INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment (the "Assignment") effective April 1, 2022, is entered into by and between Tenneco Automotive Operating Company Inc., a Delaware corporation, with an address of 500 N. Field Drive, Lake Forest, IL 60045 (the "Assignor"), and DRiV Automotive Inc., a Delaware corporation, 27300 West 11 Mile Road, Southfield, MI 48034 (the "Assignee"), each of Assignor and Assignee a subsidiary of Tenneco Inc.

WHEREAS, Assignor owns intellectual property including the trade names, trademarks and registrations identified on the attached Schedule A (the "Marks"), the patents and patent applications identified on the attached Schedule B (the "Patents"), and works of authorship, trade secrets, inventions, discoveries, know-how, data, trademarks, trade dress, domain names, and all other intellectual property rights associated with Tenneco Inc.'s business segment referred to prior to August 1, 2019, as Ride Performance, including the business lines referred to as Ride Control and Aftermarket (collectively the "Ride Performance Business"), along with the Marks and the Patents together referred to herein as the "Intellectual Property";

WHEREAS, Assignor and Assignee executed a Contribution and Asset Transfer Agreement dated August 1, 2019, whereby Assignor contributed, assigned, transferred, conveyed and delivered to Assignee all of Assignor's right, title and interest in and to certain assets used in the Ride Performance business, excluding the Intellectual Property;

WHEREAS, Assignor, since execution of the Contribution and Asset Transfer Agreement, has held all of Assignor's right, title and interest in and to the Intellectual Property for the benefit of Assignee, Assignee has used and sub-licensed the Intellectual Property under implied license from Assignor, and Assignee has received royalties from sub-licensees for sub-licensees use of the Intellectual Property;

WHEREAS, Assignor now desires to convey, transfer and assign to Assignee all of its interest in the Intellectual Property; and

WHEREAS, Assignee desires to acquire the Intellectual Property, including the Marks and all intellectual property rights therein, including the goodwill of the business associated therewith, and the Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignment. Assignor hereby assigns, transfers and conveys to Assignee the Assignor's right, title and interest in and to:
 - (a) the Marks and all intellectual property rights therein, including all common-law rights therein and all registrations and applications therefor identified on Schedule A, together with the goodwill of the business symbolized thereby;
 - (b) the Patents identified on Schedule B and any non-provisionals, divisions, reissues, continuations, continuations in-part, reexaminations, substitutions, renewals, and/or extensions thereof respectively, including the right of Assignee, its successors, assigns or other legal representatives to make applications and to receive patents and applications for the inventions and discoveries therein in any and all foreign countries/regions in its name, at its election, and all rights of priority in and to the Patents and inventions and discoveries therein to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its legal representatives, successors and assigns to the full end of the term of the Patents which may be granted on the inventions as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not be made; and
 - (c) all works of authorship, trade secrets, inventions, discoveries, know-how, data, trademarks, trade dress, domain names, and all other intellectual property rights included in the Intellectual Property, including without limitation all patent, trade secret, copyright and other artistic, literary and moral rights, database, mask work, trademark, service mark, trade dress right and domain name rights and all goodwill associated therewith, and all other intellectual property and proprietary rights, in any of the foregoing.

This Assignment shall include all rights which Assignor has enjoyed, including any and all rights of recovery based on past, present or future infringements or other uses thereof and the right to initiate other proceedings before all government and administrative bodies with respect to the Marks, the Patents, and the Intellectual Property.

2. Additional Assignments. The Assignor agrees that upon request by Assignee, Assignor shall execute all papers, make all rightful oaths, testify on behalf of Assignee, and do other lawful acts necessary to carry out the intent of this Assignment at Assignee's expense and request, as well as provide such documents, material, information, or assistance as Assignee may consider necessary.
3. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of Delaware applicable to agreements made and to be performed within the State of Delaware, without giving effect to any choice or conflict of law provision or rule.

4. Binding Effect. This Agreement and all of the provisions hereof will be binding upon and will inure to the benefit of the parties hereto and their respective successors and permitted assigns.
