**AMENDED AND RESTATED  
INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This Amended and Restated Intellectual Property Security Agreement (this "Agreement") is entered into as of September 19, 2021 (the "Effective Date") by and among ORIX GROWTH CAPITAL, LLC, a Delaware limited liability company, as Administrative Agent for the Lenders described below (the "Administrative Agent"), COFENSE INC., a Delaware corporation, and COFENSE BIDCO CORPORATION, a Delaware corporation (each a "Grantor" and collectively, the "Grantors").

RECITALS

A. The Administrative Agent and the Lenders have agreed to make certain advances of money and to extend certain financial accommodations to Grantors in the amounts and manner set forth in that certain Amended and Restated Loan and Security Agreement by and among, the Administrative Agent, the Lenders and Grantors dated as of the date hereof (as the same may be amended, modified or supplemented from time to time, the "Loan Agreement"; capitalized terms used herein are used as defined in the Loan Agreement). The Lenders are willing to make the Loans to Grantors, but only upon the condition, among others, that Grantors shall grant to Administrative Agent a security interest in all of Grantors' Intellectual Property to secure the obligations of Grantors under the Loan Agreement.

B. Pursuant to the terms of the Loan Agreement, Grantors have granted to the Administrative Agent for the benefit of the Lenders a security interest in all of Grantors' right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral. The Collateral includes without limitation all Intellectual Property (including without limitation the Intellectual Property described herein).

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Loan Agreement, Grantors hereby represent, warrant, covenant and agree as follows:

AGREEMENT

1. To further evidence the security interest granted under the Loan Agreement, Grantors grant and pledge to Administrative Agent for the benefit of the Lenders a security interest in all of each Grantor's right, title and interest in, to and under its Intellectual Property (including without limitation those copyrights, patents and trademarks listed on Schedules A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof. Notwithstanding the foregoing, the Collateral shall not include any "intent-to-use" trademark at all times prior to the first use thereof, whether by the actual use thereof in commerce, the recording of a statement of use with the United States Patent and Trademark Office or otherwise, but only to the extent the granting of a security interest in such "intent-to-use" trademarks would be contrary to applicable law.
2. Each Grantor represents and warrants that as of the Effective Date (i) listed on Schedule A are all copyrights, software, computer programs, mask works, and other works of authorship owned or controlled by such Grantor which are registered with the United States Copyright Office, (ii) listed on Schedule B hereto are all trademark registrations and pending registrations owned or controlled by such Grantor which are registered with the United States Patent and Trademark Office, and (iii) listed on Schedule C are all patents and patent applications owned or controlled by such Grantor which are registered with the United States Patent and Trademark Office.
3. No Grantor shall, hereafter, register any mask works, software, computer programs or other works of authorship subject to United States copyright protection with the United States Copyright Office without first complying with the following: (i) providing the Administrative Agent with at least five (5) days

prior written notice thereof, (ii) providing the Administrative Agent with a copy of the application for any such registration and (iii) executing and filing such other instruments, and taking such further actions, as the Administrative Agent may reasonably request from time to time to perfect or continue the perfection of Administrative Agent's interest in the Collateral, including without limitation the filing with the United States Copyright Office, simultaneously with the filing by such Grantor of the application for any such registration, of a copy of this Agreement or a Supplement hereto in form acceptable to the Administrative Agent identifying the mask works, software, computer programs or other works of authorship being registered and confirming the grant of a security interest therein in favor of the Administrative Agent.

4. The security interest granted herein is granted in conjunction with the security interest granted to the Administrative Agent under the Loan Agreement. The rights and remedies of the Administrative Agent with respect to the security interest granted hereby are in addition to those set forth in the Loan Agreement and the other Loan Documents, and those which are now or hereafter available to the Administrative Agent as a matter of law or equity. Each right, power and remedy of the Administrative Agent provided for herein or in the Loan Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity, shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein, and the exercise by the Administrative Agent of any one or more of the rights, powers or remedies provided for in this Agreement, the Loan Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including the Administrative Agent, of any or all other rights, powers or remedies.
5. This Agreement may not be modified or amended, nor may any rights hereunder be waived, except in a writing signed by the parties hereto. This Agreement and all acts, transactions, disputes and controversies arising hereunder or relating hereto, and all rights and obligations of the Administrative Agent and each Grantor, shall be governed by, and construed in accordance with, the internal laws of the State of New York without regard to conflict of laws principles, provided that the Administrative Agent and the Lenders shall retain all rights arising under Federal law.
6. This Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, is an original, and all taken together, constitute one agreement.
