Whereas, under the terms of the Security Agreement, the Grantor has granted to the Administrative Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantor, and has agreed as a condition thereof to execute this Trademark Security Agreement for recording with the United States Patent and Trademark Office, state or provincial trademark offices and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Terms. Terms used herein but not defined shall have the meaning assigned to them in the Credit Agreement or the Security Agreement, as applicable.

SECTION 2. Grant of Security Interest. As security for the payment or performance, and satisfaction of the Secured Obligations, the Grantor hereby grants to the Administrative Agent, its successors and assigns, for the benefit of the Secured Parties, a lien on and continuing security interest in and to all of the Grantor’s right, title and interest in, to and under the Trademarks, whether now owned or at any time hereafter acquired by the Grantor or that the Grantor now has or at any time in the future may acquire, including the Trademarks set forth on Schedule A attached hereto; provided that no security interest is granted in any Excluded Property (as defined in the Security Agreement) (including any intent-to-use trademark application prior to the filing and acceptance by the Applicable IP Office of a “Statement of Use” or “Amendment to Allege Use” with respect thereto, to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application under applicable federal law).
