### BACKGROUND:

A. Pursuant to a Credit Agreement dated as of the Effective Date (as the same may be properly amended, restated, or supplemented from time to time, the “**Loan Agreement**”) between Lender and Craft Beverage Cooperative, LLC and CBC SubCo, Inc., as co-borrowers (collectively, the “**Borrower**”), Lender has agreed to make a loan to Borrower in the aggregate principal amount of \$6,000,000.00 U.S. (the “**Loan**”).

B. Grantor is entering into this Agreement in connection with, and as a condition precedent to, the making of the Loan to Borrower and Acknowledges that Grantor derives financial and other direct and indirect benefits from Lender making the Loan to Borrower.

C. Capitalized terms used but not defined in this Agreement will have the meanings ascribed to the terms in the Loan Agreement.

### AGREEMENT:

For good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

#### 1. **Security Interest Created; Obligations Secured.**

(i) In consideration for the Loan, Grantor grants to Lender, a security interest in and lien upon all of such Grantor’s Intellectual Property, whether now owned or in the future acquired, or in which it now has or at any time in the future may acquire any right, title, or interest, including all Intellectual Property in which it now has or at any time in the future may acquire any right, title or interest, including, without limitation, all recipes, processes, formulas, know-how, trade secrets, licenses, product labels, packaging, advertising, websites and other marketing materials, and all trademarks, patents, copyrights, domain names, and social media accounts listed on the attached **Exhibit A**, and any and all goodwill of such Grantor connected with the use of and symbolized by the trademarks.

(ii) This Agreement secures all payment and performance obligations (the “**Obligations**”) of Borrower, and any other applicable obligated or pledging party under the Loan Documents. The Obligations include all current and future payment and performance obligations and include all direct, indirect, fixed, contingent, primary, secondary, joint, several, and joint and several obligations.

2. **Grant of License.** Grantor hereby grants to Lender, an irrevocable, non-exclusive license (exercisable upon the occurrence and during the continuance of an Event of Default, without payment of royalty or other compensation to any Grantor) to use, license or sublicense any Intellectual Property now owned, licensed to, or hereafter acquired by any Grantor, including, without limitation, the trademarks listed on the attached **Exhibit A**, and wherever the same may be located, and including in such license access to all media in which any of the licensed items may be recorded or stored and to all computer software and programs used for the compilation or printout thereof, and represents, promises and agrees that any such license or sublicense is not and will not be in conflict with the contractual or commercial rights of any third Person; provided that such license will terminate on the cure of any such Event of Default or the payment in full of all Obligations and release of Lender’s security interest in the Collateral.

3. **Incorporation by Reference; Filing Purposes Only.** All of the terms and provisions of the Loan Agreement and the Guaranty are incorporated by reference into this Agreement. This Agreement is only intended to
