property listed on Attachment A) (such Business Owned Intellectual Property, collectively, the "Assigned IP Assets"); and

WHEREAS, on July 28, 2019, Assignors and Assignee executed an Intellectual Property Assignment Agreement which assigned to Assignee, *inter alia*, the Assigned IP Assets (including the Business Owned Intellectual Property listed on its Attachment A which is the same attachment as is attached as this Agreement's Attachment A) (the "July 28, 2019 Assignment"); and

WHEREAS, on September 23, 2019, the Parties executed a document entitled Notice of Intellectual Property Assignment Agreement which was recorded in the Records of the United States Patent and Trademark Office at Reel 6751, Frame 940 against the United States applications for registration and registrations listed on Attachment A (the "September 23, 2019 Notice"); and

WHEREAS, the September 23, 2019 Notice clarified that to the extent the July 28, 2019 Assignment related to any "intent-to-use" federal application for registration of any Mark under Section 1(b) of the federal Lanham Act (15 U.S.C. §1051 et seq.), such assignment was to, and Assignee is, a successor to the business of the applicant, or portion thereof, to which such Mark pertains, if that business is ongoing and existing; and

WHEREAS, the Parties wish to replace the September 23, 2019 Notice with this Agreement, where Assignors hereby confirm the July 28, 2019 Assignment of all of

Assignors' right, title and interest in, to and under the Assigned IP Assets and the addition of the clarification stated in the previous Whereas Clause.

NOW, THEREFORE, in consideration of the mutual promises set forth in this Assignment and the Purchase Agreement and other good and valuable consideration, the adequacy and receipt of which are hereby acknowledged, the Parties hereby agree as follows:

1. **Transfer of Assigned IP Assets.** Assignors do hereby confirm that, pursuant to the July 28, 2019 Assignment, Assignors did irrevocably sell, assign, transfer, convey and deliver to Assignee and its successors and assigns, and Assignee did thereby acquire and accept, all of Assignors' right, title and interest in, to and under the Assigned IP Assets throughout the universe and all rights corresponding thereto, free and clear of all Liens, together with all goodwill appurtenant to any Marks included in the Assigned IP Assets, and all benefits, privileges, causes of action, common law rights, and remedies relating thereto throughout the world, including, without limitation, all of Assignors' rights to: (a) apply for and maintain all registrations, renewals and/or extensions of the Assigned IP Assets, (b) claim priority under United States law or international convention with respect to the Assigned IP Assets, (c) sue, counterclaim and otherwise bring actions and recover damages and payments for past, present, and future infringement, misappropriation, dilution or other violation of the Assigned IP Assets, and (d) grant licenses or other interests in or to the Assigned IP Assets. To the extent the July 28, 2019 Assignment related to any "intent-to-use" federal application for registration of any Mark under Section 1(b) of the federal Lanham Act (15 U.S.C. §1051 et seq), the Parties hereby acknowledge and agree that such assignment was to, and Assignee is, a successor to the business of the applicant, or portion thereof, to which such Mark pertains, if that business is ongoing and existing.

2. **Subject to Purchase Agreement.** Assignors and Assignee acknowledge and agree that the representations, warranties, covenants, indemnities, limitations and other terms contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the fullest extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

3. **Authorization.** Assignors do hereby authorize and request the (a) Register of Copyrights of the United States to record Assignee as assignee and owner of the entire right, title and interest in and to the copyrights included in the Assigned IP Assets (including those listed on Attachment A), and (b) Commissioners for Patents and Trademarks to record Assignee as assignee and owner of the entire right, title and interest in and to the Patents and Marks included in the Assigned IP Assets (including those listed on Attachment A).

4. **Electronic Transfer, Transfer Forms.** Assignors agree to cooperate with Assignee, at Assignors' cost, to promptly transfer the Internet Properties included in the Assigned IP Assets (including those listed on Attachment A) electronically from Assignors' account, as applicable, to Assignee's account (such that Assignee will be listed as the registrant of such domain names in the WHOIS database) and Assignors shall deliver all passwords, authorization codes or similar information necessary to transfer to Assignee all such Internet Properties.

5. **Further Assurances.** Assignors do hereby covenant and agree with Assignee to execute and deliver to Assignee and any successors, designees or assigns of Assignee at Assignee's cost such other and further instruments of sale, assignment, transfer, conveyance and delivery and all such further assurances, notices, releases, acquittances and other

documents, consents and waivers as may be necessary or reasonably requested by Assignee or any such successors, designees or assigns in order to put them in possession of or vest in them or confirm, evidence, perfect, maintain, enforce or protect their title to and right to use and enjoy the Assigned IP Assets, including, without limitation, all documents necessary to record in the name of Assignee, or any of Purchaser's other Affiliates designated by Assignee, the assignment of the Patents and Marks included in the Assigned IP Assets with the United States Patent and Trademark Office and the copyrights included in the Assigned IP Assets with the United States Copyright Office, and any transfer documents required by a domain name registrar or social media website.

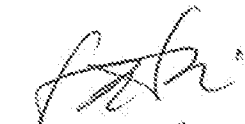

6. **Miscellaneous.** This Assignment shall be subject to all applicable provisions of Article XI of the Purchase Agreement.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be duly executed by their respective authorized officers as of the day and year first above written but effective as of the Closing Date.
