INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT is entered into as of October 22, 2021 (as amended, restated, supplemented or otherwise modified from time to time, this “IP Security Agreement Supplement”), by Bardy Diagnostics, Inc., a Delaware corporation (the “Grantor”), in favor of JPMorgan Chase Bank, N.A., a national banking association, in its capacity as collateral agent for itself and for the other Secured Parties (in such capacity, the “Agent”).

Reference is made to that certain Pledge and Security Agreement, dated as of August 30, 2019 (as amended, restated, supplemented or otherwise modified from time to time and in effect on the date hereof, the “Security Agreement”), by and among the Loan Parties party thereto and the Agent. The Lenders (as defined in the Credit Agreement (as defined below)) have extended credit to the Borrowers (as defined in the Credit Agreement) subject to the terms and conditions set forth in that certain Credit Agreement, dated as of August 30, 2019 (as amended, restated, supplemented or otherwise modified from time to time and in effect on the date hereof, the “Credit Agreement”), by and among Hill-Rom Holdings, Inc., an Indiana corporation, as Lead Borrower, Welch Allyn, Inc., a New York Corporation, as Co-Borrower, the lenders from time to time party thereto (the “Lenders”) and the Agent, amongst others. Consistent with the requirements set forth in Section 5.12 of the Credit Agreement and Section 4.7 of the Security Agreement, the Grantor has become party to that certain Intellectual Property Security Agreement, dated as of August 30, 2019 (as amended, restated, supplemented or otherwise modified from time to time and in effect on the date hereof, the “IP Security Agreement”). Under the terms of the Security Agreement, the Grantor has granted to the Agent, on behalf of and for the benefit of the Secured Parties, a security interest in all of its right, title and interest in and to the Additional IP Collateral (as defined below) and have agreed, consistent with the requirements of Section 4.8 of the Security Agreement, to execute and deliver this IP Security Agreement Supplement. Now, therefore, the parties hereto agree as follows:

SECTION 1. **Terms.** Capitalized terms used in this IP Security Agreement Supplement and not otherwise defined herein have the meanings specified in the Security Agreement.

SECTION 2. **Grant of Security Interest.** The Grantor, pursuant to the Security Agreement, hereby grants to the Agent, on behalf of and for the benefit of the Secured Parties, a security interest in all of its right, title and interest, whether owned or hereafter acquired, in and to all of the following (collectively, the “Additional IP Collateral”):

- A. the Trademark registrations and registration applications in the United States Patent and Trademark Office listed on Schedule I hereto;
- B. the issued Patents and pending applications for Patents in the United States Patent and Trademark Office listed on Schedule II hereto; and
- C. all proceeds of the foregoing;

in each case to the extent the foregoing items constitute Collateral, it being expressly understood and agreed that the term “Collateral” (and any component definition thereof) and the term Additional IP Collateral shall expressly not include (and no security interest shall be granted

hereunder in or to) any Excluded Property (as defined in the Credit Agreement), including any trademark applications filed in the United States Patent and Trademark Office on the basis of the applicant's intent-to-use such trademark unless and until evidence of use of the trademark has been filed with, and accepted by, the United States Patent and Trademark Office pursuant to Section 1(c) or Section 1(d) of the Lanham Act (15 U.S.C. § 1051, et seq.).

SECTION 3. *Security Agreement.* The security interests granted to the Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Agent pursuant to the Security Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of the Agent with respect to the Additional IP Collateral are more fully set forth in the Security Agreement and the IP Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement Supplement and the Security Agreement or IP Security Agreement, the terms of the Security Agreement or IP Security Agreement, as applicable, shall govern.

SECTION 4. *Governing Law.* THIS IP SECURITY AGREEMENT SUPPLEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAW OF THE STATE OF NEW YORK.

SECTION 5. *Counterparts.* This IP Security Agreement Supplement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this IP Security Agreement Supplement by facsimile, by email as a ".pdf" or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart of this IP Security Agreement Supplement. The words "execution," "signed," "signature," "delivery," and words of like import in or relating to any document to be signed in connection with this IP Security Agreement Supplement and the transactions contemplated hereby shall be deemed to include Electronic Signatures, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

[Signature Page Follows]

IN WITNESS WHEREOF, the party hereto has duly executed this IP Security Agreement Supplement as of the date first above written.
